Dear Student,

Welcome to the 2018-19 academic year! Whether you are a new student or a returning student, we are excited that you have chosen Broward College as the place to pursue your collegiate dreams. This new academic year offers more opportunities for you to work towards personal and career goals, and our passionate and dedicated team is ready to assist you.

I am continually impressed by our students, many of whom overcome challenges to achieve their goals. Your success is our greatest motivation and the driving force behind what we do. When I was in college, I had many challenges to overcome, and I learned that students come from different academic and social backgrounds. Whether you are a traditional student, transitioning from high school or are an adult learner returning to the classroom after years in the workforce, you can succeed.

Broward College is nationally recognized because of the structure of our programs and more importantly, for the emphasis we place on student success. From the first day of class until you complete your program of study, we provide a range of support services including academic advising, mentoring, one-on-one tutoring, internships, on the job experience and coaching.

In addition to this assistance, your success is also dependent on how well you take advantage of the programs and services available to you. I encourage you to ask questions, engage your peers and professors and commit to finding new ways to improve study skills. You may experience disappointment along the way, but don’t give up. Whatever the challenge, we will work to overcome it together.

Over the next few weeks, take the time to familiarize yourself with the student handbook. It is an excellent resource guide for all the services, academic programs, and extracurricular activities we offer.

We look forward to working with you on this phase of your journey and celebrating your outstanding achievements at the end of the academic year.

I wish you all the best!

A Focus on Critical Thinking

In 2011, Broward College selected and developed its first Quality Enhancement Plan (QEP) to improve student learning; subsequently, critical thinking was selected as the QEP topic. The QEP is titled Question Every Possibility—Think Critically. Broward College defines critical thinking as a process of evaluating information by questioning and testing assumptions, accepting or rejecting arguments and/or perspectives, and applying reasoning to make informed decisions.

The topic of critical thinking emerged as a result of broad-based input from College stakeholders combined with institutional data from the College’s general education outcomes assessment process and data from the Community College Survey of Student Engagement (CCSSE) and the Community College Faculty Survey of Student Engagement (CCFSSE).

The conceptual framework of Question Every Possibility—Think Critically incorporates teaching and learning strategies, professional development and training, and outcomes-based assessment to improve students’ critical thinking skills while positively impacting students’ problem-solving skills. The goals and outcomes of the QEP support the College’s mission to produce informed and creative students capable of contributing to a knowledge- and service-based global society. The QEP has two overarching goals supported by student learning outcomes and operational outcomes, overarching goals supported by student learning outcomes and operational outcomes.

Goals and Outcomes:
Goal 1: The QEP will enhance students’ critical thinking skills.
Students will be able to:
1. Explain questions, problems, and/or issues.
2. Analyze and interpret relevant information.
3. Evaluate information to determine potential conclusions.
4. Generate a well-reasoned conclusion.

Goal 2: The QEP will enhance pedagogical practices that focus on critical thinking.
Faculty will:
1. Participate in targeted professional development and training.
2. Develop in-house training modules on critical thinking.
3. Incorporate teaching and learning strategies that focus on critical thinking skills.
4. Produce a portfolio with revised syllabi and assignments that emphasize critical thinking.

The outcomes for each goal will be assessed through multiple direct and indirect measures and then triangulated to determine the success of the QEP. Successful implementation of the QEP will be mutually beneficial for students, faculty, and other College stakeholders engaged in the project.

Career Pathways

Now that you’ve decided on Broward College, what will you study? Broward College offers more than 100 degree, certificate, and diploma programs with day, evening, and weekend classes plus numerous online course options. With four campuses and five centers in Broward County, you can achieve your higher education goals without commuting far from home.

In 2013, the State of Florida established eight ‘meta-major’ academic pathways to better support your selection of the academic/career path that is best for you and take the guesswork out of degree requirements, course sequencing, and career opportunities. A meta-major is a cluster of academic majors that have related courses with similar career fields. At Broward College, the eight meta-majors are more commonly referred to as pathway communities. Upon your selection of a pathway community, sometimes also referred to as a career pathway, you will become a member of that community. Pick a pathway community today and meet with your academic advisor to create an educational plan that suits you perfectly.

Privacy of Your Records

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Broward College, with certain exceptions, obtains your written consent prior to the disclosure of personally identifiable information from your education records. However, Broward College may disclose appropriate information without consent to those designated as school officials and in the case of emergencies.

In addition, there may be an occasion where law enforcement units are required to disclose personally identifiable information from students’ records. Broward College designated law enforcement units employed by the College as school officials with a legitimate educational interest. In all other incidences, as permitted by FERPA regulations, the College also designates and discloses “directory information” without written consent, unless students have advised the College to the contrary in accordance with College procedures.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a student’s prior written consent. If you do not want Broward College to disclose directory information from your education records without your prior written consent, you must notify the Admissions Office at any Broward College campus.

The following information may be designated as directory information:
• Student name
• Major field of study
• Dates of attendance
• Enrollment status (full or part-time)
• Participation in officially recognized activities and sports
• Weight and height of members of athletics teams
• Degrees, honors and awards received
• Graduation programs
• Photograph (Student ID cards, media releases, and graduation photos only)

To opt out, visit www.broward.edu/academics/registrar/Pages/default.aspx and click on the FERPA release form. Students should email the completed form to ferpa@broward.edu from his/her Broward College email account.

Campus Safety

The College Campus Safety phone number is 954-201-HELP (4357). The Campus Safety office on each campus provides students, faculty, staff, and visitors with safety tips and information, presence patrols, 24-hour/365-day radio dispatch service, parking/traffic enforcement, as well as lost and found. There are also numerous emergency call boxes located on all. Broward College Campus Safety officers possess Class D security licenses issued by the State of Florida and are certified CPR/AED responders. Incidents of a criminal nature are referred either to police officers assigned to the campus and/or the local police department having jurisdiction over a specific campus or learning center. Each Campus Safety office maintains a daily incident log for that campus, which will be made available upon request.
Reporting a Crime or Incident

Procedures for Reporting a Crime or Incident
1. Call: 911 (for Police, Fire, or Medical Emergency)
2. Call: 954-201-HELP (4357)

All students, faculty/staff members, and guests of Broward College are encouraged to report criminal activity, activity of a suspicious nature, and emergencies of any sort that occur at any of Broward College’s campuses or learning centers directly to the Campus Safety Department as soon as possible to ensure inclusion in the annual crime statistics and to aid in providing timely warning notices to the College community, when appropriate. Students, faculty/staff, and guests should immediately report crimes in progress and other emergencies by dialing 911. Crimes should be accurately and promptly reported to Campus Safety or the appropriate police agency, when the victim of a crime elects to, or is unable to, make such a report.

Campus Security Authorities (CSAs)

For those who would prefer to report a specific incident or crime to someone other than Campus Safety or local law enforcement officers, Broward College has designated certain members of its faculty and staff to serve as Campus Security Authorities (CSAs). Persons designated by the College as CSAs include: Academic Deans and Associate Deans, Student Life Directors and Administrators, The Athletic Director and Assistant Director, Athletic Coaches and Assistant Coaches, Faculty Advisors to student groups/clubs, and Student Affairs Officials. All CSAs receive training and directives in accordance to their participation within the program and are capable of responding to your report. For the purpose of Clery Act reporting, all crimes reported to a CSA are forwarded to Campus Safety for inclusion in the Annual Security Report.

As a result of the negotiated rulemaking process, which followed the signing into law of the 1998 amendment to 20 U.S.C. Section 1092 (f), clarification was given to those considered to be Campus Security Authorities (CSAs). Pastoral and professional counselors acting in the scope of their professional license are not considered to be CSAs and are not required to report crimes for inclusion into Broward College's annual disclosure of crime statistics. Professionally licensed counselors can only encourage persons to report crimes to the appropriate authorities. Academic counselors employed at Broward College are not considered professional counselors and are not bound to confidentiality under the Clery Act. Broward College does not employ mental health counselors but instead has a partnership with Henderson Behavioral Health Services to provide services to students in need.

Visit the www.broward.edu/safety to access the Annual Security Report, active shooter information, safety policy information, the College’s emergency plans, helpful brochures and pamphlets, and much more. The 2017-2018 Annual Security Report is available online and in your local Campus Safety Office.

Broward College enhances safety and security to the College community through the development of extensive annual educational campaigns consisting of a wide range of primary and ongoing programs, seminars, presentations, and events which are offered on a continual basis. Excess Hours Advisory Statement

(Florida Statute, Section 1009.286)
Section 1009.286, Florida Statutes, establishes an “excess hour” surcharge for a student seeking baccalaureate degrees at state universities. It is critical that students, including those entering Florida College System institutions, are aware of the potential for additional course fees. “Excess hours” are defined as hours that go beyond 110 percent of the hours required for a baccalaureate degree program. For example, if the length of the program is 120 credit hours, the student may be subject to an excess hour surcharge for any credits attempted beyond 132 credit hours (110 percent x 120).

