Speaker: Gail Sullivan, RN, MSN, ARNP, CCRN

Gail graduated with a BSN from the College of Mt. St. Vincent located in New York City. In 1996 she earned her MSN-ARNP at Florida International University in Miami, Florida. She has over 25 years of experience in the nursing profession where she has worked in varied units: Medical-Surgical, Orthopedic-Spinal Cord, Neuro Closed Head Injury, and Intensive Care Units. Her varied roles have included working as an adult nurse practitioner for 6½ years with the homeless and indigent community, a critical care educator teaching critical care courses, and as an adjunct faculty at local colleges and universities. She is an ACLS Instructor.

Course Objectives:

- Discuss and practice test-taking skills.
- Review critical anatomy, physiology and pathophysiology of each system.
- Discuss significant assessment and diagnostic findings relevant to the critical care environment.
- Discuss clinical presentation, as well as, specific patient management of commonly seen critical care conditions.
