

## Broward College Medical History and Physical Examination Form

---

In order to participate in the clinical portion of any health science program, the student must complete a Medical History and Physical Examination form. Documentation, such as lab results must be attached to the form where indicated. Prior to submitting the form, please make copies for your own records.

Failure to submit the original form - complete with documentation may prevent you from progressing to the clinical portion of your program.

To assist the student and the Health Care Examiner - MD, DO, nurse practitioner (ARNP) or physician assistant (PA) - in completing this form, instructions are provided below. **Students are responsible for the cost of the physical examination and any related expenses.**

---

---

### **Section 1:**

#### **Student Self-Report of Medical History**

This section, wherein information about past and current health status is detailed, should be completed by the student **prior** to having a physical examination. **Be sure to include the name of the program on each of the pages of the form.**

### **Section 2:**

#### **Physical Examination**

#### **Laboratory Findings and Immunization Verification**

#### **Health Care Examiner's Statement**

This section is to be completed by the Health Care Examiner (MD, DO, ARNP or PA only). All sections must be completed with a signature provided.

The Health Care Examiner will review any documentation the student provides as related to tuberculosis and tetanus. He/she will also order a titer to determine the presence or absence of immunity to rubella, rubeola, varicella and hepatitis. In the event that a titer does not indicate immunity, vaccinations will then be required.

The following sections must be reviewed and signed by the student.

### **Section 3:**

#### **Release of Information**

### **Section 4:**

#### **Permission to Render Medical Treatment**

### **Section 5:**

#### **Verification of Compliance with Technical Performance Standards**

### **Section 6:**

#### **Student Statement**

*Information detailed on the Medical History and Physical Examination form is legally privileged and confidential. It is intended for use by the Health Science program unless written consent has been provided for release to other parties.*

**Section 1: Student Self-Report of Medical History**

Last Name	First Name	Student ID #	
Address	City	State	Zip

**Section 2 continued: Laboratory Findings and Immunization Verification**

**Immunization Verification**

**Attach results** of laboratory tests and chest X-rays as indicated.

Mantoux PPD – Tuberculin Test – required annually	
Test Date:	Attach results of laboratory test
<i>If result of tuberculin test is positive, a chest X-ray is required.</i>	
Chest X-ray Date:	Attach results

Tetanus/ Diphtheria – required within last 10 years	
<input type="checkbox"/>	To verify previous vaccination, attach documentation via a medical record or examiner's statement.
<input type="checkbox"/>	Vaccination Provided _____ Date: _____

**Examiner Instructions: A titer must be completed** to verify immunity; **all negative results necessitate a vaccination**. Indicate that vaccinations have been provided in accordance with titer results. **Attach results** of laboratory tests **for the required titers listed below** and chest X-rays as indicated above.

Rubella – German Measles	
<input type="checkbox"/>	Titer Completed - Date: _____ Attach results of laboratory test
<input type="checkbox"/>	If Positive Titer - No vaccination is required as immunity has been verified
<input type="checkbox"/>	Vaccination provided in accordance with <b>negative</b> titer results _____ Date: _____

Rubeola - Measles	
<input type="checkbox"/>	Titer Completed - Date: _____ Attach results of laboratory test
<input type="checkbox"/>	If Positive Titer - No vaccination is required as immunity has been verified
<input type="checkbox"/>	Vaccination provided in accordance with <b>negative</b> titer results _____ Date: _____

Varicella - Chickenpox	
<input type="checkbox"/>	Titer Completed - Date: _____ Attach results of laboratory test
<input type="checkbox"/>	If Positive Titer - No vaccination is required as immunity has been verified
<input type="checkbox"/>	Vaccination provided in accordance with <b>negative</b> titer results _____ Date: _____

Hepatitis B - Required			
<input type="checkbox"/>	Titer Completed – Date: _____	Results: _____	
<input type="checkbox"/>	Vaccination provided in accordance with titer results	Injection 1 Date: _____	Injection 2 Date: _____
		Injection 3 Date: _____	

**Health Care Examiner's Statement**

I have verified that the individual I have examined is the named individual on this form and that the above tests/vaccinations were performed in this office/laboratory or I have reviewed any documentation relative to the student's immunization record.

**Examiner's Name** (Please print) \_\_\_\_\_

**License #** \_\_\_\_\_ **Phone** \_\_\_\_\_

**Signature of Health Care Examiner** \_\_\_\_\_ **Date** \_\_\_\_\_

*Information detailed on the Medical History and Physical Examination form is legally privileged and confidential. It is intended for use by the Health Science program unless written consent has been provided for release to other parties.*

**Section 3: Release of Information**

In conformance with 20 U.S.C. 123g (Family Education Rights and Privacy Act) and Section 228.093, Florida Statutes, I authorize Broward College and its agents to release my immunization record, upon request, to a clinical affiliation site.