All students whose educational plan may include earning a bachelor’s degree should make every effort to enroll in and successfully complete those courses that are required for their intended major on their first attempt. Florida College System students intending to transfer to state universities should identify a major or “transfer program” early and, by the time the student earns 30 semester hours of college credit, be advised of admission requirements for that program, including the approved common prerequisites. Course withdrawals and/or repeats, as well as enrollment in courses nonessential to the intended major, may contribute to a potential excess hours surcharge.

Course Withdrawals

Students are required to drop courses before the 100 percent refund date (College Policy 6Hx2.5.36) or they could owe any associated tuition and fees and/or receive a failing grade. Students bear full responsibility for dropping courses before the 100 percent refund date. Students should not assume that their classes will drop for non-payment or non-attendance.

Paying for College and Financial Aid

Payment of Student Tuition and Fees

Accessing Financial Services through myBC
Tuition and fees must be paid by the assigned payment deadline. At the time of class payment, the student will be required to pay all obligations such as library fines, parking fines and receivables in full. Unpaid debt may prevent the release of official college transcripts, block additional course registration and restrict access to other resources and services of the College until the debt is paid in full.

Detailed payment instructions are provided in the Schedule of Classes and on the Broward College website. To read the complete student fees, charges and refunds policy (Policy 6.13), acceptance of credit card payment policy (Policy 6.28) and collection of funds owed to the college policy (Policy 6.16), visit www.broward.edu/legal/policies. Additional information may also be available in the college catalog. Students are required to maintain current address information with the College. Address information can be updated via the web or at your campus admission’s office.

Financial Aid

The goal of the Broward College Office of Student Financial Services is to assist students who can benefit from further education but cannot afford to attend school without financial support. The staff will guide students through the application process as well as provide assistance in completing all the required forms. For further information, please feel free to visit the campus offices.

For office hours and additional information visit www.broward.edu/financialaid or call 954-201-2330.

Financial aid applications must be submitted each year. In order to be considered for the maximum aid available, students must apply for financial aid as early as possible. Filing for financial aid begins with completing the online Free Application for Federal Student Aid (FAFSA). Broward College will supply students with an estimate Pell Grant award after receiving the FAFSA data in the financial aid office. The estimate Pell Grant is used to provide a temporary fund source for paying tuition and fees, however, the Pell Grant will be re-evaluated for eligibility prior to the start of the term in order to reflect actual enrollment status and appropriate eligibility. It is the responsibility of the student to ensure that all appropriate forms and documentation are submitted to the financial aid office in order to confirm awards and eligibility. Students can see financial aid requirements when logged into their myBC account. Any required documents are reflected as a “Red Flag,” and it is the responsibility of the student to confirm exactly which forms/documents need to be submitted to complete the financial aid process. Students should try to complete this process as soon as possible, and failure to do so could result in awards not being posted ahead of the tuition due date. In such instances, the student would have to pay out of pocket and await reimbursement (if eligible) or risk losing their classes. Conversely, given enough time, the Office of Student Financial Services will have awards posted ahead of payment.
dues dates, and if sufficient, tuition and fees will be covered by the tuition due date. Students should always confirm, in advance of their payment due date, whether or not their financial aid awards have been posted, adjusted or removed based on eligibility, and should also determine if awards are enough to fully cover their tuition and fees; if not, as stated previously, students are required to pay the balance by the fee due date.

The Broward College Financial Aid website, www.broward.edu/financialaid, provides detailed information on the following:

Grants
Grants are funds provided by the federal and state government and are generally awarded to individuals who demonstrate exceptional financial need. Federal and state grants include the Federal Pell Grant, the Federal Supplemental Educational Opportunity Grant, and Florida Student Assistance Grant. Pell Grants have a Lifetime Eligibility Usage (LEU). Students have the equivalent of 12 full-time semesters of Federal Pell Grant eligibility. The duration of a student’s eligibility includes all semesters that a student received Federal Pell Grant funding. For further information visit the Federal Student Aid website at https://studentaid.ed.gov/sa/types/grants/scholarships/pell/calculate-eligibility

Loans
Loans are financial assistance that must be repaid with interest. Often repayment is deferred while students are enrolled in a minimum of six credit hours. In some cases, the federal government pays the interest while the student is in school. Eligibility for Federal Direct Subsidized Loans is limited to 150 percent of the published length of the academic program.

On-Campus Student Employment
Work-study programs provide on and off campus part-time jobs for students to earn part of their college expenses while gaining valuable job experience. Students may work up to a maximum of 25 hours a week depending on eligibility and funding. Off-campus opportunities place students in areas of career interest, such as teacher aides in local public schools.

Scholarships
Scholarships are funded by Broward College, the Broward College Foundation or generous private donors or organizations. Scholarships are awarded based on various criteria such as academic achievement, financial need, and service to the College. Each scholarship has its own criteria and does not require repayment. Scholarships are based on the availability of funds and cannot be guaranteed. For more information, go online to Broward College Scholarships at www.broward.edu/financialaid.

Scholarships administered by the Office of Student Financial Services Office are either awarded in the financial aid package or students may complete the online Broward College Scholarship Application. Students should have a completed financial aid file (FAFSA and all requested documents). Available scholarships are advertised on the Broward College website in July of each academic year.

Florida Bright Futures Scholarships
These merit-based funds are available to students seeking postsecondary education in Florida. Students must meet eligibility requirements while in high school, and must also notify the state at which school they would like to receive their funding. (The Bright Futures code for Broward College is 062). Bright Futures funding does not fully cover tuition costs; students must confirm their unpaid balance each term and be sure to cover it by the payment due date (if other awards are not available to cover it). To learn about the rules pertaining to initial eligibility and maintaining eligibility, visit the Bright Futures website at www.floridastudentfinancialaid.org. To use and maintain your Bright Futures Scholarship at Broward College, read the following important information:

- **2018-19 Awardees**
  Students must apply during their last year in high school (after December 1 and prior to graduation) for Bright Futures eligibility. Bright Futures Scholarships are packaged and awarded by the Financial Aid office.

- **Withdrawals**
  Students who drop or withdraw hours that were disbursed in a Bright Futures award will be responsible for reimbursing the postsecondary institution for the cost of course(s) dropped or withdrawn.

- **Maintaining Eligibility**
  The minimum GPA to remain eligible to receive Bright Futures is determined by the State and based on the Bright Futures program from which funds have been awarded. Students should check their status and obtain more information online.

Program Objective Enrollment Compliance (POEC)
A Program Objective Enrollment Compliance (POEC) review is required for every student seeking federal student aid. The goal of POEC is to determine whether or not all classes within a student’s schedule for a given term are truly necessary for completion of that student’s declared degree. Classes which are identified as unnecessary for degree completion will be flagged as such, and excluded from financial aid coverage, i.e. any coursework that is not recognized as being required will be excluded when calculating eligibility for Title IV funds (Pell Grant, Direct Subsidized Loans, Direct Unsubsidized Loans, etc.). Students who qualify for aid, which exceeds the actual cost of their compliant coursework, may be able to apply that difference to non-compliant classes. If excess aid does not exist, the student is responsible for the difference.
If there is an aid balance once a student’s tuition, fees, books, and supplies for a term have been covered, a refund will be generated and sent to the student. These excess funds are disbursed to the student (by check) once the 100 percent refund date has passed and attendance is confirmed by the instructor(s). If a student is enrolled in multiple sessions, their refund amount may be split into multiple checks and disbursed after the 100 percent refund period has passed for each session.

Veterans Affairs Information
Veterans who attend Broward College may pursue an Associate of Arts degree, Associate of Science degree, Bachelor’s degree and some certificate programs. Certain GI Bill Education chapters require veterans to file an attendance form each month to maintain their benefits. The Veteran Administration approves courses that satisfy degree requirements. All veteran students and eligible dependents of veterans at Broward College who wish to receive veteran's educational benefits must meet the admission requirements and complete a Broward College Veterans Certification Request Form (VCERT) and any required Department of Veterans Affairs (VA) forms. For more information, visit Broward College Veterans website at www.broward.edu/veterans.

Questions regarding the GI Bill can be directed to 1-888-GI-BILL (1-888-442-4551) or to the website at www.benefits.va.gov/gibill.

Refunds
If a student completes 60 percent or more of a term/payment period, the student earns all eligible aid during that term/payment period, and a Return to Title IV calculation is not required. If a student unofficially withdraws before 60 percent of the term/payment period, and fails to earn a passing grade in at least one course offered over an entire period, then that student is considered to have unofficially withdrawn. If a student officially withdraws, then this institution will use that date to determine the refund calculation and the amount of aid earned. If the student is considered to unofficially withdraw from the term/payment period, then this institution will use the midpoint of the term/payment period to determine the amount of aid earned.

This policy governs all Title IV funds including Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, and Federal Direct Subsidized and Unsubsidized Stafford Loans.

Withdrawing could result in a debt to the school, the federal government, or both. Students should register for only the classes that they can successfully complete. By withdrawing from classes, the enrollment will change and the financial aid award may be adjusted. Additional information on this policy is available on the Broward College website.

