

Project Name: Degree Audit Rewrite in XML	Submission Date: 07/31/2008
Benefits and Goals: Provide students with the ability to view degree audit in a way that they can understand.	
Project Risk: Non-completion of automation of Educational Plans for students. Ratio of student to advisor is too high and climbing. Success of students is impacted.	
Additional Comments and supporting documents: This project is on-hold. There is a possibility that this project could be combined with BC Project 285 - Educational Planning for Students BC Project - 296
