If a student has a Social Security Number (SSN) or a Taxpayer Identification Number (TIN), federal law requires that it is furnished to Broward College so that it may be included on all documents filed by the institution with the Internal Revenue Service. Students who fail to furnish Broward College with the correct SSN or TIN may be subject to an IRS penalty of \$50 unless the failure is due to reasonable cause and not to willful neglect. Students are assigned a college identification number to assist in protecting their identities, as provided by Florida Statute 119.071(5).

FLORIDA RESIDENT STATEMENT

Please Read This Statement Carefully Before Signing Residency Certification

For the purpose of assessing tuition, a student shall be classified as a "resident" or "non-resident" student based upon Florida Statute S240.1201. Pertinent sections of the law appear below. Please contact a Campus Registration Office if you have questions regarding your residency status. A complete copy of the State Statute, which is the authority for student residency determinations at Broward College, is available online at www.broward.edu. In all applications for admission a Florida applicant, or, if a minor, the parent or legal guardian of the minor applicant, shall make and file with such application a written statement that the applicant is a bona-fide resident for tuition purposes. The burden of establishing facts which justify classification of a student as a "Florida resident for tuition purposes" is on the student. Persons in non-Florida resident status may attend Broward College, and they do not need to submit a Florida resident statement.

A FLORIDA RESIDENT for tuition purposes is a person (or if a minor, the parent or legal guardian) who has established legal residence in Florida and has maintained legal residence for at least 12 consecutive months immediately prior to the first day of the re-entry term. Residence during the 12-month qualifying period must be for the purpose of maintaining a bona-fide domicile rather than maintaining a temporary residence incident to enrollment in an institution of higher education. Students who are non-resident aliens or who are in the United States on a non-immigrant visa will not be entitled to Florida resident status for tuition purposes. In determining Florida resident status, the college may require evidence related to legal residence and its duration.

A LEGAL GUARDIAN is a court-appointed guardian or legal custodian of the minor applicant (a person under 18 years of age, not an independent minor by reason of marriage or by court of competent jurisdiction). Legal guardians usually will not be appointed by the Court when the parents of the minor are living and competent, or if the purpose of such appointment would appear to be circumvention of payment of non-resident fees.

SPECIAL CATEGORIES The following persons shall be treated as Florida residents for tuition purposes: active-duty members of the armed services of the United States stationed in this State, their spouses, and dependent children; full-time instructional and administrative personnel employed by Florida state public schools, community colleges, and institutions of higher education, and their spouses, and dependent children.

- I certify that I have been a bona fide Florida resident and have lived in Florida at least 12 months consecutively since _____ and I declare under penalty of perjury punishable by law as a misdemeanor under Section 837.06, Florida Statutes, that the foregoing is true and correct. (Attach copies of at least **two proofs** supporting the 12-month requirement.)

Drivers License (No., state,date issued) _____ Signature _____

OR

- I have not lived in Florida for at least 12 consecutive months immediately preceding the first day of re-entry and therefore, I will be responsible for payment of tuition and all applicable non-resident fees. Please indicate in which state you were a legal resident _____ Signature _____

GOOD CONDUCT/CITIZEN CERTIFICATION: Have you ever been incarcerated, convicted of a felony, or experienced disciplinary problems at another educational institution? Yes No. If yes, please submit a written statement explaining the circumstances to the Dean of Student Affairs on your preferred campus, for review prior to admission to Broward College. This information will be handled confidentially.

I certify all statements given in this application are accurate to the best of my knowledge. I agree to abide by the rules and regulations of Broward College. I understand the college is authorized to obtain Florida public school records and test scores electronically, if available.
