

Associate of Science in Supply Chain Management Operations Program Code 2205

Program Description: The Associate of Science degree in Supply Chain Management Operations (*formally known as Global Trade and Logistics*) prepares students for initial employment with the basic and cross-functional skills necessary for working in areas such as planning, procurement, flow and distribution of goods and services.

Career Pathway: Industry, Manufacturing, Construction & Transportation (IMCT)

Program Entrance Requirements: HS Diploma or GED

Additional Program Information: You will earn Technical Certificates related to your program of study as you earn your AA, AS, AAS or Bachelor's degree.

Related Industry Certifications: Upon completing this program, graduates will be eligible to sit for the following industry certifications/licenses:

- American Society of Transportation and Logistics Global Logistics Associate (GLA) certification (www.astl.org).

Location(s): While most of the program can be completed at any BC location, the Supply Chain Management Operations (TRA) courses are only offered at the Judson A. Samuels South Campus and online. Please consult the course schedule for specific semester locations.

Contact information: Program contact information can be found at <http://www.broward.edu/academics/programs/logistics/Pages/default.aspx>
