Academic Programs and Graduation Requirements

College Preparatory/Developmental Education Program

Broward College is committed to the philosophy that all students should be offered the opportunity to achieve their maximum potential. To attain this goal, BC offers a College Preparatory Program to help students develop the skills necessary for academic success in college level courses. The College Prep curriculum includes courses in Mathematics, English, Reading and English as a Second Language (ESL).

Math	English	Reading
MAT 0018	ENC 0015	REA 0007C
MAT 0028	ENC 0025	REA 0017C
MAT 0022		

ESL

Communication	Reading	Composition
EAP0100C	EAP0120C	EAP0185C
EAP0200C	EAP0220C	EAP0285C
EAP0300C	EAP0320C	EAP0385C
EAP0400C	EAP0420C	EAP0485C

Placement into the College Preparatory/Developmental Education Program

College prep course requirements are determined on the basis of a student's placement test scores. All students entering BC must take the Florida the Postsecondary Education Readiness Test (PERT), or submit a State of Florida college-ready diploma or acceptable Advanced Placement, SAT or ACT scores that exempt them from the college prep program or they must submit college transcripts that show the completion of Freshman English and/or Intermediate Algebra. Students who test into college prep courses must successfully complete all of the required coursework to qualify for graduation. Students should contact any Counseling and Advisement Office to arrange for placement testing or to discuss their existing placement test scores.

Placement Test Options

For students admitted after October 1, 1991.

1. ACT (American College Testing Program)
2. Enhanced ACT (American College Testing Program)
3. SAT (The College Board)
4. SAT1 (The College Board; administrations between 3/1/94 and 3/31/95)
5. RSAT (Recentered SAT)
6. CPT (Computerized Placement Tests, The College Board)
7. Postsecondary Education Readiness Test (PERT).

Students admitted after July 31, 1995, may also use the Florida College Entry-Level Placement Test (FCELPT).

A student having an initial PERT, CPT, ACT or SAT score that indicates college prep placement and who has begun his/her prep course work at BC may retest with the PERT for placement every 90 days. A fee will be charged for each re-test with the PERT. If a student is enrolled in the discipline for which they tested into, they may retake the PERT after the 90 day waiting period. Students who retest who then decide to withdraw from course in progress will be responsible for 100% of the cost for withdrawals after the drop/add period. The new PERT score earned may allow the student to progress to a different point in the sequence of classes in future semesters. Exceptions may be made by the appropriate academic administrator.

College Prep Credit

College prep courses carry credit, but the credits cannot be used to satisfy degree requirements. Students can use veteran's benefits and financial aid to assist in paying for these courses up to a specified number of credit hours.

Enrolling in College Prep Courses

Students who are required to take college prep courses, as a result of their placement test scores on the SAT, ACT, CPT, or PERT must register for such courses each term until all required courses are successfully completed. In addition, the following restrictions for course sequencing will apply and increase a student's chances for academic success:

- Students who test into two or more college prep disciplines (ENC, MAT, and REA) are limited to 12 credits in a full term and seven credits in a summer term.
- Students are required to register for the college prep reading course during their first term.
- Students who test into REA0007C are required to register for the course during their first term.
- Students who test into REA0017C are required to register for the course during their first term.
- Students are required to take the highest level of prep reading (REA0017C) the term immediately after successful completion of the lowest level of college prep reading (REA0007C).
- Students testing into three college prep disciplines (ENC, MAT, or REA) are required to satisfactorily complete the college prep reading sequence (REA0007C and/or REA0017C) before registering for a college prep math course (MAT0018 or MAT0028).
- Students testing into at least two college prep disciplines (ENC, MAT, and REA) are required to take SLS1501, College Success Skills, during their first 9 credits. (This one credit course serves as an introduction to BC and teaches students strategies and skills to help them succeed in college.). Students may substitute SLS1001, Strategies for Success, for SLS1501.
- Students testing into three college prep courses are required to take SLS1001, Strategies for Success, during their first 6 credits. (This three credit course provides students with opportunities to learn about Broward College and higher education, acquire and practice learning strategies, explore personal learning styles, identify

career options, and develop life-long citizenship.)

