

Broward College Medical History and Physical Examination Form

In order to participate in the clinical portion of any health science program, the student must complete a Medical History and Physical Examination form. Documentation, such as lab results must be attached to the form where indicated. Prior to submitting the form, please make copies for your own records.

Failure to submit the original form - complete with documentation may prevent you from progressing to the clinical portion of your program.

To assist the student and the Health Care Examiner - MD, DO, nurse practitioner (ARNP) or physician assistant (PA) - in completing this form, instructions are provided below. **Students are responsible for the cost of the physical examination and any related expenses.**

Section 1:

Student Self-Report of Medical History

This section, wherein information about past and current health status is detailed, should be completed by the student **prior** to having a physical examination. **Be sure to include the name of the program on each of the pages of the form.**

Section 2:

Physical Examination

Laboratory Findings and Immunization Verification

Health Care Examiner's Statement

This section is to be completed by the Health Care Examiner (MD, DO, ARNP or PA only). All sections must be completed with a signature provided.

The Health Care Examiner will review any documentation the student provides as related to tuberculosis and tetanus. He/she will also order a titer to determine the presence or absence of immunity to rubella, rubeola, varicella and hepatitis. In the event that a titer does not indicate immunity, vaccinations will then be required.

The following sections must be reviewed and signed by the student.

Section 3:

Release of Information

Section 4:

Permission to Render Medical Treatment

Section 5:

Verification of Compliance with Technical Performance Standards

Section 6:

Student Statement

Information detailed on the Medical History and Physical Examination form is legally privileged and confidential. It is intended for use by the Health Science program unless written consent has been provided for release to other parties.

Section 1: Student Self-Report of Medical History

Last Name	First Name	Student ID #	
Address	City	State	Zip
Home Phone #	Work Phone #	Cell #	
Emergency Contact Name	Relationship	Contact at:	
Email Address		Gender: ___ M ___ F	

Review of Systems / Medical History — please check all that apply			
Abnormal Bleeding		Hepatitis	
Allergies		Hernia	
Anemia		High Blood Pressure	
Anxiety		High Cholesterol	
Arthritis		Intestinal / Stomach Trouble	
Asthma		Low Back Condition / Scoliosis	
Cancer of _____		Mononucleosis	
Chest Pain		Neck Condition	
Chronic Cough		Neurological Disorder	
Concussion / Head Injury		Orthopedic Disorder	
Emotional Disturbance		Prior Surgery	
Depression		Rheumatic Fever	
Diabetes		Seizure Disorder	
Ear Trouble / Hard of Hearing		Sickle Cell Trait	
Eating Disorder		Sinus Problems	
Eye Trouble / Vision Loss		Skin Disease	
Fracture of _____		Splenectomy	
Gallbladder Disease		Sprain of _____	
Headaches / Migraines		Syncope / Fainting	
Heart Murmur or Arrhythmia		Thyroid Disease	
Heart Problems (other)		Tuberculosis	

Provide information regarding any of the boxes checked above.

Please indicate any health concerns, if any, that you presently have:

Drug Allergies/Medicine Sensitivity/Latex Allergy/Food or Environmental Allergy

- | | |
|--|---|
| <input type="checkbox"/> None | <input type="checkbox"/> Penicillin, Ampicillin |
| <input type="checkbox"/> Latex allergy | <input type="checkbox"/> Other _____ |

Section 2 continued: Laboratory Findings and Immunization Verification

Immunization Verification

Attach results of laboratory tests and chest X-rays as indicated.

Mantoux PPD – Tuberculin Test – required annually	
Test Date:	Attach results of laboratory test
<i>If result of tuberculin test is positive, a chest X-ray is required.</i>	
Chest X-ray Date:	Attach results

Tetanus/ Diphtheria – required within last 10 years	
<input type="checkbox"/>	To verify previous vaccination, attach documentation via a medical record or examiner's statement.
<input type="checkbox"/>	Vaccination Provided Date:

Examiner Instructions: A titer must be completed to verify immunity; **all negative results necessitate a vaccination**. Indicate that vaccinations have been provided in accordance with titer results. **Attach results** of laboratory tests **for the required titers listed below** and chest X-rays as indicated above.

Rubella – German Measles	
<input type="checkbox"/>	Titer Completed - Date: Attach results of laboratory test
<input type="checkbox"/>	If Positive Titer - No vaccination is required as immunity has been verified
<input type="checkbox"/>	Vaccination provided in accordance with negative titer results Date:

Rubeola - Measles	
<input type="checkbox"/>	Titer Completed - Date: Attach results of laboratory test
<input type="checkbox"/>	If Positive Titer - No vaccination is required as immunity has been verified
<input type="checkbox"/>	Vaccination provided in accordance with negative titer results Date:

Varicella - Chickenpox	
<input type="checkbox"/>	Titer Completed - Date: Attach results of laboratory test
<input type="checkbox"/>	If Positive Titer - No vaccination is required as immunity has been verified
<input type="checkbox"/>	Vaccination provided in accordance with negative titer results Date:

Hepatitis B - Required			
<input type="checkbox"/>	Titer Completed – Date:	Results:	
<input type="checkbox"/>	Vaccination provided in accordance with titer results	Injection 1 Date:	Injection 2 Date: Injection 3 Date:

Health Care Examiner's Statement

I have verified that the individual I have examined is the named individual on this form and that the above tests/vaccinations were performed in this office/laboratory or I have reviewed any documentation relative to the student's immunization record.