Satisfactory Academic Progress Policy (SAP)
All students must make satisfactory academic progress in order to maintain financial aid eligibility. Academic progress is calculated after each term. In order to be considered as having 'passed' i.e., met standards, a student must:

- Maintain at least a 2.0 GPA
- Be on track to complete their degree requirements within 150 percent of the required number of credit hours for the program. For example, if a program requires 60 credit hours, the student must complete the degree requirements within 90 credit hours (150 percent).
- Be at a 67 percent completion rate or higher for college-level coursework attempted.

Students who have received Warning Status concerning SAP, or have lost financial aid eligibility, should make an appointment with their academic advisor to develop an Academic Success Plan to determine how to remove the status of SAP Warning or restore eligibility.

Tuition Payment Plan
Broward College has partnered with Nelnet Business Solutions to offer a tuition installment plan to help students afford the cost of their education. Students may enroll in a tuition payment plan for any term at Broward College; however, a new plan is required each term. The earlier a student enrolls, the more plan options the student will have to choose from. The tuition payment plan is only available until the day before the term starts. Students who register for later sessions after the start of the term do not currently have this as an option.

Plans range from zero to 50 percent down payment with 2 to 4 monthly payments:

<table>
<thead>
<tr>
<th>Required Down Payment</th>
<th>Number of Monthly Payments</th>
<th>Enrollment Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>None</td>
<td>4</td>
<td>$35</td>
</tr>
<tr>
<td>25%</td>
<td>3</td>
<td>$40</td>
</tr>
<tr>
<td>50%</td>
<td>2</td>
<td>$45</td>
</tr>
</tbody>
</table>

Monthly payments are processed on the 20th of each month and will continue until the balance is paid in full. There are no credit checks and no interest. The student must be registered for courses and provide a method of payment (credit card or checking/savings account) that will be used for the enrollment fee, down payment and monthly payments. The down payment, along with a $35, $40 or $45 non-refundable enrollment fee will be due at the time of enrollment in the tuition payment plan, $5 of the enrollment fee is being collected on behalf of the institution. While most plans will pay the student's schedule within minutes of completing enrollment, it may take up to one business day for processing so students are advised to enroll before their fee payment due date. Tuition payment plan coverage will be applied to the student’s schedule by 2 p.m. of the next business day.

Simple steps to enroll in the payment plan:
- Log in to myBC
- From “My Financials,” select “Sign Up Options” then “Tuition Payment Plan” or from “Payment,” select “Tuition Payment Plan”

For additional tuition payment plan information or dates and deadlines visit www.broward.edu/studentresources/cashier or contact your campus cashier’s office. Enrollment periods are limited and typically close approximately one day prior to the start of the session.
Schedule Changes

If you drop or add classes or receive financial aid or other tuition coverage, you must contact the College's tuition payment plan administrator at 800-609-8056 to have your tuition payment plan adjusted. If the College's tuition payment plan administrator is not notified of these changes, payments will continue to be processed from your bank account or credit card as agreed in the enrollment process. The time frame in which increases may be made to plans is limited to the enrollment period for the tuition payment plan. The last day to decrease or terminate plans is approximately 30 days after the start of the term.

Refunds

The College's tuition payment plan administrator will remit all refunds to the College within 45-60 days after the end of the drop/add period for the session. Broward College will issue tuition payment plan refunds to students upon receipt.

Membership is open to honors and non-honors students from all campuses. Each group attends team-based competitions where they compete for certificates and trophies.

The Broward College Brain Bowl team competes with other participating Florida colleges. Each team consists of up to five members. The first competition is among assigned regions. Winners of the regional tournaments compete in the state tournament, usually held in February or March. Brain Bowl members also participate in the National Academic Quiz Tournaments (NAQT) tournament, a nationwide college competition. The Brain Bowl Team at Broward College has a proven track record of victories in the regional, state and nation.
Math Team
The Broward College Math Team competes at the annual Florida state Math Olympics at the University of North Florida in Jacksonville. There are two parts to the event: a team portion and an individual portion. Winners take home trophies and cash prizes. Teams usually meet with the coaches on a weekly basis to practice. A math level of Calculus II is recommended.

Model United Nations
The Broward College Model United Nations (MUN) team researches and debates various international topics. Our United Nations simulation conferences take place across the country and students compete with local colleges as well as top-tier national universities. Student Rights and Responsibilities

IMPORTANT NOTE: Broward College reserves the right to amend policies and procedures at any time. For the most current version of Broward College policies, please check online at www.broward.edu/legal/policies/

Family Educational Rights and Privacy Act (FERPA)

Broward College Policy and Procedure 5.03

Broward College (“the College”) will provide access to student records in accordance with the Family Educational Rights and Privacy Act (FERPA) and Florida Statutes, Chapter 1002.22. All requests for student records must be made to the Custodian of Records/Associate Vice President for Academic Affairs/College Registrar.

No record will be created or retained without a legitimate educational purpose for the information contained therein.

The College will protect the confidentiality of a student’s record and share information only with members of the College community who have a legitimate educational interest, to another educational institution when the student is seeking or intending to enroll at that institution, is part of an authorized Federal, State, or local audit of such records in compliance with applicable law, in connection with the determination of financial aid eligibility or enforcement, pursuant to a lawfully issued court order, a properly prepared subpoena, to a contracted vendor of the College performing an authorized service where there is a legitimate educational interest for the vendor to have access to such records, or the information is designated directory information.

In response to a lawfully issued court order or a properly prepared subpoena, the College will seek to notify the student or the student's representative counsel when educational records are requested and before these records are released.

Student records of a counseling or non-academic nature will not be made available to any outside person without written authorization from the eligible student or parent, unless those records are specifically requested in conjunction with Federal or State laws or court orders. In the case of properly prepared subpoenas, the release of the record will only be given when the student has been notified and payment of the fee established by the Board of Trustees has been paid.

FERPA and the Student

Students have the right to inspect their own official records and to authorize the College in writing to release information to outside sources. In accordance with the provisions of Florida Statutes, Chapter 1002.22, eligible students and parents have a right to challenge the content of their record. An eligible student or parent may exercise his/her rights under these provisions by submitting a request in writing to the appropriate Campus Office of Enrollment Services, the Office of the Associate Vice President for Academic Affairs/College Registrar, or the Academic Affairs.

Student-generated documents are not considered working documents of the College or permanent student records, and it is the responsibility of the student to dispose of
the document should they produce the document. A student-generated document is information generated by the student for his/her own use. When such a document is presented to the College, it shall be reviewed and then returned to the student or eligible parent.

**FERPA and the Parent of the Student**

According to Federal FERPA Regulations 34 CFR 99, and Florida Statute 1002.22, the parents of a student who has reached the age of 18 years or is enrolled in a post-secondary program no longer have any rights under the provisions of this policy, unless the student gives written consent to release the information to the student’s parents, or the parent provides evidence that the student is a dependent of the parent as defined in the Internal Revenue Code. The parent of a student must establish his/her eligibility by providing dependency documents, including, but not limited to providing the most recent copy of a Federal tax return naming the student as a dependent. Such documentation must be provided in-person with the campus chief student services officer (dean of students). The record provided will be for viewing and validation purposes only; these records will not be retained.

**FERPA and Directory Information**

Schools may disclose, without consent, “directory” information; however, the College must annually notify students and parents of their rights under FERPA to “opt out” of the release of directory information. The College notifies its students at the beginning of the fall and winter term in the student newspaper and in the annual printing of the Student Handbook. The College reserves the right to deny access to directory information when such action is deemed necessary to protect the rights of the student.

In accordance with United States Code Title 10 Section 983 and Florida Statutes Section 1004.09, the College shall grant military recruiters access to recruiting information including the names, addresses, telephone listing, dates and places of birth, academic major, degrees received, and most recent educational institution for students attending the College. The information provided to military recruiters is not subject to the definition that the College has established for “directory information” as defined in this policy. Students who opt out of the release of College directory information will also be considered to have opted out of the release of military recruitment information.

**FERPA and Outsourcing**

The College may enter into agreements with outside vendors to provide services to the College that the College cannot or chooses not to provide through internal resources. In such situations, the College will ensure that the contractor will make available student records only to those individuals where there is a contractual relationship to provide such services. The College will ensure that the contracted vendor will not re-disclose personally identifiable information without the Colleges consent as allowed by an authorized FERPA exception.

**FERPA and other Educational Institutions**

Student records will be released at the request of the student if the student is seeking or intending to attend another educational institution.

**FERPA and Health and Safety**

In cases where there is a health and safety emergency, all College personnel are authorized to utilize any information as necessary to protect the health and safety of persons and property. Such release of information will not be considered a violation of College Policy. To the extent possible, the College will attempt to share information regarding the presence of students who may have a communicable disease (i.e. H1N1) without disclosing personally identifying data about the infected student. In instances where members of the College community have been exposed to a communicable health risk from a student, the College will, on a case-by-case basis, make a determination whether a disclosure of the infected student’s name is necessary to protect the health or safety of other persons or whether a general notice is sufficient.

