Subject: Agenda Item IV-H-1 - Donation of Eyeglasses to Vision Care Lab

**Brief Description:** Two local opticians wish to donate 1,617 pairs of eyeglass lenses to the Vision Care Lab on the North Campus. These lenses are high quality and brand new.

**Benefit to BCC:** The college will benefit from this donation by not allocating funds to purchase lenses for the Vision Care lab and Clinic with the same prescription. Students will be able to complete the fitting of eyeglasses sooner by having a large supply of different lense prescriptions in stock.

**Relationship to College Master Plan:** The following Educational Master Plan Goals are met by this donation: 1, 4, 5, and 8.
