

**Associate of Science Aviation Administration  
Program Code 2509**

**Program Description:** This program offers three concentrations: aviation business, airport management and air traffic control. The Air Traffic courses are approved through the FAA's Collegiate Training Initiative (CTI) program.

**Career Pathway:** Industry, Manufacturing, Construction & Transportation (IMCT)

**Program Entrance Requirements:** Students must test into college-level English Reading and Math. TSA background check may apply for those seeking airport internships.

**Additional Program Information:** The Airport Management track includes international airport internships opportunities. Internship, in the Air Traffic Control track, are offered in conjunction with local facilities and at Ft. Lauderdale International Airport. You will earn Technical Certificates related to your program of study as you earn your AA, AS, AAS or Bachelor's degree.

**Location(s):** General Education courses can be taken at any college location. The program's core courses are primarily offered at the Judson A. Samuels South Campus and the Miramar Town Center. Please consult the course schedule for specific semester locations.

**Contact information:** Program contact information can be found at <http://www.broward.edu/academics/programs/aviation/Pages/default.aspx>

**Related Programs at Broward College:**

Accounting Technology Specialist Technical Certificate (6324)  
Airport Management Technical Certificate (6304)

**Notes:**

\*Technical Electives - Students may have to take MAT1033 based on placement score. Students are also required to meet the college's Computer Competency Requirement. This requirement can be met by passing the Computer Competency test. However, if students are unable to pass the test, they will be required to take CGS1060C. If students still needs to take a course (or two) to meet the elective credit requirement, students must take a course from the following list: ACG2071, GEB2430, or any ATT, AVM, or ASC course.

- Many courses have specific pre-requisite and co-requisite requirements that must be followed. Students are encouraged to consult the Course Information Table for a detailed list of all requisite requirements.

**Students are strongly encouraged to meet with an advisor to create an educational plan.**