Law enforcement unit officials or safety officials employed or contracted by the College are designated as “school officials” with a “legitimate educational interest.” As school officials, the College may disclose without consent personally identifiable information from students’ education records to law enforcement or safety officials in order to perform their professional duties and to assist with discipline and other matters related to official duties at the College. Law enforcement may not re-disclose any personally identifiable information from the students’ education record, except in compliance with FERPA. Specific law enforcement records maintained separately from education records are not subject to FERPA.

**Violation of Policy**

Students and eligible parents who believe there has been a violation of their rights regarding student records are encouraged to contact the Custodian of Records/Associate Vice President for Academic Affairs/College Registrar. If a resolution is not achieved, students and eligible parents may grieve the alleged misconduct in accordance with Florida Statutes, Chapter 1002.22 or they may contact the United States Department of Education’s Family Policy Compliance Office.

Students who improperly obtain student records may be subject to discipline in accordance with the Student Code of Conduct.

**Religious Observances**

Broward College Policy 4.20

Broward College (“the College”) values the right and freedom of religious choice by all individuals. Accordingly, the College will seek not to schedule major college events, such as major class assignments, major examinations and official ceremonies, on major religious holy days, whenever possible. The student is responsible for making up missed classwork as quickly as possible. Reasonable alternatives shall be provided for students to carry out their responsibilities as students when their religious observance, practice and belief interfere with admission, registration, class attendance, examinations, class work assignments and participation in official ceremonies.

Students shall notify instructors in advance of absences to observe religious holy days in their own faith and the absence shall be considered as a non-penalized absence. However, if non-penalized absences occur on the first day of class, students shall notify their instructors of the reasons for their absences at the next class meeting. Students shall be held responsible for the material covered during their absences and shall be granted a reasonable time to make up any work or tests missed for non-penalized absences. Students may seek redress when they believe they have been unreasonably denied educational benefits because of their religious beliefs or practices by following the procedure for resolving grievances set forth in Broward College Policy 4.19 Grades and Grade Appeal Process.

When possible, faculty shall provide reasonable alternatives for students to carry out their responsibilities as students when their religious observance, practice and belief interfere with admission, registration, class attendance, examinations, class work assignments and participation in official ceremonies. All absences shall be subject to the provisions of Broward College Policy 4.18 Class Attendance.

**Grades and Grade Appeals**

Broward College Policy and Procedure 4.19

Each student shall be provided with a course syllabus which includes the faculty member’s grading policy and academic honesty policy for the course which complies with Broward College mission, goals, and policy. A student may be able to appeal the final course grade issued by his/her professor through the grade appeal procedure (4.19). In cases where a faculty member’s academic honesty policy appears to be violated, students may appeal the faculty member’s decision to invoke consequences of the academic dishonesty. See Student Code of Conduct policy number 5.02.

Each faculty member shall communicate in writing (his/her grading policy) in the syllabus for the course within the first week of class meetings of each course. The elements to be considered in calculating the student’s final course grade shall be articulated, and all factors to be considered in arriving at the final grade shall be stated. Any appeal on the grade shall be considered against the background and the standard as set forth in the faculty member’s grading policy as stated in the syllabus. In rare cases, the syllabus may need modification. Students must be provided with any modifications to the syllabus.

Each faculty member shall keep a record of grades for each class for four major terms from the initial grading period.
Final Grades and Records

Final grades for each term are recorded and archived in College Records. Grade point averages (GPA) for graduation and honors are calculated only on college level academic work which includes all work attempted by the student at all colleges he/she has attended. The final grades are used to calculate the grade point average.

Total Attempts – All Courses

Florida State Board of Education Administrative Rules, Chapter 6A-14.0301, limits the number of times a student may attempt a course. An attempt is defined as student enrollment after the 100 percent refund deadline. A student may have only three attempts per course, including the original grade, repeat grades, withdrawals, and audits declared after the end of the drop/add period. A fourth attempt may be allowed only through a successful petition to the Academic Standards Committee based on major extenuating circumstances including but not limited to, serious illness, involuntary call to active military duty or other emergency circumstances or extraordinary situations. The total attempts limitation, however, does not apply to repeatable courses that have been successfully completed and are now being repeated for further skill enhancement; or to courses that are required to be repeated by a regulatory agency; or are being repeated as part of a regulatory requirement for continuing education to stay current in a field, such as teacher certification. A college preparatory student, who is required to be certified as completing competency-based college preparatory instruction, may not enroll as an audit student.

Forgiveness

In accordance with Florida State Board of Education Administrative Rules, Chapter 6A-14.0301, a student who has completed a course and desires to improve his/her grade for that course may repeat the course only if he/she has earned a D or F grade. The number of repeat attempts is limited to two per course. Repetition of a course removes the previous grade from the student’s record only for the purpose of calculating grade point average. The original grade remains on the transcript, but only the grade earned in the last attempt is used for calculating the degree grade point average. The State’s Articulation Agreement does not allow courses to be repeated for the purpose of changing a student’s grade point average after the associate degree has been awarded.

Class Attendance Policy

Broward College Policy 4.18

Faculty Responsibilities

It is the responsibility of each faculty member to formulate an attendance policy for the courses he/she teaches and to ensure that this policy is communicated in writing in the course syllabus and provided to students within the first week of class meetings. Members of the College’s staff are expected to exercise good judgment in the formulation, implementation, and application of their policies.

Non-Class Days

Non-Class Days are defined as regularly scheduled class days on which classes are not held. Owing to unanticipated circumstances that are beyond anyone’s control or when concerns are raised about the safety and/or security of the students, faculty, staff, and/or the facilities, the President or his/her designee has the authority to close a campus or the College. For purposes of grading and attendance policies, the day(s) during which the campus/College is closed shall be considered a non-class day(s). When this occurs, each Faculty member shall determine how best to make-up the lost class time.
There shall be no academic penalty for a student who is absent from academic activities because of observances of major religious holy days in his/her own faith, the student’s serious illness, death in the immediate family*, or attendance to statutory governmental responsibilities**.

A student will be held accountable if these absences result in the student exceeding the limit established for ‘excessive absences’ as defined in the instructor’s syllabus.

The student shall be responsible for the material covered in his/her absence and shall be granted a reasonable amount of time to make up any coursework, performance assessment, labs or clinicals missed for non-penalized absences.

**“Death in the immediate family” - Shall be interpreted to mean mother, father, spouse/domestic partner, child, brother, sister, grandparents or grandchildren.

**Statutory governmental responsibilities - Refers to such matters as jury duty, subpoena for court appearance, or unplanned military obligation.

**Non-Penalized Absences

A student shall notify instructors in advance of absence(s) to observe a religious holy day(s) in his/her own faith, and shall likewise notify instructors in advance of other absences or by the next class meeting.

If a non-penalized absence occurs on the first day of class, the student shall notify the instructor of the reason for his/her absence before the next class meeting.

Documentation for these absences shall be presented by the student by the next class meeting.

**Extenuating Circumstances

Should a student see a difficulty in observing the attendance policy in his/her class, contact shall be made with the faculty member involved within the first week of class to work out an alternate arrangement. If an alternate arrangement cannot be made with the faculty member, or if the faculty member is unavailable, the student should contact the Associate Dean. Alternatively, the student may seek an alternate class, where applicable, that accommodates his/her requirements.

**Excessive Absences

Excessive absences from any course, regardless of the reason, may result in withdrawal of the student from the course and/or necessitate that the student repeat the course.

**Classes with Special Instructional Requirements

Attendance requirements shall conform to applicable accreditation standards, licensure requirements or other instructional requirements. The makeup of laboratory or clinical classes may not be possible. However, non-punitive provisions will be made for absences caused by serious illness, religious observances, or other approved reasons. These provisions may include giving a student a W or I grade.

A student may appeal a Faculty member’s attendance policy, or the application thereof, by following the procedure for appeals concerning grades which is set forth in Broward College Policy 4.19, Grades and Grade Appeal Process.

**Disability Services and Academic Accommodations for Students

Broward College Policy and Procedure 5.09

**General Statement

Broward College (the “College”) complies with the Americans with Disabilities Act of 1990, as amended in 2008 (ADAAA) that governs accessibility standards for disabled students as defined under the, and Section 504 of the Rehabilitation Act of 1973. Section 504 defines an “individual with disability” as any person who (i) has a physical or mental impairment which substantially limits one or more major life activities, (ii) has a record of such an impairment, or (iii) is regarded as having such an impairment. Section 504 provides that: “No otherwise qualified individual with handicaps in the United States . . . shall, solely by reason of her or his handicap, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance...”

Federal disability laws guarantee students an equal opportunity to participate, but these laws do not guarantee that students will achieve a particular outcome, for example, good grades. Students with disabilities are, in general, expected to be responsible for their own academic programs and progress.

The College sets its own requirements for documentation as allowed in Section 504 and Title II, and as outlined in the procedure to this policy. The College may delay or deny services if the diagnosis or the documentation is unclear. Students should not expect that the documentation guidelines at the College are necessarily the same as those accepted at other prior institutions attended, either in the secondary or post-secondary levels.

Academic Accommodations: Reasonable accommodations are modifications or adjustments to the tasks, environment, or to the way things are usually done that enable individuals with disabilities to have an equal opportunity to participate in an academic program (U.S. Department of Education, 2007).

