

**MARINE ENGINEERING MANAGEMENT**  
**Marine Engineering Management - Associate in Science Major Code 2198**

---

**Marine Engineering Management - Associate in Science Major Code 2198**

**Program Description**

The Marine Engineering Management degree is designed to prepare students interested in a career in the large yacht maintenance, repair and retrofit industry. Broward County is the world leader in the yacht industry and is in high demand of qualified technicians to work on yachts with diesel engines and sophisticated sustainable systems. Completers of the program may be employed in boat yards working on multi-million dollar vessels and the latest technology in marine equipment. The lifestyle may also include being part of the on-board crew and traveling around the world. Career advancement in management is a probable progression in the field.
