In order to participate in the clinical portion of any health science program, the student must complete a Medical History and Physical Examination Form. Required documentation, should be current, within the last year, and must be attached to the form. Admission into any of the Health Science programs is provisionally based upon acceptance of the approved health evaluation record.

Be certain to take all documentation of immunizations with you to your physical examination so that the form can be completed correctly. Failure to submit the original form - complete with documentation - may prevent you from progressing to the clinical portion of the program. Valid verification of immunizations is required for eligibility to attend clinicals at health care agencies.

To assist the student and the Health Care Examiner - MD, DO, nurse practitioner (ARNP) or physician assistant (PA) in completing this form, instructions are provided below. **Students are responsible for the cost of the physical examination and any related expenses.** This health evaluation must be submitted no later than the specified campus due dates.

<th>Section</th>
<th>Student Self-Report of Medical History: This section must be fully completed legibly by the student prior to having a physical examination.</th>
</tr>
</thead>
</table>
| Section | **Section 2a: Medical History and Physical Examination**<br>**Section 2b: Immunization Verification**<br>**Section 2c: Health Care Examiner’s Statement**  
*This section is to be completed by a Licensed Professional Health Care Examiner (MD, DO, ARNP and PA only). All sections must be completed with a signature provided.* |
|        | The Health Care Examiner will review any documentation the student provides. As related to tuberculosis screening, the student is required to have a two-step PPD or a chest X ray or the Quantiferon TB Gold Blood Test yearly. A tetanus shot is required within 10 years of the date of the examination. The examiner will also order a titer to determine the presence or absence of immunity to rubella, rubeola, varicella and hepatitis. In the event that a titer does not indicate immunity, the student must then present proof of vaccination dated after the titer was completed. A student stating that they have had the disease is NOT acceptable documentation. In addition, a seasonal flu vaccine is required with documentation. All sections of the Immunization Verification section must be completed by the medical provider. Copies of titer results and supporting documentation must be attached to the completed physical |
| Sections| **Section 3: Release of Information**<br>**Section 4: Verification of Compliance with Technical Performance Standards**<br>**Section 5: Permission to Render Medical Treatment**  
*This section must be reviewed and signed by the student.* |

Please submit the completed form – pages 2 through 6 – with all required documentation to the Admissions office or to the Program Manager as directed.

Prior to submitting the form, be sure to make a copy of the form and any supporting documentation for your own records.

*Information detailed on the Medical History and Physical Examination form is legally privileged and confidential. It is intended for use by the Health Science program unless written consent has been provided for release to other parties.*
**SECTION 1  Student Self-Report of Medical History**

**IMPORTANT Student Instructions:**
Complete this page in its entirety prior to meeting with the examiner who is completing your physical exam. Please be sure to print all answers neatly.

SECTION 2a  Medical History and Physical Examination

IMPORTANT Examiner Instructions:
Please examine this student as you would for a routine check-up. This student will be working closely with people in various health care settings. Please indicate/comment on any abnormal findings, using additional sheets if necessary for providing further documentation.

Please fill this page out completely – failure to do so may result in student being unable to attend clinicals.

Examiner: Summarize diagnosis, treatment and prognosis or provide any official documentation as it relates to any “yes” answer.

Is the student under treatment for any medical, surgical or mental disorder?  YES  NO
If yes, please provide details:

Is the student now taking any medications?  YES  NO
If yes, please list:

Does the student require any follow-up health supervision?  YES  NO
If yes, please specify:

Within the last 5 years, has the student been treated for any substance related (drug/alcohol) disorder?  YES  NO
If yes, please specify:

Is the student limited from participating in physical activities in the clinical area?  YES  NO
If yes, please specify limitations:
### Immunization Verification

#### Tuberculin Test
- **Documentation:** Supporting documentation of PPD within last 365 days
- **PPD Test Date:**
- **Result:**
- **Attach copy of PPD result**

*If the result of the tuberculin test is + or if student is restricted from a PPD due to the HCG vaccine, either a Chest X-Ray or the Quantiferon TB Gold Blood Test is required (within last 365 days)*

Declination of Hepatitis B Vaccination

Declination: I understand that due to my occupational exposure to blood or other potentially infectious materials, I may be at risk of acquiring Hepatitis B virus (HBV) infection. However, I decline Hepatitis B vaccination at this time. I understand that by refusing to take this vaccination, I continue to be at risk of acquiring Hepatitis B. I also understand that by declining to take the Hepatitis B vaccination may impact my ability to participate in clinical practicums or internships.

STUDENT SIGNATURE: ____________________________________________

SECTION 2c  Health Care Examiner's Statement

I have verified that the individual I have examined is the individual on this form and that the above tests/vaccinations were performed in this office/laboratory or I have reviewed any documentation relative to the student's immunization record.

