Subject: Agenda Item VII - College Presentation

Broward Community College Fine Arts North (F.A.N.) launched the first Fine Art Show in the 30 year history of the campus, with an opening exhibit which was held on Wednesday, January 30.

Dr. Karen Roberts is the show's curator and states that the show, which includes drawings, paintings, photographs, and ceramic and mixed media pieces, represents the tangible results of teaching and learning. The Board will enjoy a brief campus produced CD which will introduce them to the creation of the showcase and then take a tour of the Gallery, which is right upstairs from the Board meeting on the second floor of the Student Services Building. The area has become a public gallery space for the work of students and faculty. Pieces of the Graves Collection are also on display in the Gallery space.

Dr. Barbara Bryan stated that we have created an environment that reflects students' and faculty art work, and we are collaborating with our community in establishing an arts presence in Northern Broward County. The gallery space is the first step towards achieving the campus vision of revitalizing the Fine Arts Department.
