Total Program Credits Hours				60	15	24	30	30

The recommended Gen. Ed. Math is MGF1107. However, any other approved General Education Math course may also be used to satisfy this program's Gen. Ed. Math requirement. Students who plan to take STA2023 must take the prerequisite MGF 1106 as a "Business Elective" prior to taking STA2023. Students who plan to take MAC1105 may instead be advised to take MAC1105C, which is a 5-credit course. Students who take MAC1105C must take an approved Business Elective course to satisfy the 1-credit remaining to be taken to earn the 60 required program credits. **It is recommended that you see an advisor to confirm your Math choice.**

Notes: Students who pass the Computer Competency Test and therefore do not need to take CGS1060C* are required to take an approved elective to earn the required 3 credits required for the program.

***** Program Electives** – It is recommended that students take FSS2500. Students may also select from the following approved courses: HFT*, FSS*, ECO2023, ENC1102, GEB2112, GEB2430, MAN2021, MAN2604, MAR1011, MAR2141, MKA1021, MNA2403, MGF1106, OST2335, OST1330, OST2053, and RMI2662.

This is only a recommended course sequence. Students are strongly encouraged to meet with an advisor to create a personalized educational plan.

Program Highlights

Credit for Prior Learning: Accelerate your path to completion with these options:

- Credit by exam
- Earned Industry certifications
- Prior Learning Assessment
- And much more...

Related Industry Certifications: Upon completing this program, graduates will be eligible to sit for the following industry certifications/licenses: N/A

Get Career Ready: After completing your first year of coursework make sure to visit the **Career Center** for internship opportunities that help you take your career to the next level! Also, explore hundreds of career videos and career profiles through Virtual Job Shadow.
