GENERAL STATEMENT

It is the policy of Broward College to issue Timely Warnings/Crime Alerts in an effort to notify the campus community about certain crimes in and around our community. Timely warnings will be issued for the following classifications of reported crimes: criminal homicide, sex offenses, robbery, aggravated assault, burglary, motor vehicle theft and arson that are considered to represent a serious and continuing threat to students, faculty or staff. Timely warnings may also be issued for other reported crimes as deemed appropriate under the circumstances. Determining whether to issue a Crime Alert for non-Clery Act crimes shall be evaluated on a case-by-case, taking into account both the frequency of offense and likelihood for additional occurrence.

For the purposes of this policy, “timely” means as soon as the pertinent information is available as defined in the Clery Act. It is further the policy of Broward College to maintain compliance with applicable features of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act as mandated by the Department of Education.

THE POLICY and THE STUDENT:

Broward College students are required to submit up-to-date contact information to Broward College in order to allow for prompt receipt of Timely Warnings.

THE POLICY and THE FACULTY AND STAFF:

Broward College faculty and staff are required to submit up-to-date contact information to Broward College in order to allow for prompt receipt of Timely Warnings.

IMPLEMENTATION and OVERSIGHT:

The President, or designee, is responsible for the implementation and oversight of this policy.

The Associate Vice President of Safety, Security and Emergency Preparedness (AVP SSEP) is responsible for consulting with department staff, local police department(s), and with other campus authorities (as deemed necessary) in making the determination on a case-by-case basis of when “timely notification” information in the form of a Crime Alert is disseminated.

Prior to dissemination, the AVP SSEP will, without delay and taking into account the safety of the campus community, carefully determine what information will be released pertaining to the situation at hand. In the case where information is withheld, it will be due to the professional judgment of responsible authorities that the release of such information will compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

Timely Warning alerts will contain in the subject line the phrase “Notification” or “Crime Alert” depending on the severity of the threat. The body of the Timely Warning will include a short description of the crime or incident giving the time and date, location, reported offense, suspect description, weapon used (if any), and suspect vehicle