\_\_\_\_ I herein give permission to duplicate the requested information and release it to the clinical site.

\_\_\_\_ I do not give permission to duplicate the requested information and release it to the clinical site.  
\_\_\_\_ I acknowledge that this may affect the program graduation requirements.

Student Signature: \_\_\_\_\_ Date: \_\_\_\_\_

**Section 4: Permission to Render Medical Treatment**

In case of serious illness or accident, I give Broward College or its representative(s) permission to secure medical and/or surgical care to include transportation to a physician or hospital of their choice, examination, medication, and surgery that is considered necessary for my good health. I understand that I am responsible for any cost incurred if not covered by the Health Care Agency Affiliation Contract.

Student Signature: \_\_\_\_\_ Date: \_\_\_\_\_

**Section 5: Verification of Compliance with Technical Performance Standards**

Each Health Science program has outlined specific Technical Performance Standards that serve to inform students of skills and/or physical/psychological demands necessary for program completion and workplace responsibilities. The standards are found on the last pages of the Medical History form.

After review of the Technical Performance Standards for my program of study:

\_\_\_\_ I have determined that I will be able to perform the standards or essential skills listed.

\_\_\_\_ I have determined that I will be able to perform the standards or essential skills listed but will require reasonable accommodation. I have registered with Disability Services and will arrange to meet with the Associate Dean to determine the accommodation necessary.

Student Signature: \_\_\_\_\_ Date: \_\_\_\_\_

**Section 6: Student Statement**

The information provided on the Medical History and Physical Examination form is accurate to the best of my knowledge. I have attached all results of laboratory test and documentation of immunizations as required.

I am aware that the Medical History and Physical Examination form will be reviewed and will be returned to me if there are any incomplete sections or if additional documentation is requested.

I understand that failure to complete the form correctly may jeopardize my participation in the clinical portion of the program.

Student Signature: \_\_\_\_\_ Date: \_\_\_\_\_

## Technical Performance Standards Medical Assistant Program

### Description of the Profession:

A Medical Assistant is a professional multi-skilled person dedicated to assisting in all aspects of the medical practice under the direct responsibility of a physician. This practitioner assists with patient care, management, performs administrative and clinical duties, and often performs managerial and supervisory functions. Dealing in the medical practice requires that the Medical Assistant adhere to ethical, legal and technical standards of professional behavior.

### Requirements of the Profession:

#### A. Education

1. Graduate from an accredited program in Medical Assisting
2. Credentialed by the American Association of Medical Assistants
3. Certified by and hold a current Florida limited license in Radiology (in some cases)

#### B. Job Requirements

This profession requires the ability to:

- a. Work with patients of all ages, race, creeds and physical conditions. The ability to work with newborns, children, adolescents, adults, and geriatrics patients in a safe and productive manner is essential.
- b. Interact with patients and other health care personnel verbally by greeting, giving directions or instructions.
- c. Utilize written communications to assess clinical records. Comprehend and employ appropriate medical terminology and interact with the health care team in writing impressions regarding clinical and medical data as permitted by employer policy.
- d. Utilize the skills needed to perform procedures with "universal precautions" when working with all types of patients.
- e. Utilize fine motor coordinator sufficient to calibrate and use equipment properly and safely. Coordinate movement of equipment and accessories such as wheelchairs, examination tables and radiographic equipment.
- f. Assist in moving heavy objects as well as assist in moving and transferring patients from wheelchairs, examination tables and x-ray tables.
- g. Spend a great deal of time in an air-conditioned environment with minimal exposure to sun-rays. Clinical Medical Assistants are constantly walking, talking with patients and with other health care professionals. A Clinical Medical Assistant spends a great deal of time on his/her feet.
- h. Handle and collect blood samples from all types of patients as well as other body fluids. Clinical Medical Assistants are frequently exposed to blood and other body fluids. There is none to minimal exposure to radiation, which is monitored by a film badge provided by the program while on training and by the employer after graduation.
- i. Have fine auditory skills sufficient to monitor and assess health care needs including but not limited to hearing monitor alarms, emergency signals, auscultatory sounds and verbal orders.
- j. Utilize the sense of touch in order to provide patient care, such as palpating a pulse or a blood vessel.
- k. See and distinguish shades of colors. Clinical Medical Assistants must be able to distinguish between black, white and shades of gray tones in images such as radiographs.
- l. Utilize critical thinking skills to identify cause-effect relationship in order to make judgments and set priorities in clinical situations.
- m. Function during stressful situations in a calm and safe manner.
