2. Summary of Proposal: *(750 characters, maximum)*

Program sheets for Art (1003), Art History (1095) and Art Teacher Education (1096) are to be updated. Studio/Fine Art (1124) is to be deleted.

3. Rationale for Proposal: *(750 characters, maximum)*

Program sheets for the Visual Arts have not been updated for more than a decade. The current sheets are incorrect. Updates are required so our students and counselors know the required and recommended courses for each major so that students can more easily and efficiently transfer to four-year institutions without wasting their time or resources. Indications of degree granting, state institutions available to our students also need to be updated. Studio/Fine Art (1124) is a duplicate program that repeats Art (1003). It was instituted decades ago for a curricular reason that has been lost and its presence is confusing to students, counselors and perhaps to institutions accepted our students as transfers.

4. Fee(s) *(please itemize all special course fees that will be charged to students):*

Fee Type <i>(letter/code ^^)</i>	Amount	Description

5. Should changes go into effect before the next academic year?

Yes No **X** *(If yes, please provide rationale)*