These requirements apply to college prep students who are seeking degrees and have not previously attended college. **Students must meet with an Academic Advisor in any Counseling and Advisement Office regarding proper course selections, sequencing, and requirements.**

Private Providers

Students have the option of pursuing college prep instruction through programs offered by private providers of instruction. Students interested in this option should obtain additional information from any campus Student Affairs office. Students exercising this option must retake and pass the appropriate sections of the PERT, the Postsecondary Education Readiness Test, prior to enrolling in college-level courses.

Note: Private providers are not affiliated with BC and the College neither endorses nor warrants their services. BC assumes no responsibility related to the operations of these providers, and specifically disclaims any and all liabilities resulting from, or arising out of, or in connection with, students' use of their products and services.

Maximum Attempts Per Course

Based on state regulations, students may enroll no more than three times in any particular college prep course. Students may not "audit" college prep courses. Students will be assessed the full cost of instruction for the third attempt. Exemptions may be granted based on documented financial hardships or extenuating circumstances. Details about petitioning for an exemption are available in any campus Counseling and Advisement Office.

English as a Second Language (ESL)

The purpose of the ESL Program is to prepare non-native English speaking students to function successfully in BC courses.

Entering the ESL Program

Students who are non-native English speakers should contact any Counseling and Advisement Office for an appointment. An ESL placement test and writing sample will be administered to all students, regardless of their TOEFL score. Students will be placed in ESL Program courses based on the results of the ESL placement test and writing sample.

Course Load for Visa Students

Visa students must take a full course load minimum of 12 credits or more in order to maintain a student visa. During their first and second semesters at BC, Visa students should concentrate on the ESL Program and take a limited number of other courses.

ESL Course Sequences

Non-Credit Courses: do not carry college credit.

Level 1: EAP0100C, EAP0120C, and EAP0185C

Level 2: EAP0200C, EAP0220C, and EAP0285C

Level 3: EAP0300C, EAP0320C, and EAP0385C

Level 4: EAP0400C, EAP0420C, and EAP0485C

Credit-Bearing Courses: carry elective credit.

Level 5: EAP1540C

Level 6: EAP1640C

ESL Pre-requisites

EAP0100C is a pre-requisite for EAP0200C.

EAP0200C is a pre-requisite for EAP0300C.

EAP0300C is a pre-requisite for EAP0400C.

EAP0120C is a pre-requisite for EAP0220C

EAP0220C is a pre-requisite for EAP0320C

EAP0185C is a pre-requisite for EAP0285C

EAP0285C is a pre-requisite for EAP0385C

EAP0400C, EAP0420C and EAP0485C are pre-requisites for EAP1540C*.

EAP1540C is a pre-requisite for EAP1640C.

*Note: An ESL student must successfully complete all three 0400C level courses before entering EAP1540C.

General Education at Broward College

Philosophy of General Education

General Education at Broward College is a core of common learning experiences that enables students to acquire and apply a broad foundation of integrated knowledge, skills, and behaviors. The core curriculum assures breadth that cannot be found in any specific discipline. In particular, literacy and communication skills, in all their forms, are reinforced throughout the students' program of study. Further, the program provides opportunities for students to apply their acquired knowledge and skills in solving increasingly complex problems. This prepares students to be independent, lifelong learners, assuming roles of responsibility in the global community.

Expected Educational Results

The College believes that a well-educated person is one who possesses the intellectual capabilities, skills and behaviors to:

- Read with critical comprehension
- Write clearly and coherently
- Demonstrate literacy as appropriate within a given discipline
- Apply problem solving skills or methods to make informed decisions in a variety of contexts**
- Differentiate between ethical and unethical behavior
- Demonstrate an understanding of the physical, biological, and social environments and how individual behaviors impact this complex system.
- Demonstrate an understanding of and appreciation for human diversities and commonalities
- Speak and listen effectively

Selection of General Education Courses

The College offers four different types of degrees, the Associate in Arts (AA), numerous Associate in Science (AS), the Associate in Applied Science (AAS) and several baccalaureate degrees (BAS, BSED, and BSN). Different degrees have different General Education requirements based upon:

- Florida Statutes (1001.02, 1007.23, 1007.25),
- State Board of Education Rules (6A-14.030 and 6A-10.024),
- Southern Association of Colleges and Schools – Commission on Colleges (SACSCOC) Core Requirement 2.7.3 & Comprehensive Standard 3.5.1, and
- Broward College's Policy (6Hx2-4.22).

