

Associate of Science HS Navigator – 2135

Career Pathway: [Health Sciences](#)

Location(s): [General education courses are available at all BC locations. Program specific courses for this program are offered at the A. Hugh Adams Central Campus or Online](#)

Program Entrance Requirements:

Program Description:

The AS degree in Health Navigator is designed to prepare students for employment as health navigators, medical and service managers, and biller and coders. Content includes but is not limited to communication skills, leadership skills, human relations, employability skills, principles of health insurance, introduction to computer literacy, health care organization, medical ethics, legal aspects, and health and safety. Positions can be found in hospitals, clinics, and insurance companies.

Additional Program Information:

The 60-credit AS degree is intended to provide a completion point for every student not admitted into their HS program of choice. Students will be eligible to be employed as both a Health Navigator and Biller and Coder.

A capstone is required.