It is the student's responsibility to request academic accommodations, and the College's responsibility to provide them, as deemed appropriate, unless it is determined an academic accommodation would fundamentally alter the nature of the course, service, program, or activity. The College is not required to provide an academic accommodation that would alter or waive essential academic requirements, nor is it required to make every academic accommodation requested.

Students who wait until after completing a course or activity or receiving a poor grade to request services should not expect the grade to be changed or to be able to retake the course or activity.
Auxiliary Aids and Services: The College is required under ADA and Section 504 of The Rehabilitation Act to “take such steps as are necessary to ensure that no handicapped student is denied the benefits of, excluded from participation in, or otherwise subjected to discrimination under the education program or activity operated by the recipient because of the absence of educational auxiliary aids for students with impaired sensory, manual, or speaking skills ... [The College] shall furnish appropriate auxiliary aids and services where necessary to afford an individual with a disability an equal opportunity to participate in, and enjoy the benefits of, a service, program, or activity conducted by a public entity... The term “auxiliary aids and services” includes: Qualified interpreters, notetakers, computer-aided transcription services, written materials, telephone handset amplifiers, assistive listening devices, assistive listening systems, telephones compatible with hearing aids, closed caption decoders, open and closed captioning, telecommunications devices for deaf persons (TDD’s), videotext displays, or other effective methods of making aurally delivered materials available to individuals with hearing impairments”.

The Policy and the Student
Students are responsible for notifying Accessibility Resources of their disability and their request for academic accommodations; and, must provide documentation to Accessibility Resources that supports the request, as outlined in the procedure to this policy.

The Policy and the Faculty and Staff
Faculty and staff are required to comply with federal guidelines. Faculty are required to provide the academic accommodations as outlined in the student's accommodation plan. The information a student shares with faculty about their disability is confidential and must be treated as such. Faculty shall not discuss a student's personal circumstances in front of class or in a non-confidential setting.

Accessibility Resources evaluates documentation, works with students to determine appropriate accommodations, prepares and provides students with accommodation plans, and assists students and faculty with coordinating the provision of accommodations.

Implementation and Oversight
Students who choose to grieve a decision of Accessibility Resources, relative to an accommodation, may appeal in writing, or another appropriate means to accommodate their disability, to the District Director of Accessibility Resources, who will notify the student in writing of the decision within 15 days of receiving the grievance. Should the student choose to grieve the decision of the District Director, they may appeal in writing or another appropriate means to accommodate their disability to the College's Ombudsperson, who will notify the student in writing of the decision within 15 days of receiving the grievance.

The United States Department of Education's Office of Civil Rights (OCR) has enforcement responsibilities under Section 504 of the Rehabilitation Act of 1973 (Section 504), and Title II of the ADA which prohibit discrimination on the basis of disability. If a student has a complaint against the institution relative to the application of this law, the students may have their case heard by OCR.

---

**Violation of Policy**

Institutions that receive Federal Title IV Financial Aid are required to comply with Section 504 of the Rehabilitation Act of 1973 and the ADA, and the provisions therein. The institution may be subject to sanctions for failure to comply with this law.

Students who falsify information or otherwise violate this policy are subject to disciplinary action in accordance with College Policy 6Hx2-5.02 – Student Code of Conduct, up to and including expulsion from the College.

Non-represented faculty who fail to comply with required accommodations or otherwise violate this policy are subject to disciplinary action up to and including termination.

Full-time faculty who fail to comply with required accommodations or otherwise violate this policy are subject to disciplinary action up to and including termination.

Non-represented faculty who fail to comply with required accommodations or otherwise violate this policy are subject to disciplinary action up to and including termination.

Staff who fail to follow the policy and procedures as outlined for providing information and services to students and faculty in accordance with the guidelines set forth in this policy will be subject to disciplinary action, up to and including termination.

**Student Code of Conduct Policy**

**Broward College Policy 5.02**

**General Statement**

Upon admission to Broward College (the “College”), students and student organizations agree to act responsibly in all areas of personal and social conduct and to take full responsibility for their individual and collective action. Because learning can only be achieved in an atmosphere free of intimidation and coercion, students must observe local, state, and federal laws as well as the academic and behavioral regulations found in the Broward College Student Handbook, the College Catalog, other official publications of the College, and the College web site at http://www.broward.edu. If there is a conflict with any of the aforementioned sources, this policy shall prevail.

When a student exhibits disruptive behavior that appears to pose a threat to the health and safety of the student or others, the College may direct the student to participate in a psychiatric and/or psychological evaluation. The psychiatric and/or psychological evaluation process will assess the student's ability to safely participate in the educational programs at the College as part of the due process for students who are alleged to have violated this policy and procedure.

Students enrolled in various programs at the College may also be subject to standards of conduct unique to these programs, including but not limited to health sciences programs, Institute for Public Safety, Aviation, etc. Violations of the standards of behavior for these programs shall be considered a breach of this Code of Conduct.
Students should refer to the program guidelines included in College Procedure A6Hx2-5.02 to learn more about applicable standards of conduct associated with their academic program.

Bias-Motivated Conduct (Commonly referred to as “Hate Crimes”): The College believes that members of the College community have the right to lawfully affiliate free from harassment with social groups of their choice without fear of intimidation based on this membership. Therefore, the College will impose significantly increased sanctions against perpetrators who commit one or more of the offenses in this Policy, if the College determines that the perpetrators’ actions were motivated by the actual or perceived affiliation of the victim with a particular social group, race, gender, religion, sexual orientation, ethnicity, national origin, disability, age, marital status, and/or gender identity. Additionally, the College will support the criminal prosecution of students who engage in bias-motivated violations of this Code in accordance with Florida Statutes 775.085, Federal Statutes 18 U.S.C. § 245 & 249, and other applicable laws.

The Policy and the Student

   c. When a student is charged by federal, state or local authorities with a violation of law, the College will not request or agree to special consideration for that individual because of his or her status as a student. If the alleged offense is also the subject of a proceeding before the Student Conduct Committee under the Student Code, however, the College may advise off-campus authorities of the existence of the Student Code and of how such matters will be handled internally within the College community.
   d. The College will cooperate fully with law enforcement and other agencies in enforcing the law on campus and in the conditions imposed by a judge in a court-of-law. Any such instances will be investigated by the Executive Director of Human Resources or his/her designee. Additionally, employees of the College who are also students, and who are subject to disciplinary action in their role as employees, may also be subject to disciplinary action through the Student Code of Conduct.

Breaches of the College's policies pertaining to academic dishonesty may result in academic penalties imposed by the instructor in accordance with College Policy 6Hx2-4.19. Academic penalties may include, but are not limited to, a failing grade for a particular assignment or a failing grade for the course. Additionally, the student may be referred to the Dean of Students of the campus/center for violations of the Student Code of Conduct for disciplinary action.

College-sponsored programs or sanctioned events may have their own rules and disciplinary procedures that would be applicable in addition to the Student Code of Conduct, such as the Institute of Public Safety, Aviation Institute, etc.

**Student Code of Conduct Procedure**

Broward College Procedure 5.02

**ARTICLE I: STUDENT CONDUCT REVIEW PROCEDURES**

1. Any member of the Broward College ("College") community may file a complaint against any student or student organization for misconduct. Students are encouraged to submit complaints in writing, directed to the dean of students assigned to the campus where the violation was allegedly committed. Complaints should be submitted within 5 business days after the alleged incident. Complaints that are not in writing and/or submitted after the preferred timeline will also be considered and investigated as needed. Both the complainant and the referred student will receive a written copy of the student code of conduct and other College policies and procedures applicable to the alleged violation. This complaint procedure serves as the general process followed in most situations to adjudicate and sanction student conduct. In cases where reasonable deviations to these procedures occur, such deviations will not invalidate the process or outcomes.

