PROJECT BUSINESS CASE

| |
|---|
| Project Overview |
| Recently regulations have changed which now allows Higher Education to use Pinless Debit cards for Web payment transactions. This change will allow BCC to reduce the processing costs for each student payment made on our Web site using a debit card. This will require re-certification of our Web Payment System to include this new option. |
| Business Goals |
| Reduce Merchant Services cost for processing Debit card charges |
| Success Factors |
| Actual reduction in Merchant Services |