Broward College requires a total of 36 credits of General Education coursework in communication, mathematics, social/behavioral sciences, humanities, natural sciences and wellness for the AA and baccalaureate degree programs. For the AS and AAS degrees, Broward College requires 15 credits within the subject areas of communication, humanities, social/behavioral sciences and mathematics/natural sciences. These requirements are listed in following sections.

General Education Block Transfer Guarantee for AA Degree Students

Per State Board of Education Rule 6A-10.024, once a student has been certified by an institution on the official transcript as having completed satisfactorily its prescribed general education core curriculum, regardless of whether the associate degree is conferred, no other public postsecondary institution to which he or she may transfer in Florida shall require any further such general education courses.

Academic Program Requirements

Associate in Arts (AA) Degree

Broward College offers the Associate in Arts degree with a wide variety of course options to enable students to seamlessly transfer to the state university system. More information regarding AA options may be obtained from the web site online at www.broward.edu/programs or from any Academic Advisor.

AA Mission Statement

The Associate in Arts degree provides courses of study equivalent to those offered to freshman and sophomore students in the lower division of Florida's state universities. Students are encouraged to meet with an academic advisor to construct their educational plans to include university prerequisite requirements for their major area of study. Students should also consult with an advisor at the university of their choice prior to making course selections to avoid taking excess credits and to determine additional university requirements. If students follow the State's Common Prerequisite manual when selecting their coursework, the AA degree they receive from BC should meet the lower division requirements of the designated State university and allow them to be admitted at the junior-level. The AA degree includes 36 semester hours of General Education courses in addition to courses appropriate for the upper-division major selected by the student. The General Education requirements are within the subject areas of communications, mathematics, social sciences, humanities, and natural sciences. Apart from its transfer function, the degree provides students with the opportunity to gain competencies necessary to be participating and productive members of a democratic society.

Students are encouraged to contact the specific institution they wish to transfer regarding that institution's unique requirements. Specific information concerning transfer to the following Florida state universities is available in any campus Counseling and Advisement Office.

FAMU	Florida A and M University
FAU	Florida Atlantic University
FGCU	Florida Gulf Coast University
FIU	Florida International University
FSU	Florida State University
NCF	New College of Florida

UCF	University of Central Florida
UF	University of Florida
UNF	University of North Florida
USF	University of South Florida
UWF	University of West Florida

AA Degree Graduation Requirements

- Complete 60 semester hours of college credit from the applicable catalog including:
 - a) thirty-six college-level semester credit hours of general education courses in five subject areas: Communications, Mathematics, Social Science, Humanities, and Natural Sciences; and
 - b) twenty-four college-level semester credit hours of electives, which should include required pre-requisites for the university major ("common prerequisites").
- Complete prescribed College Preparatory and ESL Program courses, if required, with a grade of "C" or higher.
- Students must fulfill the computer literacy requirement within the first 15 credit hours of enrollment at BC by successfully completing the basic student technology test or passing the CGS1060C course.
- Complete Gordon Rule writing and mathematics requirements (State Board of Education Rule 6A-10.030).
- Complete BC's International/Intercultural requirement.
- Complete 25% of the prescribed college-level semester credit hours at Broward College.
- Earn a cumulative degree grade point average of 2.0 or higher at BC including transfer credits in courses that comprise the AA degree.
- Fulfill all financial and other obligations to the College.

			Category	International/ Intercultural Course							
Complete prescribed College Preparatory and ESL Program courses, if required, with a grade of "C" or higher.											
Demonstrate Computer Literacy by passing the Student Technology Literacy Exam within the first 15 credits of enrollment or successfully complete CGS1060C.											
Electives		Program Electives ² <i>Select courses based on baccalaureate major</i> ²	Categories	vary							
			College Credits	24						24	
Total AA Degree College Credits:										60	

Notes

- Students majoring in science, science-related or health related fields may take any combination of 7 credits from A, B and C that includes a laboratory course and 2 credits from D (Wellness).
- Elective courses should be selected based upon the baccalaureate degree major the student is pursuing at the upper division level; see an academic advisor/counselor to make appropriate course selections.

