GENERAL STATEMENT

Broward College (the College) seeks to comply with the laws that govern accessibility standards for disabled students as defined under the Americans with Disabilities Act of 1990 (ADA) and Section 504 of the Rehabilitation Act of 1973. In accordance with the ADA “no otherwise qualified [disabled] individual shall solely by reason of...handicap, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity.” The provisions of academic accommodations cannot compromise the academic standards of the course, but afford the student with disabilities an equal opportunity to achieve equal results.

THE POLICY AND THE STUDENT

The College will establish procedures to provide students with reasonable accommodation(s) as required under the ADA and the Rehabilitation Act of 1973. Such accommodations will be based on acceptable documentation of the student’s disability. The College retains the right to require additional testing, and/or documentation, if needed, to establish the student’s need for modifications to the instructional program (e.g., course substitution or waiver).
