RECOMMENDATION FOR
THIS ITEM TO BE
TABLED

Subject: Agenda Item IV-B-Agreement/Schiller International University (Germany)

Brief Description:

The attached agreement will enable students of Broward College, and many colleges and universities from around the country, to study abroad in Heidelberg, Germany at Schiller International University for summer and semester length programs approved by the College Consortium for International Study (CCIS). Students are offered an intense cultural experience and may enroll in a range of courses including history, humanities, literature, German language, math, science and more. Students live in supervised residences on the campus of Schiller International University.

Benefit to BC:

BC already serves as the U. S. sponsoring institution for the CCIS study abroad programs in Spain and India. This agreement will extend opportunities for students to have even more variety of program choices.

Students who enroll from outside of the college pay an administrative fee towards program expenses and the expenses of the Greene International Education Institute. This has enabled BC to support other international education initiatives including scholarships, faculty development projects and visits to monitor program quality.

AGENDA TRANSMITTAL SHEET**

To: J. David Armstrong, President Date: August 25, 2008
From: Dr. Judith Scherer, Vice President for Academic Affairs
Subj: Agreement with Schiller International University (SIU), Heidelberg, Germany

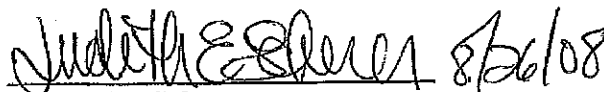

Issue: Enable students of Broward College and many colleges and universities from around the country to study abroad in Heidelberg, Germany for summer and semester length programs. Students are offered an intense language and cultural experience and may enroll in a broad range of courses including general education and liberal arts offerings. Students live in supervised residences on the Schiller Heidelberg campus.

Background/Analysis: SIU has operated a study abroad program with the College Consortium for International Studies (CCIS) in Heidelberg, Germany since 1985 sponsored by Ocean County Community College and St. Ambrose University. When these colleges dropped out of the organization or shifted their focus to different study abroad programming, SIU requested that Broward College assume the role as the US sponsoring institution. After a site visit and review of the program location, it was determined that this would be an excellent venue for Broward to develop a study abroad program to compliment our existing summer program in Germany.

Fiscal Impact: This program does not have any fiscal impact on BC operations. However, each student who enrolls from outside of the college pays an administrative fee towards program expenses and the expenses of the Greene International Education Institute. This enables BC to support other international education initiatives including student scholarships and faculty development projects.