AA General Education Requirements

See the approved list of General Education courses offered at Broward College in this catalog.

Written Communications 6 Credits

Select two courses, one from Group 1 and Group 2.

Note:

- A grade of “C” or higher in courses must be achieved to satisfy this requirement (Gordon Rule).

Humanities 6 Credits

Select two courses. Choose only one course from any of the Groups, 1 through 7.

Social/Behavioral Sciences 6 Credits

Select one course from Group 1 and one from Group 2.

Science/Wellness 9 Credits

Select four courses, one from each Group, 1 through 4

Notes

- Students must satisfy college prep reading requirements through coursework or placement test scores prior to enrolling in credit level science courses.
- Students not majoring in science or health-related fields must take at least one course from each subcategory, one of which must be a laboratory course.
- Students majoring in science, science-related or health related fields may take any combination of seven credits from the Science Groups, 1, 2 and/or 3, as designated by the State Common Prerequisite Manual for their major, including one laboratory course (i.e. two physical or two biological science courses plus one lab course) to be counted towards their AA degree’s science General Education requirement. These students must see an Advisor to update their educational plan in order to graduate.
- No exemptions shall be permitted from the Wellness requirement (Group 4D) because of age, veteran status or medical reasons. Students with medical restrictions or physical limitations must provide appropriate documentation and shall participate on a modified basis.

Mathematics 6 Credits

Select two courses from Area 5.

Note:

- A grade of “C” or higher in these courses must be achieved to satisfy this requirement (Gordon Rule).

Oral Communications 3 Credits

Select one course from Area 6.

Total General Education (Areas 1-6) 36 Credits

Programmatic Electives 24 Credits

When choosing electives, students should give careful attention to their major field of study and to the requirements of the institution to which they plan to transfer. Certain technical/occupational courses can be used to satisfy this area requirement. Electives may include any combination of college-level courses that are identified for the AA degree. These include courses identified as “common prerequisites” as well as General Education courses. Excluded are college preparatory courses and courses designed especially for technical education curricula. Please consult with an Academic Advisor regarding your course selections.

Writing Requirement

In keeping with the Gordon Rule (State Board of Education Rule 6A-10.030), all students must take one course from General Education Group 1A and one course from Group 1B, which satisfies one component of the requirement. The remaining component can be satisfied by taking two (2) other courses designated as writing courses in the term schedule. In each of these courses, a variety of assignments relevant to the content of the course may be made. Students must achieve a grade of “C” or higher in the courses to satisfy the writing requirement. Students must be eligible for ENC1101 to enroll in designated writing-credit courses. A complete list of courses that count towards the Writing Requirement are listed under the heading of the Gordon Rule.

Some students who were enrolled in an accredited college or university prior to January 1, 1983, may be exempt from the Writing Requirement. Please see an Academic Advisor for assistance.

International/Intercultural Requirement

3 Credits

Of the 36-credit General Education requirement, three credits must be earned in an approved International/Intercultural course. Only the following approved courses from the General Education offerings may be used to satisfy this requirement.

The Gordon Rule

State Board of Education Rule 6A-10.030, known as the Gordon Rule, requires that students graduating with an Associate in Arts Degree meet the following

provisions in the areas of Writing and Mathematics. All students seeking an AA or B.A. degree must meet these requirements by the end of the sophomore year.

Writing

In order to comply with the Gordon Rule, all students are required to demonstrate college-level writing skills in their two (2) required composition courses (one from Group 1A and one from Group 1B) and any other two (2) courses designated (listed below) as carrying writing credit. In all writing-credit courses, students should expect essay tests, in-class writing, and/or formal written presentation of material relevant to the content.

Mathematics

All students must complete six credit hours at the college algebra level or higher. For most students, the requirement is met by taking any two of the following courses: MAC1105, MGF1106, MGF1107, STA2023. In all Mathematics courses, a grade of “C” or higher is required to meet the AA Degree graduation requirements.