2. When the dean of students becomes aware of the complaint, she/he may do one or more of the following:
   a. Immediate Sanction: If a student or student organization poses a threat to any person, is unruly, disruptive, uncontrollable, damages or threatens to damage any property, or some other serious condition exists, the dean of students, with the approval of the Associate Vice President for Student Life & College Ombudsperson, may immediately suspend the student or organization from class(es) or other activities at the College. If there is an immediate threat to campus or classroom environment, this suspension may occur prior to due process being extended to the student or student organization. If an immediate sanction is imposed, reasonable attempts should be made to accelerate the formal disciplinary process.
   b. Support for Complainant: The College will take immediate interim steps to protect the complainant and other impacted members of the College community pending the final outcome of the investigation and the imposition of sanctions. Interim measures are available to address safety as well as any hostile educational environment resulting from the alleged misconduct. These measures include, but are not limited to, changing an employee's or student's work schedule, altering the complainant's or referred student's course schedule or campus, allowing the withdrawal or retake of classes without penalty, academic support such as tutoring, student services support such as assistance with financial aid issues, visa and immigration assistance, and the issuance of no-contact orders, assisting the student in notifying law-enforcement, recommending appropriate community support, recommending options for counseling, and assisting the student with initiating a College complaint and investigation regarding the allegation in accordance with applicable College policies. Interim measures are temporary and may be removed, enhanced, or otherwise altered upon final determination of the issue. Support given to the complainant prior to the conclusion of due process afforded by this procedure, does not presume the guilt of the accused student and the College will take great care to not impose an undue burden on an accused student who has not yet been in violation of the Code of Conduct.
   c. Trespass: In accordance with College Policy 6Hx2-2.02 – At the direction of the dean of students, students may be escorted off College property and/or issued a law enforcement executed notice of trespass if their continued presence is considered a threat to the safety of persons or property. The dean of students, with the approval of the Associate Vice President for Student Life & College Ombudsperson, may exercise his/her authority to issue a notice of trespass, prior to the completion of due process.
   d. Review by dean of students or designee: Upon receiving a complaint, an initial inquiry will be conducted consisting of reviewing the complaint and other available information to determine if an investigation is warranted. If an investigation is initiated, appropriate steps will be taken to ensure that the investigation is adequate, reliable, and impartial, and includes the opportunity for all parties to present witnesses and evidence. Persons called to present information as part of an investigation will be notified of the allegations and possible violations of the Student Code of Conduct, and will receive a copy of the Student Code of Conduct Policy and Procedure. At the conclusion of the investigation, an investigative report will be prepared outlining: 1) a description of the specific behavior that occurred that allegedly violated the Code of Conduct; 2) the specific sections of the Code of Conduct that the student or student organization is alleged to have violated; 3) a summary of all statements, interviews, evidence, etc.; 4) a finding as to whether it is more likely than not (preponderance of the evidence standard) that the student or student organization violated the Code of Conduct; 5) sanctions
imposed or recommended (depending on jurisdiction); and 6) if applicable, steps taken to stop the offending conduct, prevent recurrence, and mitigate risks to the community. During the investigation, the complainant and the referred student or student organization have the privilege of being assisted, at their own expense, by one adviser of their own choice. The adviser may be an attorney. The complainant and/or the referred student are responsible for presenting their own case. Advisors are not permitted to speak or to participate directly or indirectly in any part of the investigation. Either the complainant or the referred student may question the impartiality of the review with the Campus President, and up through the chain of command as needed depending on the nature of the concern about impartiality. The College will preserve all evidence that may be of value in conducting an investigation and determining culpability and sanctions imposed upon the referred students, and will share such evidence with appropriate law enforcement entities as required by law. Students charged with a violation of the Code of Conduct will receive a copy of the investigative report.

e. Authority of Student Dean and Student Conduct Committee: Other than in instances where a possible outcome of a disciplinary hearing is suspension or expulsion, the dean of students will review evidence, meet with the student or student organization, meet with witnesses, and impose sanctions as outlined in Article III of this procedure within 15 business days after receiving the complaint. A review by the dean of students may occur prior to sanctions being imposed or after sanctions are imposed and/or a notice of trespass is issued in accordance with items I.2.a, b, & c above.

f. Review by Student Conduct Committee: In cases involving possible suspension or expulsion, the matter will be heard by the Student Conduct Committee in accordance with the guidelines set forth in Article II of this procedure. In cases where the matter is referred to the Student Conduct Committee, the dean of students or designees will still conduct the inquiry and/or investigation described above.

g. Disruptive Students: In instances where student behavior manifests symptoms of possible psychological/psychiatric issues, the dean of students, with the approval of the Associate Vice President for Student Life & College Ombudsperson may require that a student complete a psychiatric and/or psychological evaluation based on the student’s behavior. The results of the psychiatric and/or psychological evaluation will assist the College in determining the student’s ability to continue participation in educational programming at the College in accordance with the provisions of this procedure. Students deemed to pose an immediate threat to themselves or others will be subject to immediate sanction and/or may be trespassed from all college locations in accordance with item A and B above pending the outcome of full due process rights afforded by this procedure.

3. Students are responsible for their conduct. Students may not invoke their official or informal complaint or grievances against other persons or departments as part of their defense against allegations of having violated the Student Code of Conduct. Even if legitimate, a grievance against a member of the college community is not sufficient grounds, nor a defense for a violation of the Student Code of Conduct.

ARTICLE II: STUDENT CONDUCT COMMITTEE HEARING PROCEDURES

1. The Student Conduct Committee is a sub-committee of the Academic Standards Committee as codified in College Policy 6Hx2-5.28 – Academic Standards Committee. The Student Conduct Committee consists of members chosen from the Academic Standards Committee. Members of the Student Conduct Committee must not be directly associated with the case. The Chair of the Academic Standards Committee will serve as the Hearing Officer of the Student Conduct Committee. If the Chair of the Academic Standards Committee is unable to preside, the dean of students shall designate a Chair. In cases involving sexual misconduct, or other matters where the privacy of student complainants is an issue, the Hearing Officer, in consultation with the dean of students, may exclude students from hearing the case. The Hearing Officer will only vote if there is a tie. The complainant or the referred student may question the impartiality of members of the Student Conduct Committee to the dean of students, or if the question is about the dean of students, to the appropriate campus president, and up through the chain of command as needed depending on the nature of the concern regarding impartiality.

2. The dean of students will forward pertinent paperwork to the Hearing Officer who will present the complaint and the hearing procedures to the referred student or student organization, and the complainant, in writing. A time will be set for a hearing within 15 business days of the initial complaint.

3. In cases involving more than one referred student, the Hearing Officer of the Student Conduct Committee, at her/his discretion may permit separate hearings.

4. The complainant and the referred student or student organization have the privilege of being assisted, at their own expense, by one adviser of their own choice. The adviser may be an attorney. The complainant and/or the referred student are responsible for presenting their own case. Advisers are not permitted to speak or to participate directly or indirectly in any hearing before a Student Conduct Committee.

5. The complainant, the referred student or student organization, and the Student Conduct Committee will have the privilege of presenting witnesses, subject to inquiry or questioning by the Student Conduct Committee. In cases of alleged sexual misconduct, the referred student or student organization is not permitted to introduce evidence or ask questions regarding the complainant’s prior sexual conduct with anyone other than the referred student. It should be noted that evidence of a prior consensual relationship between the parties does not imply consent. Additionally, the hearing officer may prohibit the referred student from directly interacting with or cross examining the complainant in cases of alleged sexual misconduct or in other instances where it is deemed to not be appropriate.

6. The complainant and referred student or student organization must notify the Hearing Officer of any witnesses and/or items for review they wish to present, at least 3 business days prior to the hearing. All parties shall have equal and timely access to information and evidence.

7. At the discretion of the Hearing Officer, pertinent records, exhibits, and written statements may be accepted for consideration by the Student Conduct Committee.

8. All procedural questions are subject to the final decision of the Hearing Officer.

9. All communication at a student conduct hearing shall be directed through the Hearing Officer.

10. The College will create an audio recording of all hearings before a Student Conduct Committee. Participants and guests are not permitted to record the
hearing. The record will be the property of the College. In the case of an appeal, the complainant and referred students or student organizations, and appropriate college administrators, have a right to review the recording by scheduling an appointment with the appropriate dean of students. The recording may be listened to but may not leave the office of the dean of students and may not be copied in any form by any person.

11. After the hearing, the Student Conduct Committee will determine by majority vote if the student or student organization has violated specific sections of the Student Code of Conduct.

12. The Student Conduct Committee’s determination will be made on the basis of whether it is more likely than not that the referred student or student organization violated the Student Code of Conduct, commonly referred to as a preponderance of the evidence standard.

13. The Student Conduct Committee, after hearing the case in the manner outlined in this Procedure, will recommend sanction(s) within 5 business days to the dean of students. The dean of students may accept, reject, or modify the recommendation offered by the Student Conduct Committee and will simultaneously communicate the disposition of the matter to the complainant and the referred student or student organization in writing within 10 business days after receiving the recommendation of the Student Conduct Committee.

14. The Hearing Officer and committee members shall keep confidential the recommendations of the committee and only the sanction imposed by the dean of students will be communicated to the student or student organization.

ARTICLE III: SANCTIONS

1. The dean of students or the Associate Vice President for Student Life & College Ombudsperson (per Section IV of this Procedure) may impose one or more of the following sanctions based on the severity of the incident. The sanctions listed below do not reflect a progressive process and a student may immediately receive a more severe sanction depending on the nature of the violation.

   a. Warning – A notice in writing to the student that they have violated institutional regulations indicating the potential consequences of future violations.
   b. Probation – A written reprimand for violation of specified regulations. Probation is for a designated period of time and includes the probability of more severe disciplinary sanctions if the student is found to have violated any institutional regulation(s) during or after the probationary period.
   c. Loss of Privileges – Denial of specified privileges for a designated period of time.
   d. Fines – A student may be required to pay fines incurred (i.e. parking, library, etc.) as a condition for complying with the sanction imposed.
   e. Restitution – Compensation for loss, damage or injury; this may take the form of appropriate service and/or monetary or material replacement.
   f. Discretionary Sanctions – Work assignments, community service to the College, counseling referrals or other related discretionary sanctions.
   g. Administrative Withdrawals – Withdrawal for all courses without refund. Students receiving financial aid are subject to College Policy 6Hx2-5.11 – Financial Aid.
   h. Trespass – in accordance with College Policy 6Hx2-2.02, students may be prohibited from entering College locations.

