Micro Credentials/Digital Badges:
Strengthen your credibility with digital badges, through rapid career training programs in this brochure. Encoded within the badge image, is meta-data, relevant skill completion information. When displayed on resumes, the secured data verifies details of your micro-credential to potential employers. Also proudly display your achievement on your resume, communications to potential employer, or LinkedIn.

Many of the CE programs included in this publication are also approved as transferable college credit. Look for the "Find out more about digital badges at Broward College.

30 skills employers are seeking:
Flexibility, Negotiation, Decision-making, Service orientation, Emotional Intelligence, Coordinating, People management, Creativity, Critical thinking, Complex problem-solving – Business Insider

5 soft skills to get you hired:
Creativity, Persuasion, Collaboration, Adaptability, Emotional Intelligence. – Business Insider

**EFFECTIVE PUBLIC SPEAKING**
Be an effective public speaker by discovering how to talk confidently and persuasively to both large and small groups. Equip yourself with the skills you need to communicate with ease and authority.

**SUPERVISION AND MANAGEMENT**
Become an effective manager by learning the language of business management. Upskill in managing time, delegating, motivating employees, solving problems and resolving conflicts.

**COMMUNICATING COLLABORATIVELY**
In most organizational settings, you’ll be expected to work in teams. At times, your team members may not be physically in the same office with you. Improve your collaborative communication by providing best practices and effective tips and techniques.

**DIGITAL MARKETING CERTIFICATE**
Digital marketing helps organizations promote and sell products and services through online marketing methods such as social media marketing, website ads, Facebook marketing campaigns, and more. Certificate in Digital Marketing covers the strategic issues, marketing methods, and best practices. The content in this certificate aligns with the Online Marketing Certified Associate (OMCA) credential, which is offered by OMCP.

**BUSINESS COMMUNICATION CERTIFICATE**
Communicating clearly and concisely in written and oral formats is critical to your professional success. From clarifying and structuring your ideas to designing the PowerPoint slides that will best complement them, the techniques, interactive exercises, and checklists.

**INDIVIDUAL SOFT SKILLS / POWER SKILLS**
Master 12 career enhancing skills including goal setting, time management, personal organization, creativity, financial matters, and conflict resolution. This course will help you achieve individual excellence by developing a fulfilling career plan and gaining the skills to improve all your interpersonal relationships.

PREAPPRENTICESHIP/APPRENTICESHIP

IT AND TELECOMMUNICATION PROGRAMS

Pre-apprenticeship - Pathway to Career Opportunity Grant

Pre-apprenticeships are training avenues to become qualified for entry in the apprenticeship programs; gain credits and shorten apprenticeship completion time; and develop entry level skills in the industry.

Apprenticeship - Earn while you Learn

Apprenticeships are employer driven models of paid worker learning that combine on-the-job learning and classroom instruction, and follow an earn-while-you-learn model that leads to a national credential.

SUSTITUTE TEACHER TRAINING

SUSTITUTE TEACHER TRAINING WITH CLASSROOM MANAGEMENT

Take this recommended course and receive your micro credential (digital badge) to prepare for a substitute teacher position in Broward County.

Learn new classroom management techniques using our virtual reality environment where professionals practice and master multiple interpersonal skills. This unique blend of virtual reality technology and live human performance, creates powerful and immersive learning simulations that recreate the most demanding interpersonal challenges professionals confront on the job every day. This program prepares pre-service K-12 teachers for the challenges of teaching in today’s classroom.

Program exposes learners to manage classrooms, working with children with special needs, practicing specific instructional routines relevant to a particular subject area, and leading difficult conversations. Simulations offer an engaging, efficient, and safe way to learn by doing.
