IRS Federal Withholding Tax Status Information for Student Payments

The college may request additional information from students who are not United States citizens or do not have permanent resident cards (green cards). Broward College is required by the Internal Revenue Service (IRS) to determine the tax status of all students receiving payments from the college. Student payments may include financial aid grants, scholarships, prize monies and/or rent monies. Upon determination of tax status, the college may be required to report and/or withhold federal income tax from a payment.

I agree that, upon accepting funds made available by Broward College, I will abide by the criteria set for receiving the scholarship. I understand these funds may be awarded for fall and winter terms only. Scholarships are not renewable and must be applied for each term by the deadline dates. Only one application may be submitted each term. Summer term is not eligible.
