Bachelor of Science in Environmental Science
Biosecurity Program Code S600A

Career Pathway: Science, Technology, Engineering, and Math (STEM)
Location(s): Central Campus

Program Description: The Bachelor of Science (BS) in environmental science is designed for students that wish to pursue a career as a laboratory/field technician and/or progress to a graduate degree program (MS or PhD). The curriculum will provide the students with a foundational understanding of science, critical thinking skills, experiential learning, ethics and specific technical knowledge and skills required to work in the laboratory or the field. The Biosecurity track focuses on ecology, entomology, plant science, genetics and other aspects of environmental science. An optional Advanced Technical Certificate in Geographic Information Systems (GIS) provides additional discipline skills and knowledge that will make them competitive for employment within the environmental and biological science workforce.

Program Entrance Requirements: Entry requires completion of an AA/AS degree or transfer of 60+ credits (including general education) from another accredited institution. Applicants must have:
• a cumulative grade point average of 2.5 on a 4.0 scale
• submit a letter of recommendation
• submit all transcripts from previous institutions
• be approved by the Environmental Science department
• Completed the following courses with a C or higher:
  • Introduction to Biology I BSC2010
  • Introduction to Biology I Lab BSC2010L
  • General Chemistry I CHM1045
  • General Chemistry I Lab CHM1045L
  • One of the following: BSC2011/L Introduction to Biology II with lab or ZOO2010/L Zoology with Lab or BOT2010/L Botany with Lab or MCB2010/L Microbiology with Lab or ORH2527 Florida Flora Ecosystems Landscaping (lecture only, no lab)
  • Statistics (STA2023) must be completed prior to entry or during the first year of baccalaureate study

Graduation Requirements: The Bachelor of Science degree will be awarded to students who meet the following requirements:
• A minimum of 120 semester credit hours in the prescribed coursework is required for the Bachelor of Science degree. Coursework is comprised of both lower division (AA or AS) and upper division (BS) as specified by the program sheet.
• Successful completion of the Senior Internship or Senior Research.
• Students must maintain an overall GPA of 2.5 to meet their graduation requirements.

Additional Program Information: This program collaborates with the University of Florida Ft. Lauderdale REC. Electives and certain required courses will be taken as a transient student through UF. Completion of the degree requires BSC4911 (Senior Research) or BSC4948 (Senior Internship) for the Biosecurity concentration.

Related Industry Certifications: N/A

Foreign Language Requirement: Students must successfully complete the foreign language requirement as prescribed in college policy and the college catalog.
**Location(s):** General Education courses can be taken at any college location. Some program specific courses may only be available at the Hugh Adams Central Campus. Please consult the course schedule for specific semester locations.

**CHOOSE ELECTIVES:**

Notes: Many courses have pre-requisite and co-requisite requirements that must be followed. Students are encouraged to consult the Course Information Table for a detailed list of all requisite requirements.

This is only a recommended course sequence. Students are strongly encouraged to meet with an advisor to create a personalized educational plan.
Program Highlights

**Credit for Prior Learning:** Accelerate your path to completion with these options:
- Credit by exam
- Industry Certifications
- Prior Learning Assessment
- And much more...

**Related Industry Certifications:**
NA

**Get an Internship:** Completion of the degree requires BSC4911 (Senior Research) or BSC4948 (Senior Internship) for Biosecurity concentration.

**Median Wage and Job Growth Outlook:** Broward College has Career Coach & the Career Ladders. These tools are designed to help you find a good career by providing the most current local data on wages, employment, job postings, and associated education and training. Learn how to climb your career ladder.

**Fund Your Education:**
This Program is Title IV eligible. Scholarships may be available.
