Fort Lauderdale, FL 33301

RE: Facilities Commission Campus Sustainability Award

Dear President Armstrong:

I am pleased to announce that Broward College was the winner of the first Campus Sustainability Award from the FACC-Facilities Commission. Dr. Green and Mr. Fowler submitted a detailed account of your institution's effort in sustainable practices including extensive board policies and other administrative practices, to the first ever community college LEED Certified building in the State of Florida. Congratulations to your entire staff!

We would like to present the award to you or your designee at the FACC Convention's Award Ceremony in Orlando on November 20, 2008 between 11:00am and 12:00 pm. Please let me know who will be in attendance.

Once again, I thank you for sharing your expertise in sustainable practice. The Facilities Commission is compiling all the best practices of the award submittals into an educational tool for the FACC website. Our hope is for other colleges to learn and benefit from the efforts your institution has made in sustainability.

Very Truly Yours,

Traci C. Steen

Traci C. Steen, Esq.
Chair, FACC-Facilities Commission

CC: Dr. Peggy Green, Professor Environmental Science, Chair of Environmental Sustainability Committee
Mr. David Fowler, Mechanical and Environmental Engineer