Transfer Guarantees

The Florida College System Associate in Arts graduates are guaranteed the following rights when transferring to a State university under the statewide transfer articulation (State Board of Education Rule 6A-10.024).

1. Admission to one of the State Universities, except to limited access programs that have additional admission requirements.
2. Acceptance of at least 60 credit hours by the State universities toward the baccalaureate degree.
3. Adherence to university requirements and policies based on the catalog in effect at the time the student first entered a community college, provided the student maintains continuous enrollment.
4. Transfer of equivalent courses under the Statewide Course Numbering System.
5. Acceptance by the State Universities of credit earned in accelerated programs:
 - Advanced International Certificate of Education Program (AICE A-Levels/AS-Levels),
 - Advanced Placement (AP),
 - College-Level Examination Program (CLEP),
 - DANTES Subject Standardized Tests (DSST),
 - Dual Enrollment/Early Admission,
 - Excelsior (formerly known as Regents College Exams or PEP), and
 - International Baccalaureate (IB).
6. Once a student has been certified by an institution on the official transcript as having completed satisfactorily its prescribed general education core curriculum, regardless of whether the associate degree is conferred, no other public postsecondary institution to which he or she may transfer in Florida shall require any further such general education courses.

7. Advance knowledge of selection criteria for limited access programs.
8. Equal opportunity with native university students to enter limited access programs.

Associate in Science Degree**Associate in Science Degree Programs**

Broward College offers a wide variety of concentrations within the AS degree. Visit the web site online at www.broward.edu/ or see an Academic Advisor for assistance.

AS Degree Mission Statement

The Associate in Science degree is a career education and transfer degree for specific programs. It is a 60+ credit hour degree intended to prepare students for immediate employment in a specific occupational area and/or for transfer into the State University System. The degree requires completion of at least 15 semester hours of transferable General Education courses that meet the criteria of the Commission on Colleges of the Southern Association of Colleges and Schools, along with technical courses, which may or may not transfer. The General Education courses will transfer and may apply toward the state university’s General Education requirement. In some areas of study, statewide program-specific articulation agreements have been developed ensuring the transfer of the AS degree. The student is advised to see an Academic Advisor for a list of these programs.

AS Degree Graduation Requirements

- Complete the minimum number of required college-level semester credit hours as established for your specific program in Florida State Board of Education Rules.
- Complete the program of study as set forth in the applicable College catalog.
- Complete a minimum of fifteen college-level semester credit hours of the prescribed program's transferable General Education courses that include the following: ENC 1101, three credits in Social/Behavioral Sciences, three credits in Humanities, three credits in Natural Sciences and three credits in Mathematics.
- Complete the oral communication requirement as specified in the prescribed program.

- Students must fulfill the computer literacy requirement within the first 15 credit hours of enrollment at BC by successfully completing the basic student technology test or passing the CGS1060C course.
- Complete the prescribed college preparatory and English as a Second Language Program courses, if required, with a grade of "C" or higher.
- Complete 25% of the prescribed college-level semester credit hours at Broward College.
- Earn a cumulative degree grade point average of 2.0 or higher at BC, including transfer credits, in courses that comprise the AS degree.
- Fulfill all financial and other obligations to the College.

AS General Education Requirements

For AS programs that provide students with an elective option in Humanities, Social/Behavioral Science, or Math/Natural Science, student should select a course from the approved list of General Education courses offered at Broward College in this catalog.

Communications **3 Credits**
ENC 1101 Composition I

Humanities **3 Credits**
For programs that require a "General Education Humanities" course, a course must be selected from the approved list for Humanities General Education Groups 1, 3, 4, 5, 6 and 7. Note that foreign language courses (Group 2) cannot be used for the Humanities General Education AS degree requirement.

Social/Behavioral Sciences **3 Credits**
For programs that require a "General Education Social/Behavioral Sciences" course, a course must be selected from the approved list for Social/Behavioral Sciences General Education Groups 1 or 2.

Natural Science **3 Credits**
For programs that require the "General Education Science" course, a course must be selected from the approved list for Natural Science General Education Groups 1 or 2. Note that wellness courses or science labs not taken in conjunction with science lecture courses do not

count toward the AS program's general education requirements.