2. The Following Level 2 Sanctions (may be imposed by the dean of students after the case is heard by the Student Conduct Committee):
   a. Any Level 1 sanction listed above.
   b. College Suspension – Separation of the student from the College for a definite period of time, after which the student or student organization is eligible to return; conditions for readmission may be specified.
   c. College Expulsion – Permanent separation of the student from the College.

3. The following sanctions may be imposed by the College on student organizations:
   a. Those sanctions listed above.
   b. Deactivation or loss of specific organizational privileges for a specified period of time.

ARTICLE IV: APPEALS

1. A referred student, student organization, or complainant may appeal to the Associate Vice President for Student Life & College Ombudsperson the sanctions imposed by the dean of students. Such appeals must be in writing and must be delivered to the College-wide Associate Vice President for Student Life & College Ombudsperson 5 business days of the receipt of sanctions from the dean of students.

2. Sanctions imposed by the dean of students go into effect immediately unless a student or student organization appeals the decision. In such cases, the dean of students in consultation with the Associate Vice President for Student Life & College Ombudsperson will decide if sanctions will be enforced immediately or pending the outcome of an appeal process.

3. In considering the appeal, the Associate Vice President for Student Life & College Ombudsperson will limit her/his review to a determination of whether the student or student organization received a fair hearing in accordance with established policies and procedures. A student who has been sanctioned may only appeal on the following grounds:
   a. A substantial procedural error occurred that rendered the process or the outcome fundamentally unfair.
   b. New substantive evidence, impossible for the dean of students or the Student Conduct Committee to have heard at the time of the hearing, has been discovered and a failure to review such evidence would be fundamentally unfair.
   c. The finding and/or the sanction was fundamentally unfair or inappropriate.

4. The Associate Vice President for Student Life & College Ombudsperson will generally limit her/his review to the written appeal and the record of the hearing. In exceptional circumstances, the Associate Vice President for Student Life & College Ombudsperson may, at her/his discretion, meet with student(s) directly to review evidence, meet with witnesses and the accused student(s) or student organization.

5. After considering the appeal, the Associate Vice President for Student Life & College Ombudsperson may:
   a. Find that there are no grounds to consider the appeal.
   b. Refer the matter back to the dean of students for further review based on specific issues, with a designated time-frame for reconsideration indicated.
   c. Alter the findings or the sanctions imposed by the dean of students. Sanctions imposed during the appeal process may be less severe, or in unusual circumstances, more severe than those originally imposed.
6. The Associate Vice President for Student Life & College Ombudsperson shall simultaneously communicate the final disposition of the matter to the complainant and referred student or student organization in writing within 10 business days after receiving the appeal. The decision of the Associate Vice President for Student Life & College Ombudsperson shall be final.

ARTICLE V: COMMUNICATION

1. In cases where there is no appeal to the Associate Vice President for Student Life & College Ombudsperson within the specified time period in accordance with this procedure, the dean of students shall notify appropriate members of the college community regarding the sanction. In instances where an appeal is submitted and the matter is adjudicated by the Associate Vice President for Student Life & College Ombudsperson, he/she will notify appropriate College personnel of the decision. Both the complainant and referred student or student organization will receive simultaneous written notice of the outcome of the complaint including the rationale for the decision. Communication indicating the outcome of a disciplinary proceeding shall include a summary of the alleged behavior, the specific parts of the Code of Conduct allegedly violated, a finding as to whether or not the student or student organization was found to have violated the Code of Conduct including the rationale for the decision, the sanctions imposed, and opportunities for appeal. Additionally, the dean of students or the Associate Vice President for Student Life & College Ombudsperson (as appropriate in accordance with the protocol indicated above) shall notify the applicable campus president in instances of trespass, suspension, or expulsion of students.

Broward College (“College”) is committed to creating a safe educational environment for all students, faculty, and staff. Sexual misconduct of any kind, including, but not limited to, sexual violence, domestic violence, dating violence, stalking, sexual harassment, or retaliation for reporting such offenses, will not be tolerated. Students are afforded protections from sexual misconduct, and any hostile education environment resulting from such misconduct, regardless of the sex, sexual orientation, or gender identity of either the alleged perpetrator or complainant, including when both are members of the same sex.

The College fully supports and complies with all state and federal laws related to sexual misconduct and will report allegations of sexual misconduct to appropriate law enforcement agencies in accordance with applicable law and subject to confidentiality provisions outlined in the procedure accompanying this policy and in applicable state and federal law.

The Policy and the Student

The College will provide prompt and ongoing support to student complainants in accordance with the procedure accompanying this policy.

The College offers primary and ongoing programs to prevent and promote awareness of dating violence, domestic violence, sexual assault, and stalking, to include, but not limited to information about safe and positive options for bystander intervention, and how to avoid potential assaults.

The Policy and the Faculty and Staff

College faculty and staff are prohibited from engaging in sexual misconduct.

College staff who are designated “Responsible Employees” as defined below have an obligation to participate in mandated training and report allegations of sexual misconduct in accordance with the procedure accompanying this policy.

Implementation and Oversight

The President has the authority to establish procedures to implement this policy. The Vice President for Student Services is responsible for the development and review of this policy. Responsibility for implementation and oversight of policy compliance is vested with the Dean of Students on the campus/center where the infraction is alleged to have occurred (or the student’s main campus if the misconduct occurred off campus), in consultation with the Title IX Coordinator (Associate Vice President for Student Life & College Ombudsperson).

Violation of Policy

Student Sexual Misconduct Procedure
Broward College Procedure 5.39

Reporting an Allegation of Sexual Misconduct
Students who believe they have been subject to sexual misconduct on College property, at a College sponsored event, or by any member of the College community regardless of location are encouraged to report the incident to the Dean of Students or designee on the campus, and if applicable, law enforcement entities.

The Dean of Students will, in collaboration with the College’s Title IX Coordinator, provide prompt and ongoing support to the student including, but not limited to, assisting the student with notifying law enforcement, recommending appropriate community support, recommending options for counseling, assisting with modifications to class schedules, locations, and other academic support as may be needed, and assisting with initiating a College complaint and investigation against the referred student in accordance with appropriate College policy and procedure.

The Dean of Students may additionally levy sanctions against the referred student in accordance with College Policy and Procedure 6Hx2-5.02 - Student Code of Conduct and may take other actions as needed to safeguard the complainant and the College community.

In addition to the Dean of Students, a student may report an allegation of sexual misconduct to any College “Responsible Employee” as defined in College Policy 6Hx2-
5.39 - Sexual Misconduct. Within 24 hours of the report, a Responsible Employee is obligated to make reasonable attempts to notify the College's Title IX Coordinator of the specifics of the allegation. A responsible employee must report all relevant details about the alleged incident shared by the reporting party – including the names of the reporting party, the alleged perpetrator(s), any witnesses, and any other relevant information, including the date, time, and specific location of the alleged incident. If the reporting party wants to tell the Responsible Employee what happened but also wants the College to maintain confidentiality, the Responsible Employee should tell the reporting party that the College will consider the request but that s/he cannot guarantee the College will be able to honor it.

Students are encouraged to report incidents of sexual misconduct to appropriate law enforcement entities and the College will assist the complainant in making such notifications and will, to the extent allowed by law, respect a complainant's right to not notify law enforcement authorities. While the College is not responsible for the response or outcome of law enforcement actions, the College maintains an obligation to timely investigate and respond to sexual misconduct allegations regardless of the timing, scope, and outcome of law enforcement actions. The College may honor law enforcement requests relating to the interviewing of complainants, referred students, and witnesses based on possible impact to a criminal investigation.

Safety and Support for Student Complainants

The College will take immediate interim steps to protect the complainant and other impacted members of the College community pending the final outcome of the investigation. Interim measures are available to address safety as well as any hostile education environment resulting from the alleged misconduct. These measures include, but are not limited to, changing an employee's or student's work schedule, altering the complainant's or referred student's course schedule or campus, allowing the withdrawal or retake of classes without penalty, academic support such as tutoring, student affairs support such as assistance with financial aid issues, visa and immigration assistance, and the issuance of no-contact orders, assisting the student in notifying law-enforcement, recommending appropriate community support, recommending options for counseling, and assisting the student with initiating a College complaint and investigation regarding the allegation in accordance with applicable College policies. Interim measures are temporary and may be removed, enhanced, or otherwise altered upon final determination of the issue. Support given to the complainant prior to the conclusion of due process afforded by this procedure, does not presume the guilt of the accused student and the College will take great care to not impose an undue burden on an accused student who has not yet been in violation of the Code of Conduct.

In instances where the referred person is not affiliated with the College, the College will take reasonable and appropriate steps to cooperate with other entities, including, but not limited to other colleges, community entities, and law enforcement, to ensure that the complainant is afforded the right to an education at the College free from sexual misconduct.

