

## Experiential Learning Credits for FAA Certificates/Ratings and Professional Experience Policy

- You must first apply and be accepted to Broward Community College, and complete at least one BC college course successfully before completing this request for credits
- Carefully complete the attached application. ***Incomplete applications will be returned.*** Answer all questions and sign
- Copy all FAA certificates (front and back). You must also bring your logbook and original certificates for verification purposes
- If you are joining the professional pilot technology degree program with existing FAA certificates or ratings you are eligible to receive experiential credit upon completion of the next higher level flight course offered by the college through this application process. Students not doing flight training at Broward College should select program major code 2105 for credits towards the Aviation Operations degree
- If you have been employed as a professional pilot for more than a year, you are eligible for credits towards the professional pilot technology degree. Please include a letter from your employer verifying employment and a job description for your position with the company. If you have documentation of flight currency, please include this with your packet. A copy of the last 5 pages of your log book will be required. If you have taken courses at Broward College, include a transcript and program sheet checking any completed courses
- Return all materials to:  
Administrative and FAA Records Specialist, Emilia Colageo, building 99, room 150, South Campus, 954-201-8885  
**or**  
Admissions Coordinator, Evelyn Ruiz, building 99, room 147, South Campus, 954-201-8087

**Note:** Some courses may require department testing in order to receive credit. Testing must be completed within the same semester in which you are making this application. If testing is required, you will be notified and will be required to pay a fee to the cashier located in building 68 on south campus.

- Once all requirements have been met, credits will appear by the end of the semester on your transcript if at least three (4) weeks remain in the term in which you apply for experiential credits. You may check your transcript online at: [www.broward.edu](http://www.broward.edu)

**Broward College / Aviation Institute**

**EXPERIENTIAL LEARNING POLICY

**THE COURSES LISTED ABOVE RELATE TO MY EDUCATIONAL GOALS IN THE FOLLOWING MANNER**  
(check one):

- Required for my degree program
- Will apply as elective(s) in my degree program

**PRIOR CREDIT CERTIFICATION**  
(Please read and sign)

It is the policy of Broward College not to grant credit through the assessment of prior learning for courses at a lower level than courses previously completed in the same sequence. (For example, if you have received credit for Algebra II you cannot receive credit for Algebra I, or if you have received credit for Spanish II you cannot receive credit for Spanish I.)

I HEREBY CERTIFY that I have not previously received academic credit from any accredited College or University for the course(s) for which I am seeking Experiential Learning credit. Furthermore I HEREBY CERTIFY that I am not currently enrolled in any College or University for the course(s) for which I am seeking Experiential Learning credit. I understand that I cannot receive Experiential Learning credit for any course(s) for which I have attempted an Experiential Learning assessment.

In addition, I understand that this application does not guarantee that I will automatically receive college credits for my prior learning. I understand that this application will ONLY HELP DETERMINE if my prior learning is equal to the knowledge gained through the curriculum offered by Broward College and, if any assessment is recommended, I will be charged a fee for each assessment.
