

NURSING (R.N.)
Nursing (R.N.) Associate in Science Degree Major Code 2127
LPN-RN Transition Major Code 21271

Program Description

The Associate in Science Degree Nursing Program is designed to prepare the individual student for a career as a professional nurse. The program's mission is to prepare competent, compassionate, and culturally sensitive entry-level nursing graduates whose professional practice encompasses legal and ethical decision-making in the promotion of health in the community. The practice of professional nursing means the performance of those acts, which require substantial specialized knowledge, critical judgment, critical thinking, and nursing skill, based upon applied scientific principles. The graduate nurse practices holistic nursing incorporating biophysical, psychosocial, spiritual, cultural, and wellness concepts.

The Nursing Program is approved by the Florida Board of Nursing, accredited by the National League for Nursing Accrediting Commission Inc. (NLNAC), and holds membership in both the Associate Degree Council of the National League for Nursing and the National Organization for Associate Degree Nursing (N-OADN). The Florida Board of Nursing mailing address is 4052 Bald Cypress Way, Tallahassee, Florida 32399-3257. www.doh.state.fl.us. NLNAC is located at 61 Broadway, 33rd Floor, New York, NY, 10006, (800) 669-1656, or Fax (212)-812-0390. www.nlnac.org.

The student who has met all educational and institutional requirements for an Associate in Science Degree in Nursing from Broward Community College is eligible to have his/her name submitted to the Florida Board of Nursing to be considered as a candidate for the NCLEX-RN. The Florida Board of Nursing is the state agency authorized to determine if the applicant qualifies to take the National Council Licensure Examination (NCLEX-RN) for licensure as a Registered Nurse in Florida. For licensure requirements, refer to sections 464.008 and 464.009, Florida Statutes (F. S.), Rules 64B9-3.002 and 3.008, Florida Administrative Code (F.A.C.)

The Florida Board of Nursing, in accordance with the Rules and Regulations of the Nurse Practice Act, will determine if a nursing program graduate is eligible for licensure when there is an arrest/conviction record. **All individuals with a criminal or discipline history should read Chapter 464, Florida Statutes (F.S.) and Chapter 64B9, Florida Administrative Code (F.A.C.) as they pertain to the practice of nursing. The Board of Nursing encourages all individuals with a criminal or discipline history to fully understand these requirements. For more information refer to the Florida Board of Nursing web site <http://www.doh.state.fl.us/mqa/nursing> or call 850-488-0595 or email MQA_Nursing@doh.state.fl.us.**

General Program Information

The Nursing Program offers two fulltime program options for the Associate in Science Degree in Nursing: The Generic Option and the LPN-RN Transition Option. Both program options are offered in the traditional classroom setting and the online/internet setting. The Generic Option is for those student applicants who have no previous nursing education. The LPN-RN Transition Option is for those students who already hold a current Florida Practical Nursing License without restrictions. The LPN-RN Transition program recognizes the Florida Licensed Practical Nurses' knowledge and skill level, and provides them the opportunity to receive experiential learning credits for Nursing Process I/II (Fundamentals of Nursing) nursing courses.

The Generic Option and LPN-RN Transition Option are both offered in the traditional classroom setting or via the Internet (Online Option). The Online Option offers the nursing program theory as a Flexible Learning course designed for students who prefer a blend of online and on campus learning. The online program objectives and program completion requirements are identical to the traditional nursing program.

Online nursing courses are equivalent to courses taken in the standard contact hour format. The cost of tuition is the same as for those courses offered in the traditional classroom setting. However, students enrolled in online nursing courses may be assessed special fees.

Online nursing courses require on campus meetings for orientations, labs, instruction, and proctored exams. Required meeting dates are listed in the course schedule and in course syllabi. Students enrolled in the online nursing courses must be able to attend clinical experiences in Broward County and come to campus for exams and lab activities.

The nursing program combines studies in general education and nursing education at the College with selected clinical experiences in hospitals and other community facilities. Nursing courses require students to spend a combined 20 to 36 hours per week in the classroom and clinical settings. The program consists of 72 credits. The ratio of clock hours to credit hours in the clinical courses is 3.5 to 1. There are 56 hours of clinical practicum for each credit and 16 hours of theory for each credit. Generic students attend 1008 hours of clinical. LPN-RN Transition students attend 728 hours of clinical. Clinical hours are a combination of nursing experiences in acute care and extended care facilities; community health; and nursing campus lab setting. All clinical hours are mandatory and it is expected that students will have made arrangements to meet the total required hours. All nursing students must have Internet access and the capability to perform basic computer skills such as word processing, sending and receiving emails, and file management.