Examiner's Name (Printed): ____________________________

Examiner’s Signature: ____________________________

License #: ____________________________ Phone #: ____________________________ Date: ____________________________

SECTION 3  Release of Information

In conformance with 20 U.S.C. 123g (Family Education Rights and Privacy Act) and Section 228.093, Florida Statutes, I authorize Broward College and its agents to release and disclose the information contained in this form, including my immunization record, upon request, to a clinical affiliation site

[ ] I hereby give permission to duplicate the requested information and release it to the clinical site.

[ ] I do not give permission to duplicate the requested information and release it to the clinical site. I understand this may impact my ability to participate in clinical practicums or internships.

Student Signature: ____________________________ Date: ____________________________
SECTION 4 | Verification of Compliance with Technical Performance Standards

The Health Science Education has outlined specific Technical Performance Standards that serve to inform students of skills and/or physical/psychological demands necessary for program completion and workplace responsibilities. After review of the Technical Performance Standards for my program of study which are available for review on the program’s website:

_____ I have determined that I will be able to perform the standards or essential skills listed.

_____ I have determined that I will be able to perform the standards or essential skills listed but will require reasonable accommodation. I have registered with Disability Services and will arrange to meet with the Program Manager to determine the accommodation necessary.

Student Signature: ___________________________________________ Date: ____________________

SECTION 5 | Permission to Render Medical Treatment

In case of serious illness or accident, I give Broward College or its representative(s) permission to secure medical and/or surgical care to include transportation to a physician or hospital of their choice, examination, medication, and surgery that is considered necessary for my good health. I understand that I am responsible for any cost incurred if not covered by the Health Care Agency Affiliation Contract or by the Health Science accident insurance.

Student Signature: ___________________________________________ Date: ____________________
The technical performance standards of the Health Science programs outline the expectations and abilities considered essential for student success relative to achieving the level of competency required for graduation. Potential students should carefully review all of the standards as detailed below.

**Data Collection Standards**

- Tactile ability sufficient for collection and assessment of data such as pulse and temperature.
- Ability to adjust settings on equipment as needed.
- Auditory ability sufficient to monitor and assess health care needs including but not limited to hearing monitor alarms, emergency signals, auscultatory sounds, and verbal communication as when a patient/client calls for assistance.
- Visual ability sufficient for assessing and observing the patient/client and environment including near and far acuity, depth perception, visual fields, and color vision. Be able to distinguish between slightly different shades of gray.

**Communication Standards**

- Possess sufficient communication skills to interact effectively with others verbally, non-verbally and in written form demonstrating sensitivity to individual and cultural differences.
- Ability to express self verbally in a language that will be understood by a majority of patients/clients.
- Possess ability to recognize, interpret and respond to non-verbal cues from patients and clients.

**Sensorimotor Standards**

- Gross and fine motor abilities sufficient to provide safe and effective care including the ability to assist with positioning of patients.
- Standing and walking for extended periods of time and physical abilities sufficient to move from room to room, to maneuver in patient rooms and other small areas.
- The motor skills of stooping, kneeling, crouching, crawling, reaching, and handling such as required to assist patient/client during a radiation therapy procedure.
- Ability to perform medium work (defined as lifting 60 pound maximum with frequent lifting or carrying of objects weighing up to 30 pounds) such as required to manually move medical equipment.
- Ability to walk with good balance, resist challenge while walking and support a patient/client who may have poor balance/weakened musculature during gait, ability to navigate environmental barriers safely with patient/client.
- Fine motor coordination (manual dexterity) sufficient to manipulate and use medical equipment and computers for treatment planning.
- Independent mobility including transportation to/from campus and clinical courses.
- Stamina to participate in physical activity over prolonged periods of time while positioning a patient/client and providing physical assistance to patients/clients.
- Information detailed on the Medical History and Physical Examination form is legally privileged and confidential. It is intended for use by the Health Science program unless written consent has been provided for release to other parties.
Intellectual and Conceptual Standards

- Ability to assimilate, within a reasonable amount of time, large amounts of complex, technical and detailed information from a variety of sources
- Ability to identify cause-effect relationship in order to make judgments and set priorities in clinical situations
- Recognize physiological changes in patient/client status and act appropriately
- Ability to function during stressful situations
- Ability to prioritize multiple tasks, integrate information and make decisions promptly

Behavioral and Social Standards

- Possess sufficient interpersonal skills to establish meaningful and effective rapport with patients/clients, families, and colleagues from a variety of different social, emotional, economic, cultural, ethnic, religious and intellectual backgrounds as well as within all age groups
- Ability to cope with heavy workload schedule and patient demands
- Function effectively during periods of high stress
- Display adaptability
- Accept responsibility for own behavior
- Engage in self-assessment activities which includes identification of learning needs

Ethical Standards

- Exhibit a respect for truth and a commitment to honesty in all didactic and clinical pursuits adhere to ethical and legal guidelines established by applicable national organizations and governmental agencies
- Abide by all institutional regulations.
- Appreciate and respect patient/family confidentiality
- Information detailed on the Medical History and Physical Examination form is legally privileged and confidential. It is intended for use by the Health Science program unless written consent has been provided for release to other parties.
