COLLEGE NEWS

Celebrating our Spring Commencement Graduates

L to R: Robert Olsen, Sawdah and Sofin Asin, Deloris Rudolf, Lucas Araujo Ferreira, and Christian Del Valle celebrate together before the start of the ceremony.

The College celebrated spring commencement, Tuesday, May 7, at the BB&T Center, in Sunrise. The ceremony featured 1,360 graduates, the highest number on record to participate, of the more than 4,000 students who qualified for graduation. Among the graduates were Dual Enrollment and College Academy students, 168 veterans, 256 students who earned bachelor's degrees, and 2,849 students earning associate degrees. The youngest graduate was 16, and the oldest was 72. Florida State Representative Chip LaMarca delivered the ceremony's keynote address.

Among the notable graduates were:

Lucas Araujo Ferreira, the recent recipient of the prestigious Jack Kent Cooke Foundation's Undergraduate Transfer Scholarship, valued at \$120,000.

Christian Del Valle, who graduated with an Associate of Arts, is the first in his family to finish college. A DACA recipient, Christian has faced poverty and homelessness. A college education seemed impossible until he was introduced to the College's Get Real! Program.

Sofin and Sawdah Asim are a mother-daughter-duo who graduated together with an Associate of Science degree in nursing and an Associate of Arts degree, respectively. Sofin and her daughter moved from the United Kingdom in 2016 to take care of Sofin's ailing mother. Sawdah participated in the College's commencement ceremony, May 7, while Sofin participated in the nursing program's candlelight ceremony, May 8.

Robert Olsen graduated with an Associate of Science degree in Respiratory Therapy at the age of 58. He enrolled in Broward College when he lost his job after working for more than 20 years in the tech industry.

Deloris Rudolph is 72 years old, this ceremony's oldest graduate. She received her Associate of Arts degree in health and plans to continue her education by pursuing a bachelor's in Nursing.

They were joined by Mason C. Jackson, president & CEO, CareerSource Broward. For the past six years, eMerge Americas has hosted the forum for global enterprises, leading startups, and government leaders to promote innovative digital solutions for transforming industries.

Broward College Expands International Education Network at the 2019 BC World Conference

More than 80 delegates from educational institutions from across the globe gathered in Marbella, Spain at the 2019 Annual BC World Conference, May 12-16, hosted by The American College in Spain, a Broward College international center. The conference featured

Dr. David Moore, executive director, International Education looks on as President Haile and Professor Catherine Bachleda, acting vice-chancellor of the University of Gibraltar sign the letter of intent.

sessions in which delegates shared best practices in international education, discussed common challenges, and explored avenues of collaboration for the benefit of Broward College and its students and communities.

President Haile, Provost Marie DeSanctis and Dr. David Moore, executive director of International Education, were among the many presenters addressing specific aspects of the Broward College International Programming Model. The conference also included visits to The American College in Spain and the University of Gibraltar with media and local dignitaries.

The College continues to expand its international education network to offer students greater access to education beyond the shores of the U.S. by building partnerships with education institutions. At this conference, a letter of intent was signed with the University of Gibraltar on May 13, with the goal of entering into an agreement to facilitate the transfer of students who complete their associate degree at Broward College or any of its international centers, to earn a bachelor’s degree from the University of Gibraltar.

Hill Harper Wraps up 2019 Speaker Series

L to R: President Haile, Hill Harper, and Darryl Forges.

In the final engagement of the 2019 Broward College Speaker Series, Hill Harper, the award-winning actor, bestselling author, and philanthropist spoke to an audience of 500, Wednesday, April 24, at the Broward Center for the Performing Arts. Harper, who stars as Dr. Marcus Andrews on ABC TV’s popular drama “The Good Doctor,” shared a message of inspiration on topics ranging from social justice and higher education to financial literacy and professional success. Darryl Forges, an award-winning reporter with NBC 6 Miami, moderated the presentation.

Before the event, Harper spoke with students from Broward College as well as visitors from Broward County performing arts centers during a Fireside Chat moderated by professor Rudy Jean-Bart.

City of Lauderhill Accesses Higher Education Programs through Broward UP™ Partnership with Broward College

A partnership between the City of Lauderhill and Broward College will boost access to postsecondary education opportunities to the city’s residents and employees.

This marks the first municipal partnership of Broward UP, the College’s community-centric approach to realizing the Unlimited Potential of residents throughout Broward County. Three of the zip codes targeted to receive direct support from Broward UP are within the city of Lauderhill. Broward College is coordinating with Lauderhill to implement various programs and services that include, but are not limited to::

- College-readiness and career development workshops, such as scholarship searching, financial aid application support, online student strategies, and picking a major or career pathway
- Certification and training programs, such as Lean Six Sigma Yellow and Green Belt, substitute teaching, and Microsoft Office
- Community focus groups to provide insight into education and training

Broward College and Magic Leap Partner to Impact Students and Faculty via Spatial Computing

The College teamed up with Magic Leap, a leader in spatial computing technology, to launch one of the first spatial computing degree programs in the nation. Courses in spatial computing technology will begin during the 2019–2020 academic year. Through the partnership, Broward College will have access to Magic Leap’s spatial computing platform and support from its network of highly skilled professionals. Also, Broward College will establish a lab on A. Hugh Adams Central Campus, in Davie, that will be used by students, faculty, and researchers in the program.

Dedicated to delivering cutting-edge educational opportunities to students, Broward College and Magic Leap will also engage with Broward UP™ communities and local high schools throughout the year to offer demonstrations and hackathons.

Nursing Graduates Light the Way

Broward College introduced 89 graduates from among the next generation of nurses at a candlelight ceremony, Wednesday, May 4, on North Campus. The candlelight ceremony is conducted in the spirit of Florence Nightingale, who would take her oil lamp late at night to care for the sick during the Crimean War. The “Lady with the Lamp” served as a beacon of hope whose legacy lives on as an iconic figure within the field. In 2019, students from the College’s nursing program earned a 98.21 percent pass rate for the National Council Licensure Examination (NCLEX), surpassing both the state and national averages.