Investigations of Allegations of Sexual Misconduct

If the allegation involves misconduct on the part of a faculty or staff member, the incident will be investigated in accordance with College Policy 6Hx2-3.31 - Sexual Harassment, and Sexual Misconduct.

If the allegation involves misconduct on the part of a student, the incident will be investigated in accordance with College Policy 6Hx2-5.02 - Student Code of Conduct.

In all instances, regardless of the status of the referred person (student, faculty, staff, or a person not affiliated with the College), the Dean of Students or designee will provide prompt and ongoing support to the student complainant in accordance with this procedure, as well as College Procedure A6Hx2-5.02 - Student Code of Conduct, and College Policy 6Hx2-5.32 - Student Assistance Program.

CONFIDENTIALITY OF STUDENT COMPLAINTS

The Title IX Coordinator will consider requests for confidentiality. If the complainant wants to reveal an allegation of sexual misconduct to the Dean of Students or any Responsible Employee, but also wants the College to maintain confidentiality, the student should be aware that the College will consider the request, but cannot guarantee that the College will be able to honor it, and the complaint will be reported to the Title IX Coordinator and Dean of Students and an investigation will be initiated. If the College does honor a student's request for confidentiality, the student must understand the College's ability to investigate and issue sanctions will be severely limited. Additionally, if the College believes that the reported incident poses a continuing threat to other persons, or if mandatory reporting is required, the College may not be able to honor the request for confidentiality.

The College does not directly employ staff who can provide students complete confidentiality in regard to complaints of sexual misconduct (sometimes known as “privileged communications,” provided by pastoral counselors and mental health professionals). However, the College may have a relationship with an off-campus organization to provide mental health counseling, in accordance with College Policy 6Hx2-5.32 – Student Assistance Program, and the student would be eligible to engage in privileged communication in that venue. Complainants should note that even privileged communication is limited by laws governing mandatory reporting of certain crimes.

Title IX Advisory Committee

The Title IX Coordinator shall chair a Title IX Advisory Committee to review and recommend changes to the College's efforts regarding Title IX compliance. The Committee shall meet at least once during each term, with members appointed by the Title IX coordinator representing the various areas included in Title IX, which may include, but is not limited to: Student Conduct, Recruitment/Admissions/Counseling, Financial Aid, Athletics, Human Resources, General Counsel, a member of the Faculty as designated by the President of the Faculty Senate, and other support personnel as needed.

In accordance with applicable Federal and State laws, students may not be impaired by alcohol or drugs or in possession of illegal drugs or alcohol while on College property or while participating in a College-sanctioned activity. Students whose behavior is impaired by legal drugs are also subject to this policy.

Students will incur the costs of such screenings. Students found in violation of this policy are subject to discipline in accordance with Broward College Policy 6Hx2.5.02 – Student Code of Conduct, up to and including expulsion from the College.

If a student is required to submit to a drug screening by the dean of students based on behaviors that indicate the use of drugs or alcohol which impairs their ability to perform in their academic program, refusal to submit to such a drug screening will be treated as a positive test result. The College retains the right to dismiss a student from the College or from a specific program, in accordance with the program guidelines for that program.

These rights include the right to reproduce or distribute a copyrighted work. Unauthorized peer-to-peer file sharing, illegal downloading or unauthorized distribution of copyrighted materials using Broward College's information technology system constitutes copyright infringement. Specifically, in the file-sharing context, downloading or uploading substantial parts of a copyrighted work without authority likewise constitutes an infringement. Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or “statutory” damages affixed at not less than $750 and not more than $30,000 per work infringed. Complaint Process for Students for Non-Instructional Issues Policy

Broward College Policy 5.23

A prospective or enrolled student may file a complaint, which is a written claim raised by a student, a group of students, or the student government, alleging improper, unfair, arbitrary, or discriminatory action by an employee involving the application of a specific provision of a college rule/regulation or a board policy or procedure. A prospective or enrolled student has the right to seek a remedy for a dispute or a disagreement through a designated complaint procedure. Students should use available informal means to have a decision reconsidered before filing a complaint. No retaliation of any kind shall be taken against a student for participation in a complaint. This policy ensures students that their complaints will be received, heard and addressed with consideration of fairness by the appropriate administrator/manager/supervisor of the College with oversight of a department or division. Students are encouraged to communicate their concerns informally first through the incremental levels within the organization as indicated in the procedure for this policy. If no
resolution is achieved from levels one through three within the organizational structure, then students can file formal complaints with the appropriate Vice Presidents or Campus President. With the exception of student conduct complaints, formal complaints must be made in writing and the student is entitled to an appropriate response at each level within the College structure.

Staff will address student complaints at their level of authority in the complaint process as outlined in the procedure. Staff will document their response to the complaint in writing to the student and maintain copies of such resolution and/or action in a central location within the department. This ensures proper application of the College’s policies and procedures throughout the College. Any complaints that allege violations of Federal and State laws, including but not limited to, harassment of any kind, discrimination, ADA compliance, Title IX etc., should be referred to the College Equity Officer/AVP Human Resources and Equity. Any violations of privacy law, FERPA, should be directed to the Vice President for Student Services and Enrollment Management.

Students are expected to present and communicate their complaints using a professional standard of behavior in accordance with the Student Code of Conduct Policy and Procedure (College Policy 6Hx2-5.02). Students are not exempt from sanctions themselves when they violate any standard of the Code of Conduct while communicating their complaint to any level of the complaint process. The act of complaining comes without protection in this regard. Students found in violation are subject to discipline in accordance with the Student Code of Conduct, up to and including expulsion from the College, which can postpone the complaint moving forward.

### Definitions

**COMPLAINT** - is a dispute or disagreement raised by a student, group of students, or the student government, concerning the application of a specific provision of a policy, rule or regulation, the application of a policy, rule or regulation in other than a uniform manner, or the application of a rule or regulation other than in accordance with the provisions of the policy, rule or regulation.

**Complaint Process for Students for Non-Instructional Issues Procedure**

Broward College Procedure 5.23

Broward College (“College”) expects and requires that front-line staff and/or administrators attempt to meaningfully resolve complaints prior to reaching the Executive Leadership level (President, Provost, Senior Vice Presidents, Vice Presidents, and Campus Presidents). In the same regard, students are expected to follow the chain of command within the complaint process prior to elevating a concern to the senior executive level of the College.

This procedure should be used when a student or prospective student has a concern about her/his education at the College. (Students who have a concern about a final course grade may appeal in accordance with Policy and Procedure 6Hx2-4.19 – Grades and Grade Appeal). The objective of the procedure is to provide a process for students
to use to resolve concerns as quickly and efficiently as possible. This complaint process is for students and prospective students, and only students or prospective students can participate in the College's complaint process; however, nothing within this process precludes a student from seeking counsel from an advisor of their choice, which may be an attorney.

The student or prospective student brings the concern to an appropriate staff or faculty member using the steps in the resolution process. If the student is uncomfortable with approaching the college employee directly, she/he may select an advocate inclusive of a counselor or advisor, or other staff member that is not a member of the complaint resolution hierarchy. The staff member and administrators will attempt to work with the student and any other persons who are involved to respond to the problem within ten (10) business days. If the complaint is not answered satisfactorily, at any step in the process, the student should progressively elevate their concerns through the process and if not resolved can make a written complaint with the appropriate Vice President or Campus President as indicated on the next page.

After exhausting all institutional complaint processes, students and/or prospective students who believe their issue(s) are unresolved, may file a complaint with the Florida Department of Education's Division of Florida Colleges and/or the Southern Association for Colleges and Schools Commission on Colleges, who will assist in accordance with their policies. For more information on how to contact the Florida Department of Education regarding a Complaint, students may access information at the following website: http://www.fldoe.org/schools/higher-ed/fl-college-system/about-us/complaints.stml.

For complaints related to actions that violate Federal law such as discrimination, ADA, FERPA should be reported to the appropriate College official using the resolution process above. Additionally, students may file a complaint with the appropriate Federal agency that has jurisdiction over these areas. The United States Department of Education Office of Civil Rights handles complaints related to discrimination and ADA. Complaints related to privacy of records in accordance with the Family Educational Rights and Privacy Act (FERPA), students may also contact the United States Department of Education Family Policy Compliance Office and file a complaint in accordance with the rules of that agency.

**Procedures Specific to Online Students**

Students enrolled in a fully online program who desire to file a complaint not related to their final grade in a course should follow this Complaint Process for Non-instructional Issues (Procedure A6Hx2-5.23). After exhausting all institutional complaint processes, Florida residents may file a complaint with the Florida Department of Education-Division of Colleges, and/or with Broward College's regional accrediting agency, The Commission on Colleges of the Southern Association of Colleges and Schools. Students residing in states other than Florida may file a complaint with the regulatory agency in the state where they are receiving the online instruction, and/or the Commission on Colleges. Please note that entities external to Broward College will review complaints in accordance with their own policies and are not formally part of the Broward College complaint resolution process.

Most complaint processes external to Broward College require that the student:

1. Document the steps taken to exhaust the institution's grievance process;
2. Describe the action taken by the institution to date in response to the student complaint; and
3. Provide a copy of the institution’s response to the student as a result of following the college's procedures.
