Bachelor of Science in Environmental Science  
Physical Science  Program Code S600B

Career Pathway:  Science, Technology, Engineering, and Math (STEM)  
Location(s):  Central Campus

Program Description:  The Bachelor of Science (BS) in environmental science is designed for students that wish to pursue a career as a laboratory/field technician and/or progress to a graduate degree program (MS or PhD). The curriculum will provide the students with a foundational understanding of science, critical thinking skills, experiential learning, ethics and specific technical knowledge and skills required to work in the laboratory or the field. The Biosecurity track focuses on ecology, entomology, plant science, genetics and other aspects of environmental science. An optional Advanced Technical Certificate in Geographic Information Systems (GIS) provides additional discipline skills and knowledge that will make them competitive for employment within the environmental and biological science workforce.

Program Entrance Requirements:  Entry requires completion of an AA/AS degree or transfer of 60+ credits (including general education) from another accredited institution. Applicants must have:
- a cumulative grade point average of 2.5 on a 4.0 scale
- submit a letter of recommendation
- submit all transcripts from previous institutions
- be approved by the Environmental Science department
- Completed the following courses with a C or higher:
  - Introduction to Biology I BSC2010
  - Introduction to Biology I Lab BSC2010L
  - General Chemistry I CHM1045
  - General Chemistry I Lab CHM1045L
  - One of the following: GLY1010/L Physical Geology with Lab or ESC1000/L Earth Science with Lab or PSC1121/L Physical Science Survey with Lab
  - Statistics (STA2023) must be completed prior to entry or during the first year of baccalaureate study

Graduation Requirements:  The Bachelor of Science degree will be awarded to students who meet the following requirements:
- A minimum of 120 semester credit hours in the prescribed coursework is required for the Bachelor of Science degree. Coursework is comprised of both lower division (AA or AS) and upper division (BS) as specified by the program sheet.
- Successful completion of the Senior Internship or Senior Research
- Students must maintain an overall GPA of 2.5 to meet their graduation requirements.

Additional Program Information:  This program collaborates with the University of Florida Ft. Lauderdale REC. Electives and certain required courses will be taken as a transient student through UF. Completion of the degree requires PSC4912 (Senior Research) or PSC4948 (Senior Internship) for the Physical Science concentration.

Related Industry Certifications:  N/A
**Foreign Language Requirement:** Students must successfully complete the foreign language requirement as prescribed in college policy and the college catalog.

**Location(s):** General Education courses can be taken at any college location. Some program specific courses may only be available at the a. Hugh Adams Central Campus. Please consult the course schedule for specific semester locations.

**Contact information:** Program contact information can be found at www.broward.edu/environmentalscience
