Dance Program 1208

The below sequence is suggested. Students should see Professor Daniela Wancier in Building 4 Room 182 for further advisement. Peer academic advisement is also available. Consult with the V&PA Office for further details.

DAN2100 Dance Appreciation counts toward the general education core component of the curriculum as well as for the dance concentration degree. Students should consult the Broward College Catalog for full details of the AA degree program general education course requirements, and it is strongly recommended that students see an academic advisor every term.
