

HEALTH SERVICES MANAGEMENT
Associate in Applied Science Major Code A014 and
Associate in Science Major Code 2129

Program Description

The Health Services Management Associate Degree Programs are designed for health care personnel who have completed a post secondary adult vocation or college certificate or degree from an accredited certificate or degree program in a health science area and are interested in administration/management or currently hold such a position. Students are awarded up to 20 credits based upon the length of the program and current work experience in the field.

Health care administrators plan, organize, and coordinate the delivery of health care at hospitals, nursing homes, public health agencies, outpatient clinics, medical and dental offices, and other health facilities. The curriculum was designed to provide the student with basic management skills allowing students to select courses most suitable to their career goals or work environment. Each student will complete one administrative practicum.

Applicants should call 954-201-2890 for admission information. Program information can be accessed at 954-201-6904. General Education courses are offered at all BC locations

Criteria for Admission to Health Services Management Associate in Applied Science and Associate in Science
