

**BROWARD COLLEGE FIRE SCIENCE DEPARTMENT**  
**"B" SHIFT Broward County**  
**FIRE OFFICER 1**  
**TERM 20102 20103 20111**

**PROGRAM DESCRIPTION:** Fire Officer 1 (FO 1) Certification is based upon minimum standards designated by the state, in accordance with NFPA Standard 1021 (Professional Qualifications for Fire Officer). The FO 1 program at Broward College includes eight (8) credit courses, consistent with education requirements established by the Bureau of Fire Standards and Training.

All courses provide (40) contact hours plus an (8) hour equivalent project requirement in a condensed time frame, over a five week period. Regular grades and college credits are earned for each course. The program is designed to prepare firefighters for promotion to Fire Company Officer or to improve the effectiveness of personnel already serving in this capacity. Most area FDs either have (or) are considering FO 1 certification as a requirement for promotion. Students accepted into the program are expected to take the FO 1 examination given by the State, and to provide test results to Broward College for program review, revision and statistical analysis.

**All students must be registered with the State of Florida Fire College and have a State Student I.D. Number for admission to the program. If you do not have a Student I.D. from the state, one may be obtained at the State's web site:** [www.floridastatefirecollege.org](http://www.floridastatefirecollege.org).

**LIST OF COURSES:**

FFP 2939	INTRODUCTION TO COMMAND
