## b. New Courses

### GRA1XXXC, [Applied Design 1](#)

**3 credits**

An introduction to the theory, history and practice of graphic design that explores a graphic designer's role in today's marketplace through lectures, speakers and field trips. Students will survey industry job titles including layout artist, package designer, web designer, advertising and branding design, as well as the increasing role of user experience and social networking design. Students will research and present a detailed examination of one facet of the industry. The class will also address ethics, copyright, and sustainability as well as business practices and professional organizations.

Lecture: 32 hours    Lab: 32 hours    Clinical: 0 Hours    Other: 0 hours  
Prereq: ART1201C & ART1300C    Coreq: None    Fee: \$48

### GRA2181C, [Portfolio & Business Design](#)

**4 credits**

Students will collect their work into a print and web portfolio that represents their mastery of the skills and standards of the graphic design program. This capstone class will include business practices, ethics, contracts and copyright issues. Issues of sustainability and environmental sensitivity will be stressed.

Lecture: 32 hours    Lab: 32 hours    Clinical: 0 Hours    Other: 0 hours  
Prereq: ART1201C, ART1300C & GRA1107C    Coreq: None    Fee: \$49

### GRA2751C, [Web Design 2](#)

**3 credits**

To extend students' expertise in web design, this class will add advanced CSS, HTML5, Flash, search engine optimization, content management system and integration, as well as usability assessment and interface design. The student will also integrate social media, podcasting and blogging into web development.

Lecture: 32 hours    Lab: 32 hours    Clinical: 0 Hours    Other: 0 hours  
Prereq: GRA2841C    Coreq: None    Fee: \$48

### GRA2880C, [Illustration Design 2](#)

**3 credits**

This advanced illustration class will expand the students' visual problem-solving vocabulary to include informational graphics, mapmaking and editorial illustration. Illustrations will use digital 2D and 3D solutions. In addition, students will incorporate natural material and construction into the process of illustration design. For informational graphics, students will research complex ideas and synthesize them into easily understood visual representations.

Lecture: 32 hours    Lab: 32 hours    Clinical: 0 Hours    Other: 0 hours  
Prereq: ART 1201C & ART1300C    Coreq: None    Fee: \$48

### GRA2XXXC, [Applied Design 2](#)

**3 credits**

The student will apply all the knowledge acquired in previous courses to this portfolio building class. Projects will cover the full spectrum of graphic design jobs, including advertising, identity systems, packaging, wayfinding systems, and site-specific design. The designer will produce examples to show potential clients and/or employers the range of their skills. Sustainable design ideals will be employed, assessed and communicated to the class with each project. The goal is to find the most eco-friendly design solutions while educating the client and meeting their needs.

Lecture: 32 hours    Lab: 32 hours    Clinical: 0 Hours    Other: 0 hours  
Prereq: GRA1107C    Coreq: None    Fee: \$48

## b. Revised Programs

2192, [Graphic Design Technology \(renamed Graphic Design\)](#)

6289, [Graphic Design Production](#)

6290, [Graphic Design Support](#)

Our professional advisory committee has called for a shift in our core focus from print design to, web design. The data shows that in the last 3 years these changes have lead to 85% of job offers are primarily for Web design, and secondly for print design skills.

Additionally we will update course names, and content to more clearly identify in the students minds that the program is all about design, as opposed to the technical and production emphasis, in the Digital Media/Multimedia programs centered at the south campus.

State of Florida Agency for Work Force Innovation claims an average salary for Graphic Designs for 2010 is \$45,635 in Broward County.

#### **d.Update Program**

2176,

##### **Diagnostic Medical Sonography AS Degree**

As a result of the program's recent Self Study and on-site visit, a number of recommendations were voiced regarding the sequence of courses within the existing program to include the required requisite courses as per the accreditation standards and the addition of lab experiences for the students.

In order to stay within the State-mandated 72 credit program length, courses need to be eliminated from the current program of study and other courses need to be revised/created to add lab or didactic content.

#### **e.Terminate Program**

6230,

##### **Diagnostic Medical Sonography Technical Certificate**

It was determined that the inactivation of the Technical Certificate in Diagnostic Medical Sonography would enhance the number of completers of the AS degree program.

Existing student would complete the certificate program by 20122

No faculty would be affected since the courses exist in AS Degree

Title: from *Recreation, Technology, and Equipment*, to *Sports, Fitness, Recreation \ Technology and Equipment.*

#### **b.Program Revisions**

2191,

##### **Parks and Recreation Management**

Proposal is to change the name from Parks and Recreation Management to Sports, Fitness and Recreation Management. The advisory committee has agreed that the new name will enhance the popularity of the program. There seems to be a higher interest in Sports Fitness and everything that it can encompass than only limiting it to Parks and Recreation Management. The goal is to attract more students while providing service to the industry.