Mathematics **3 Credits**
For programs that require the "General Education Mathematics" course, a course must be selected from the approved list for Mathematics General Education Area 5.

Associate in Applied Science Degree

Associate in Applied Science Degree Programs
Broward College offers a variety of concentrations within the AAS degree. Please visit our web site at www.broward.edu/programs or see an Academic Advisor for assistance.

AAS Mission Statement

The Associate in Applied Science degree is a college-level career-technical degree. The AAS is a 60+ college credit hour degree consisting of both General Education and technical courses. Graduates are prepared for immediate entry into the workforce and have the communications, problem solving, and academic skills necessary to successfully compete in the job market and advance in the workforce. The AAS provides the same career preparation as the AS but is not designed as a college transfer program. The degree may transfer to some universities under special articulation agreements between the College and those universities.

AAS Degree Graduation Requirements

- Complete the minimum number of required college-level semester credit hours as established for the specific program in Florida State Board of Education Rules.
- Complete the program of study as set forth in the applicable College catalog.
- Complete a minimum of fifteen college-level semester credit hours of the prescribed program's General Education courses that include the following: ENC 1101, three credits in Social/Behavioral Sciences, three credits in Humanities, three credits in Natural Sciences/Mathematics, and three credits designated by the program.

- Complete the oral communication competency requirement as specified in the prescribed program.
- Students must fulfill the computer literacy requirement within the first 15 credit hours of enrollment at BC by successfully completing the basic student technology test or passing the CGS1060C course.
- Complete the prescribed College Preparatory and English as A Second Language Program courses, if required, with a grade of "C" or higher.
- Complete 25% of the prescribed college-level semester credit hours at Broward College.
- Earn a cumulative degree grade point average of 2.0 or higher at BC, including transfer credits, in courses that comprise the AAS degree.
- Fulfill all financial and other obligations to the College.

AAS General Education Requirements

For AAS programs that provide students with an elective option in Humanities, Social/Behavioral Science, or Math/Natural Science, student should select a course from the approved list of General Education courses offered at Broward College in this catalog.

Communications **3 Credits**
ENC 1101 Composition I

Humanities **3 Credits**
For programs that require a "General Education Humanities" course, a course must be selected from the approved list for Humanities General Education Groups 1, 3, 4, 5, 6 and 7. Note that foreign language courses (Group 2) cannot be used for the Humanities General Education AS degree requirement.

Social/Behavioral Sciences **3 Credits**
For programs that require a "General Education Social/Behavioral Science" course, a course must be selected from the approved list for Social/Behavioral Sciences General Education Groups 1 or 2.

Mathematics/Natural Science **3 Credits**
For programs that require the "General Education Mathematics and/or Natural Science"

course, a course must be selected from the approved list for Natural Science General Education courses in Groups 1 or 2, **or** from the approved list of Mathematics courses in Area 5, **or** any of the following math courses:

MAT 1033	Intermediate Algebra
MTB 1310	Applied Mathematics
MTB 1325	Engineering Technology Mathematics I
MTB 1326	Engineering Technology Mathematics II

Note that wellness courses or science labs not taken in conjunction with science lecture courses do not count toward the AAS program's general education requirements.

Program-Designated Courses **3 Credits**
AS degree programs include a General Education course from Area 1, Area 2 (Groups 1, 3, 4, 5, 6 or 7), Area 3, Area 4 (Groups 1 or 2), or Areas 5 or 6.

Certificate Programs

BC offers a variety of concentrations in the several certificate programs. Please visit our web site at www.broward.edu/programs or see an Academic Advisor for assistance.

Mission Statement

A certificate is awarded upon satisfactory completion of a prescribed program of courses designed to prepare students for initial entry into an occupation or for advancement within their current occupations. Certificate programs provide students with the opportunity to develop the technical competencies necessary to participate as productive members of the business, professional, governmental, or industrial life of the community.

Technical Certificate

A Technical Certificate is a program of study of less than sixty credits of college-level technical courses that prepares students for immediate employment in a specific occupational field. It generally does not require the completion of General Education courses. The Technical Certificate may be part of an Associate in Science or an Associate in Applied

Science degree, thus permitting the student to receive credit for the certificate courses.

