◆ Call Box Locations ◆ Campus Safety Locations

For your safety . . .

◆ Emergency call boxes have been installed at numerous locations on the Central Campus grounds. In the parking areas, they appear as yellow boxes mounted on poles topped with solar panels. These operate like "push to talk" radios. To operate the box simply open it and push the **black** button to talk and release to listen. In buildings, the call boxes operate like a speaker phone. Operate the box by pushing the **red** button, and the box automatically connects to a campus safety officer.

◆ An after-hours emergency phone number has been established that you may dial from any phone, any where, and be directly connected to a Central Campus Safety Officer 24 hours a day 365 days a year.

Campus Safety program

BC's **Campus Safety** is committed to maintaining a safe and secure learning and working environment, staff development, and public awareness of safety issues.

The **Campus Policing Program** is a result of the Davie Police Department's deep commitment to protecting and serving its citizens. A partnership was formed to address problems and fight crime in an environment of trust, professional pride, personal responsibility, integrity and service. To that end, two full-time Davie police officers are assigned to provide specialized police services to the campus community.

When in doubt, call Campus Safety. Please don't hesitate to call Campus Safety for anything that just doesn't seem right. Call immediately.
