

STRATEGIC PLAN: 2021-2022

Year Five of the 2017-2022 Strategic Plan

Introduction

During the 2016-17 academic year, a Strategic Plan Committee consisting of students, faculty, staff, and administrators convened to review data and recommend the strategic direction for the Five-Year Strategic Plan. In addition, a student and faculty-led sub-committee was formed to review and rewrite the College's Mission Statement. The College's Management Team served as the Steering Committee for the entire planning process. In the 2018-19 academic year, administrative teams and faculty were brought together in multiple collegewide meetings to discuss recommended modifications to the existing Five-Year Strategic Plan. In these meetings, a new strategy under the **Succeed** goal was recommended to specifically focus on student retention. In addition, a new goal and strategy focused on synergizing non-traditional revenue generation were recommended. These recommendations were presented in draft form to the Board of Trustees in April 2019 and fully ratified by the Board of Trustees in the June 2019 meeting.

The original research and input for the Five-Year Strategic Plan consisted of distributing student surveys and facilitating Student Focus Groups involving students across the eight Pathways, First-Time in College and Non First-Time in College, part-time and full-time, on-campus and online, general education and non-general education, and honors and non-honors. Data trend analyses and an environmental scan were also performed to identify key opportunities to ensure alignment to the Florida College System Performance Funding Model, as well as Governor Rick Scott's Challenge: "Ready, Set, Work." In addition, a strategic planning workshop was held with the Board of Trustees, and focus groups with Business Leaders and Advisory Board members from throughout our local community.

This Five-Year Strategic Plan is comprised of four Strategic Goals: **Start, Succeed, Soar, and Synergize**. Objectives define the focus for each Goal as identified from the aforementioned analyses. Strategies recommended by the Strategic Plan Committee are then included, and may span one to five years for successful implementation. Finally, the targets for each Goal will be reviewed and refreshed as needed, and the Strategies will be continually tracked, reported, and refreshed as appropriate.
