ct: Agenda Item - VI - A - EAC Consulting, Inc.

EAC Consulting, Inc. is the consultant for Civil/Material Services Collegewide for projects in which construction costs do not exceed \$1,000,000 for study activities when the fee for such professional services do not exceed \$50,000, or for work of a specified nature as may be outlined in the contract. This firm has completed their second year of the contract. The services of this firm has been invaluable to the College in meeting requirements for Civil/Material Services projects.

Approving the final year of the contract for EAC Consulting, Inc. will allow projects that are in the process to continue without interruption.

This contract approval falls in line with Goal 8 so that we can continue to provide updated facilities and services for our students.
