## UNIT TITLES

1. Presentation of the Selected Project in Ceramics
2. Investigation and Manipulation of the Ceramics Processes
3. Documentation of the Project

## **UNITS**

### **Unit 1 Presentation of the Selected Project in Ceramics**

#### **General Outcome:**

- 1.0 The student shall: prepare a proposal discussing their action plans for investigating a target area in ceramics.**

#### **Specific Measurable Learning Outcomes:**

**Upon successful completion of this unit, the student shall be able to:**

- 1.1 Write a coherent proposal which applies specific ceramics principles to a systematic investigation of a ceramics target area**

**Common Course Number: ART2906**

**Unit 2 Investigation and Manipulation of the Ceramics Processes**

**General Outcome:**

**2.0 The student shall: carry out their action plans.**

**Specific Measurable Learning Outcomes:**

**Upon successful completion of this unit, the student shall be able to:**

- 2.1 Carry out a systematic action plan for investigating a ceramics target area(s)**
- 2.2 Apply ceramics principles and manipulate ceramics processes successfully**
- 2.3 Visually articulate concepts (i.e.: content) that go beyond technical and formal manipulations**

**Common Course Number: ART2906**

**Unit 3 Documentation of the Project**

**General Outcome:**

- 3.0 The student shall: present a completed ceramics artwork(s) that documents his/her ceramics project and supports the student's conclusions resulting from the study.**

**Specific Measurable Learning Outcomes:**

**Upon successful completion of this unit, the student shall be able to:**

- 3.1 Present documentation of the project**
- 3.2 Present conclusions resulting from the research of the target area(s)**
- 3.3 Identify the “next step” in future research of the target area(s)**
