

PTS Council

Minutes

March 10, 2008

The meeting began at 2 pm with an open forum with PTS employees from North Campus. Student services employees were asking about the overtime hours that they are assigned to work at the beginning of each term. I explained to them that non-exempt employees are due time and a half over forty hours and if their supervisor does not allow them to take this comp time within 90 day they are allowed to submit documentation and be paid as per Candace Hunter. We also discussed a four day work week to help with the cost of gas. We also discussed what the new Health care benefits would be if they are passed by faculty. The meeting stayed as an open forum and ended at 4 pm.
