Experience the summer of a lifetime! Spend three weeks in Italy while earning 4 to 8 credits toward your degree. These courses fulfill the language and physical science requirements for an A.A. or B.S. degree at Broward College.

Broward College invites students to explore the culture, history and geology of Italy while acquiring Italian language skills through its faculty-led summer study program in the renaissance city of Urbino, home of Raphaello and the Dukes of Montefeltro. Learn about interesting historic events and legends, including why Federico, Duke of Urbino, had part of his nose removed.

Enjoy the beach life of Pesaro and Rimini, as well as three full days in Rome, the Eternal City. The program cost also includes one day excursions to Florence, Ravenna, Caves of Frasassi, Gradara, Perugia, Assisi and Fabriano.

**Earn 4 credits in Italian**
(ITA1120 or ITA1121)
Follow in Dante’s footsteps from the cities of Florence to Ravenna.

**Earn 4 credits in Physical Science**
(GLY1010 and GLY1010L)
Participate in several geologic expeditions, learning the geology of the Tuscany and Marche regions, as well as why Urbino is at the center of the extinction of the dinosaurs.

*Fieldtrips are included as a supplement to the learning experience. Students will receive a detailed syllabus of all activities scheduled during the stay.*

**Total Cost:** $3500