Technical Certificate Requirements

- Complete the minimum number of required college-level semester credit hours as established for the specific program in Florida State Board of Education Rules.
- Complete the program of study as set forth in the applicable College catalog.
- Complete the prescribed college preparatory and English as a Second Language Program courses, if required, with a grade of "C" or higher.
- Complete 25% of the prescribed college-level semester credit hours at Broward College.
- Earn a cumulative degree grade point average of 2.0 or higher at BC, including transfer credits, in courses that comprise the Technical Certificate.
- Complete the oral communication competency requirement as specified in the prescribed program.
- Students must fulfill the computer literacy requirement within the first 15 credit hours of enrollment at BC by successfully completing the basic student technology test or passing the CGS1060C course.
- Fulfill all financial and other obligations to the College.

Vocational Certificate

A Vocational Certificate is a program of study, usually one year or less, consisting of a prescribed number of vocational credits (non-college-level credits). One vocational credit is equal to 30 contact hours of classroom instruction. The program focuses on providing students with the specific skills for immediate job entry. The Vocational Certificate is awarded upon completion of all vocational program courses and demonstration of attainment of predetermined and specified performance requirements in reading and mathematics as defined by Florida State Board of Education Rules.

Vocational Certificate Requirements

- Complete the minimum number of required vocational clock/credit hours as established for the specific program in Florida State Board of Education Rules.

- Complete the program of study as set forth in the applicable College catalog.
- Achieve appropriate minimum basic skills grade levels established for the program on the Test of Adult Basic Education (TABE) or other tests designated by State Rules 6A-6.014 and 6A-10.040.
 - Students pursuing a vocational certificate shall complete an entry-level basic skills examination within the first six (6) weeks after admission into the program.
 - Students pursuing a vocational certificate who have an AA degree or who have met the minimum cut scores on any test listed in the above-mentioned rules, may be exempt from the test requirement.
- Complete 25% of the prescribed vocational clock/credit hours at Broward College.
- Earn a cumulative degree grade point average of 2.0 or higher at BC, including transfer credits, in courses that comprise the Vocational Certificate. (For certificate programs with only satisfactory-unsatisfactory grades, earn a satisfactory grade in all courses.)
- Fulfill all financial and other obligations to the College.

Applied Technology Diploma

The Applied Technology Diploma (ATD) is a course of study that is part of an Associate in Science or an Associate in Applied Science degree and that leads to employment in a specific occupation. The ATD may consist of either vocational credit or college-level semester credits and is approximately 50% of the technical component of the AS or AAS degree. Per State Board of Education Rule 6A-10.024, transfer of ATD coursework to an associate degree program is guaranteed for a period of three years following the date of the award of the ATD, based upon AS or AAS degree articulation agreements.

Applied Technology Diploma Requirements

- Complete the minimum number of required college-level semester credit hours as established for the specific program in Florida State Board of Education Rules.
- Complete the program of study as set forth in the applicable College catalog.
- Complete the prescribed college preparatory and English as a Second Language Program

courses, if required, with a grade of “C” or higher.

- Complete 25% of the prescribed college-level semester credit hours at Broward College.
- Earn a cumulative degree grade point average of 2.0 or higher at BC, including transfer credits, in courses that comprise the Applied Technical Certificate.
- Fulfill all financial and other obligations to the College.
- Students are required to meet oral and computer competency requirements as specified in their particular certificate program of study.

Advanced Technical Certificate

The Advanced Technical Certificate (ATC) is a program of study consisting of at least nine credit hours, but less than forty-five credit hours, of college-level courses. The ATC is awarded to

students who have already received an Associate in Science or Associate in Applied Science, or related undergraduate degree, and who are seeking an advanced specialized program of study to supplement their degree.

Advanced Technical Certificate Requirements

- Complete the program of study as set forth in the applicable College catalog.
- Complete 25% of the prescribed college-level semester credit hours at Broward College.
- Earn a cumulative degree grade point average of 2.0 or higher at BC, including transfer credits, in courses that comprise the Advanced Technical Certificate.
- Fulfill all financial and other obligations to the College.