Examiner's Name (Please print) _____

License # _____ **Phone** _____

Signature of Health Care Examiner _____ **Date** _____

Information detailed on the Medical History and Physical Examination form is legally privileged and confidential. It is intended for use by the Health Science program unless written consent has been provided for release to other parties.

Section 3: Release of Information

In conformance with 20 U.S.C. 123g (Family Education Rights and Privacy Act) and Section 228.093, Florida Statutes, I authorize Broward College and its agents to release my immunization record, upon request, to a clinical affiliation site.

____ I herein give permission to duplicate the requested information and release it to the clinical site.

____ I do not give permission to duplicate the requested information and release it to the clinical site.
____ I acknowledge that this may affect the program graduation requirements.

Student Signature: _____ Date: _____

Section 4: Permission to Render Medical Treatment

In case of serious illness or accident, I give Broward College or its representative(s) permission to secure medical and/or surgical care to include transportation to a physician or hospital of their choice, examination, medication, and surgery that is considered necessary for my good health. I understand that I am responsible for any cost incurred if not covered by the Health Care Agency Affiliation Contract.

Student Signature: _____ Date: _____

Section 5: Verification of Compliance with Technical Performance Standards

Each Health Science program has outlined specific Technical Performance Standards that serve to inform students of skills and/or physical/psychological demands necessary for program completion and workplace responsibilities. The standards are found on the last pages of the Medical History form.

After review of the Technical Performance Standards for my program of study:

____ I have determined that I will be able to perform the standards or essential skills listed.

____ I have determined that I will be able to perform the standards or essential skills listed but will require reasonable accommodation. I have registered with Disability Services and will arrange to meet with the Associate Dean to determine the accommodation necessary.

Student Signature: _____ Date: _____

Section 6: Student Statement

The information provided on the Medical History and Physical Examination form is accurate to the best of my knowledge. I have attached all results of laboratory test and documentation of immunizations as required.

I am aware that the Medical History and Physical Examination form will be reviewed and will be returned to me if there are any incomplete sections or if additional documentation is requested.

I understand that failure to complete the form correctly may jeopardize my participation in the clinical portion of the program.

Student Signature: _____ Date: _____

Technical Performance Standards Respiratory Therapy Program

The technical performance standards of the Health Science programs outline the expectations and abilities considered essential for student success relative to achieving the level of competency required for graduation and for a career in the field of respiratory care. Potential students should carefully review all of the standards as detailed below.

Data Collection Standards

- Tactile ability sufficient for collection and assessment of data such as pulse, temperature, texture, size, shape, muscle tone. Ability to adjust settings on equipment as needed.
- Auditory ability sufficient to monitor and assess health care needs including but not limited to hearing monitor alarms, emergency signals, evaluate breath sounds and heart sounds, and verbal communication as when a patient/client calls for assistance
- Olfactory ability sufficient for patient/client assessment as in determining typical odors related to infectious agents.
- Visual ability sufficient for assessing and observing the patient/client and environment including near and far acuity, depth perception, visual fields, and other characteristics of objects.

Communication Standards

- Possess sufficient communication skills to interact effectively with others verbally, non-verbally and in written form demonstrating sensitivity to individual and cultural differences
- Ability to express self verbally in a language that will be understood by a majority of patients/clients
- Ability to explain interventions, provide patient/client education, and assess/relate patient/client response to interventions
- Possess the ability to recognize, interpret and respond to non-verbal cues from patients/clients, self and others

Working Conditions

- There is frequent exposure to blood and body fluids from patients as well as the potential for exposure to air borne pathogens.
- Must be able to perform in frequent stressful situations.
- Must be able to deal with conflict resolution and must have effective confrontational skills.

Sensorimotor Standards

- The respiratory care practitioner is required to pull and push heavy objects as well as assist in moving patients to and from stretchers, wheelchairs, or beds. They are required to position patients and assist in lifting, moving and restraining patients.
- The practitioner is required to stand and walk for extended periods of time and must be able to bend, stoop, kneel and run.
- Fine motor abilities: Must be able to write documentation of patient care/assessment
- Reaching: Must be able to extend the arms and hands in all directions.
- Handling: Must be able to seize, hold, rotate, and control objects with the hands.
- Fingering: Must be able to pick up with fingers.
- Feeling: must be able to perceive such attributes of objects and materials as size, shape, temperature or texture by means of receptors in the skin; particularly those of the fingertips.

Information detailed on the Medical History and Physical Examination form is legally privileged and confidential. It is intended for use by the Health Science program unless written consent has been provided for release to other parties.

Intellectual and Conceptual Standards

- Ability to assimilate, within a reasonable amount of time, large amounts of complex, technical and detailed information from a variety of sources
- Ability to identify cause-effect relationship in order to make judgments and set priorities in clinical situations
- Recognize physiological changes in patient/client status and act appropriately
- Ability to prioritize multiple tasks, integrate information and make decisions promptly

Behavioral and Social Standards

- Possess sufficient interpersonal skills to establish meaningful and effective rapport with patients/clients, families, and colleagues from a variety of different social, emotional, economic, cultural, ethnic, religious and intellectual backgrounds as well as within all age groups
- Ability to cope with heavy workload schedule and patient demands
- Function effectively during periods of high stress
- Display adaptability
- Accept responsibility for own behavior
- Engage in self-assessment activities which includes identification of learning needs

Ethical Standards

- Exhibit a respect for truth and a commitment to honesty in all didactic and clinical pursuits
- Adhere to ethical and legal guidelines established by applicable national organizations and governmental agencies
- Abide by all institutional regulations.
- Appreciate and respect patient/family confidentiality
