CATALOG COURSE DESCRIPTION: This course is designed for students who have successfully graduated from Broward Community College's Dental Hygiene Program to maintain and/or update clinical skills prior to taking the Florida Stateboard Clinical Examination.

Prerequisite: Completion of and graduation from Broward Community College's Dental Hygiene Program.

Corequisite: N/A

UNIT TITLES:

1. Advanced Instrumentation
2. Assessment of Instrumentation
3. Selection of the Florida Stateboard Clinical Patient

I. Course Overview:

Upon successful completion of this course, the student should be able to select the appropriate Florida Stateboard Clinical Patient and maintain the level of dental hygiene instrumentation to successfully complete their Stateboard patient.

II. Units:

Unit 1. 1. Advanced Instrumentation

General Outcome:

- 1.0 The student should be able to demonstrate the correct advanced periodontal instrumentation on all levels of clinical patients.

Specific Learning Outcomes:

Upon successful completion of this unit, the student should be able to:

- 1.1 Select the correct instruments according to patient needs.
- 1.2 Utilize correct sequence of instruments.
- 1.3 Strengthen skills in deposit removal on patients with advanced periodontal conditions.

Unit 2. 2. Assessment of Instrumentation

General Outcome:

2.0 The students should be able to accurately assess the completed treatment on a periodontal patient.

Specific Learning Outcomes:

Upon successful completion of this unit, the student should be able to:

- 2.1 Utilize the explorer to assess deposit removal from advanced periodontal patients.
- 2.2 Assess the patient of another student to render accurate findings.
- 2.3 Assess all periodontal patients to assure that all deposits have been removed.

Unit 3. 3. Selection of the Florida Stateboard Clinical Patient

General Outcome:

3.0 The student should be able to select the appropriate Florida Stateboard Clinical Patient according to the criteria given by the Florida Board of Dentistry.

Specific Learning Outcomes:

Upon successful completion of this unit, the student should be able to:

3.1 Identify the criteria necessary for the selection of the appropriate patient.

3.2 Identify the conditions that would contraindicate patient selection for the Florida Stateboard Clinical Examination.
