

## PTS COUNCIL MEETING

Monday, May 5, 2008

1. Total Rewards Update
2. Rules for PTS Award Selection

It was decided to wait until new members were chosen to discuss and tighten up the selection process for these awards. It was decided however, that without job descriptions (or saying "see HR") or late submissions would not be considered. One of the other items to be considered was do we accept only permanent PTS employees as opposed to temporary.

3. President's Cabinet update

Judy will bring up to the cabinet, again, the discussion of a 4 day work week and telecommuting considering the high price of gasoline. Cyber advisors are already working from home.

Student Services hours were discussed. They cannot leave with students in the lobby, but overtime needs to be pre-approved. This is not always possible.

Additional security was discussed for North Campus. It was pointed out that there are many call boxes on North Campus. Perhaps a grant from Homeland Security would help with the cost of the additional security.

Meeting adjourned at 3:30.
