Subject: Agenda Item VI-F -- College Reach-Out Program

The College Reach-Out Program Rise Consortium has benefited Broward Community College since the mid 80's by applying successful early intervention strategies to potential BCC students. This program expands BCC's recruitment and awareness efforts to middle school students as well as high school students.

Relationship to College Master Plan and Priorities: The College Reach-Out Program Rise Consortium is aligned with Goal 1 (Student and Learning Centered Decisions) of the Education Master Plan. It is also in line with the strategy of Access and Penetration by going into the community and providing excellent service to a diverse, economically and educationally disadvantaged student population to prepare them for postsecondary education.