Criminal Background and Drug Screenings

Clinical affiliating agency sites require students to be fingerprinted, pass drug screening and background checks, and clear the HHS/OIG list of excluded individuals and the GSA list of parties excluded from federal programs. Compliance with this requirement and satisfactory findings are essential for clinical placement and progression. Students who fail to submit to a background check or students whose background checks indicate a conviction as specified in Florida Statutes Title

XXI, Chapter 435.04 Level 2 Screening Standards may not be eligible for admission and/or may be dismissed from the nursing program. A history of past arrest and conviction may prohibit students from being licensed in Florida. Students should contact the Florida Board of Nursing to determine their eligibility for licensure based on the criminal background prior to submitting an application to the nursing program.

Broward Community College Nursing Program acknowledges the problem of substance abuse in our society and perceives this problem as a serious threat to employees, students, and patients. It is the intent of the College to establish and maintain a drug-free work place. The College policies related to substance abuse can be found in the current [Broward Community College Student Handbook](#).

Incoming students for the Nursing Program shall be drug screened through arrangements made by the school and the screening agency. Students are responsible for the cost of all screenings. A student needs to be aware that they may be denied participation and placement at a clinical agency based on the background or drug screening findings and the clinical agency's pre-employment screening policy. Withdrawal from the program will be necessary if a student cannot be placed in a clinical agency to meet program practicum requirements.

A negative drug screen will be required in order to enroll in any nursing course. Additionally, students must agree, at the time of admission into the program, to be drug tested at any time while in the program. Evidence of substance abuse will result in immediate administrative dismissal from the program. Nursing students must notify the Associate Dean of the Nursing Program if they are taking prescription drugs that have the potential to affect performance in the clinical area. If a nursing student is dismissed from the nursing program for substance abuse, this action may be reported, if appropriate, to the Intervention Project for Nurses of the Florida Board of Nursing and/or another appropriate assisting agency.

ALL NURSING STUDENTS WHO ARE ADMITTED, OR RE-ADMITTED, TO THE NURSING PROGRAM SHALL ADHERE TO ALL CURRENT DEPARTMENTAL POLICIES.

Criteria for Admission to the Nursing Program

Before submitting an application to the nursing program the student must:

- Complete all nursing pre-requisite courses with a "C" or better and a minimum grade point average (GPA) of 2.5. The pre-requisites courses are listed below. Students applying for the LPN-RN Transition Option must hold a current Florida LPN License without restrictions.

Eligibility for admission into the nursing program will be dependent upon the following:

- Ability to meet the Performance Standards for the Nursing Program. In order to insure the safety of both the student and the patient(s) under their care, students must be able to meet Performance Standards to enter and remain in the program. A copy of the Performance Standards for the Nursing Program can be obtained from the Nursing Program web page.
- HCP0130 (Health Care Career Course) 75.0 Contact Hours. The student may be eligible for a waiver, contact Health Science Admissions for more information.
- Satisfactory score on the nursing preadmission exam.
- Satisfactory Criminal Background Check and Drug Screening.

The following must be submitted to the Nursing Department on the campus where the student will be attending nursing courses prior the nursing orientation:

- Completion of a Medical History and Physical Examination prior to the start of the first nursing course. Admission into the Nursing Program is provisionally based upon acceptance of the approved health evaluation record. This health evaluation record must be submitted no later than the orientation day for nursing students.
- BLS-Basic Life Support for Health Care Providers (CAE0299). The curriculum must be approved by the American Heart Association 8 Contact Hours
- CAE0474 (Domestic Violence) 2.0 Contact Hours; CAE0382 (HIV/AIDS) 4.0 Contact Hours; CAE 0476 (OSHA/TB/Hepatitis) 6.0 Contact Hours; CAE 0528 (Prevention of Medical Errors) 2.0 Contact Hours

Graduation Requirements for the Associate of Science Degree in Nursing (RN):

- Completion of 72 semester credit hours curriculum plan listed below with a degree GPA of 2.0 or higher.
- Complete all courses with a grade of "C" or higher.
- Refer to AS Degree Requirements outlined in the catalog

The following pre-requisite courses must be completed with a minimum 2.5 GPA, prior to submitting the Nursing Program admissions application

Total Semester Hours 36
****LPN Transfer Credit** 9
Total Program Semester Hours 72

*Requires a pre- or co-requisite. Refer to the course descriptions found in this catalog or online.

**Upon completion of NUR 2020 and NUR 2000L, nine (9) semester credits will be awarded for the LPN. license. A fee will be charged.

***Successful completion of the Nursing Program will satisfy the SACS oral communication competency standard

It is strongly recommended that students see an academic advisor or counselor every term.

Articulation Agreements

There is a statewide articulation between all state supported Associate in Science Degree in Nursing programs and Bachelors in Science in Nursing degree programs.

NOTE: Successful completion of the basic student technology literacy test, or passing CGS1060C, Computer and Internet Literacy, is required to earn this degree.
