Subject: Agenda Item VIII - A -2006-2007 Summary of Audit Report

This enclosure contains the Executive Summary of the Audit Report for BCC covering fiscal year 2006-2007. College staff worked hard to cooperate with the auditors and make available to them all of the information they needed to complete their work. As noted in the Executive Summary, the auditors found no instances of non-compliance or other matters that are required to be reported.
