Subject: Agenda Item -V-G -2-February 2009 Curriculum Items - New Course

Brief Description:

This enclosure contains a recommendation from the collegewide Curriculum Committee for the month of February. The recommendation includes one new Visual and Performing Arts course: TPP2260C Acting for Film and Television.

Benefit to BC: Miami Dade College, Florida Atlantic University and Florida International University all offer "Acting on Camera" classes. The course is listed on the Florida Department of Education Statewide Course Website and is a component of most theatre programs throughout the state. Our students need to learn on camera acting techniques to secure employment in this growing area. With these skills they can compete with their peers to pursue their theatre education at other Florida colleges.

Relationship to College Master Plan: Keeps Visual and Performing Arts students competitive and provides up-to-date curriculum for the workforce.
