Medical History and Physical Examination Form

In order to participate in the clinical portion of any health science program, the student must complete a Medical History and Physical Examination form. Documentation, such as lab results must be attached to the form.

Be certain to take all documentation of immunizations with you to your physical examination so that the form can be completed correctly. Failure to submit the original form - complete with documentation may prevent you from progressing to the clinical portion of your program.

To assist the student and the Health Care Examiner - MD, DO, nurse practitioner (ARNP) or physician assistant (PA) - in completing this form, instructions are provided below. **Students are responsible for the cost of the physical examination and any related expenses.**

Section 1:

Student Self-Report of Medical History

This section, wherein information about past and current health status is detailed, should be completed by the student **prior** to having a physical examination. **Be sure to include the name of the program on each of the pages of the form.**

Section 2:

Physical Examination

Laboratory Findings and Immunization Verification

Health Care Examiner's Statement

This section is to be completed by the Health Care Examiner (MD, DO, ARNP and PA only). All sections must be completed with a signature provided.

The Health Care Examiner will review any documentation the student provides as related to tuberculosis and tetanus. He/she will also order a titer to determine the presence or absence of immunity to rubella, rubeola, varicella and hepatitis. In the event that a titer does not indicate immunity, the student must then present proof of immunity dated after the titer was completed (if medically cleared). **Students stating that they have had the disease is NOT acceptable documentation.**

In order to be considered immune, the student must meet the criteria indicated below.

Tuberculosis

- ✓ Documentation of PPD skin test results indicating negative reactivity reported within three months of the physical examination **or**
- ✓ Evidence of a chest x-ray within three months of the physical examination and medical treatment for those with positive reactivity or past history of positive reactivity.

Tetanus and Diphtheria

- ✓ Documentation of vaccination or booster within last 10 years.

Rubella (German Measles)

- ✓ Titer results provided as laboratory evidence of immunity with the titer results attached.
- ✓ Documentation of immunization if indicated as per titer results. The immunization must be administered after the titer was completed (if medically cleared).

Rubeola (Measles)

- ✓ Born before December 31, 1956 **or**
- ✓ Titer results provided as laboratory evidence of immunity with the titer results attached.
- ✓ Documentation of immunization if indicated as per titer results. The immunization must be administered after the titer was completed (if medically cleared).

Varicella (Chickenpox)

- ✓ Born before December 31, 1956 **or**
- ✓ Titer results provided as laboratory evidence of immunity with the titer results attached.
- ✓ Documentation of immunization if indicated as per titer results. The immunization must be administered after the titer was completed (if medically cleared).

Hepatitis B (HBV)

- ✓ Documentation of antibody testing revealing immunity to Hepatitis B with results attached **or**
- ✓ Documentation of a series of three doses of vaccine if no immunity was indicated on the titer. The series must be administered after the titer was completed **or**
- ✓ Documentation of Hepatitis B vaccination series in progress with completion of the series **prior** to the start of clinical rotations. The series must be started after the titer was completed **or**
- ✓ Declination statement signed by the student.

Section 3:

Release of Information

This section must be reviewed and signed by the student.

Section 4:

Permission to Render Medical Treatment

This section must be reviewed and signed by the student.

Section 5:

Verification of Compliance with Technical Performance Standards

This section must be reviewed and signed by the student.

Section 6:

Student Statement

This section must be reviewed and signed by the student.

Submit the completed form – pages 1 through 4 – with all required documentation submitted to the appropriate program representative.

Prior to submitting the form, please make copies for your own records.
