

Associate of Science in Early Childhood Education- 2166

Career Pathway: [Education](#)

Location(s): [Courses for this program are offered at all BC locations.](#) The core Early Childhood Education courses are only offered at the North Campus and the Judson A. Samuels South Campus. Please consult the course schedule for specific semester locations.

Program Entrance Requirements: HS Diploma or GED

Program Description: Opportunities for a rewarding career in the early childhood field abound for the well trained professional interested in being a teacher of young children, supervisor of children's programs, or owner of a child care facility. The Associate of Science degree combines classroom and field experiences to give the student the necessary background for success in the job market. Visit the program's [website](#) for more information.
