PREREQUISITE(S): DEH 1003, DEH 1003L, DEH 2400, DEH 1800, DEH 1800L, DES 2050, DEH 1802, DEH 1802L, DEH 1602, DEH 1130, DEH 2701, DES 1051, DEH2804L

COREQUISITE(S): DEH 2806, DEH 2701L

COURSE DESCRIPTION: This laboratory course provides continuation of clinical experience with patients, developing previously learned skills and knowledge. The emphasis is placed on advanced instrumentation and patient management skills necessary to treat the more difficult patient.

UNIT TITLES

1. Patient care for the child, adolescent, adult, geriatric and medically compromised patients.

Common Course Number: DEH 2806L

ASSESSMENT:

BROWARD COMMUNITY COLLEGE COURSE OUTLINE

The students will be assessed on the course outcomes as follows:

1. Patient assessments 20%
Patient prophylaxis 30%
Mockboard patient 15%
Soft Tissue Management case 15%
Radiographs 10%
Daily evaluation 10%

2. Completion of the DEH 2806L clinical requirements.

Both areas of 1 and 2 are required for course completion.

The student's letter grade for this course will be determined by the departmental percentage scale:

92 - 100 = A

83 - 91 = B

75 - 82 = C

66 - 74 = D

F

Common Course Number: DEH 2806L

UNITS

Unit 1 Patient care for the child, adolescent, adult, geriatric and medically compromised patients.

General Outcome:

1.0 The student shall: Demonstrate dental hygiene preventive and therapeutic care for all patients including the child, adolescent, adult, geriatric and medically compromised patient.

Specific Measurable Learning Outcomes:

Upon successful completion of this unit, the student shall be able to:

- 1.1** Greet the patient effectively.
- 1.2** Interact positively with the patient.
- 1.3** Assess the patient to collect all data needed for formation of the care plan.
- 1.4** Effectively create a care plan the fits the patient needs.
- 1.5** Present the care plan on a level that the patient understands.
- 1.6** Explain all treatment to patient prior to implementation.
- 1.7** Initiate treatment with explanation.
- 1.8** Create oral hygiene instructions for the patient appropriate to the patient category and level of understanding.
