

Project Proposal

Project Name: Modifications to Scholarship Recalc Program		Submission Date: 07/31/2008
Submitting School: Broward College	System: Financial Aid	Subsystem: Awards
Project User Sponsor Contact Info: Marcia M. Conliffe	Project Executive Sponsor:	Institutional Rank: 6
When do you expect to implement this project? <input checked="" type="checkbox"/> Upon Completion <input type="checkbox"/> With the port <input type="checkbox"/> At a separate time, outside of the port		
Is this a state or federal mandate? Yes, state		
Project Description: Please enter a brief description of the proposed project here. First, tell us why the project should be considered. Then, tell us what you want the project to accomplish and be as specific as you can; the more details you provide, the easier it will be for us to evaluate your project. <p>The Florida Bright Futures scholarship program provides full tuition financial assistance to over 1700 Broward College students in 2008. In the aidyear 0607 we offered Bright Future scholarships to 1642 students; in 0708 the number grew to 1957 students, a 16% increase. Although processing for 0809 has just begun we already have 1418 students offered Bright Future Scholarships.</p> <p>The program needs to be updated to check such things as high school diploma, residency status, immigratin status, remaining credits covered, allow students to audit classes and not remove the award, and early admission status. Currently all of these data elements must be checked by the SFS staff manually.</p> <p>The manual verification of data is subject to error as well as requiring increasing man hours as the student population increases.</p>		

Project Name: Modifications to Scholarship Recalc Program	Submission Date: 07/31/2008
<p>Benefits and Goals: How will this project benefit the consortium institutions?</p> <p>All schools are governed by these state requirements. Manual work will be eliminated and the accuracy of the awards will increase. The data elements will be checked before awarding the students so we can be certain we are meeting the state regulations.</p>	
<p>Project Risk: What risks are associated with this project?</p> <p>Audit criticism for paying students that are now not eligible or not giving a student the correct amount of aid they are eligible for.</p>	
<p>Additional Comments and supporting documents: Please add any additional information or comments which may support your project.</p> <p>BC Project - 288</p>
