- Review the student’s military training as it applies to students program for possible credit.
- Advise students on any academic requirements needed to complete an academic program.
- Provide guidance to students who are enrolled in more than one degree to comply with VA requirements on this issue.

Prior Learning

The Joint Services Transcript (JST) provides coursework taken from the (Army, Coast Guard, Marine Corps, and Navy: Active Duty, Reserve and Veterans).

Information for Advisors

Degree Programs
Veterans and dependents of veteran students can be certified for AA, AAS, selected AS, BS and certificate programs. Advisors may only approve veterans for those courses that satisfy degree requirements. Dual major students must be approved by academic advisor.

Substitutions
The Veterans Administration (VA) will allow course substitutions for program requirements if the school approves them and documents in the student's file.

Rounding Out
An advisor may verify a VA student to round out a schedule with non-required courses to bring the course load up to a full-time schedule in the last term only. This allows students to continue to receive benefits at the full-time rate in their last term of enrollment, even though fewer credits are required to complete the program. This procedure can be used only once per program.

In rounding out a full-time schedule, VA students may use any credit hour unit subject, including a subject that has previously been successfully completed (received a passing grade).
