### Section C: Acknowledgements

A learning community (LC) weaves together the learning, skills, and assignments for a shared cohort of students of two or more classes into a unified mosaic of educational objectives by blending the instruction of two or more disciplines. The same cohort of students enrolls in all classes within the LC while the Faculty of the paired courses work together, communicating a unified mission or theme of the LC.

At BC, LCs are paired courses. Paired courses are courses in which students must register for all courses of the LC cohort. They are individually scheduled.

#### Compensation

Payment will be processed at the end of the semester upon completion of the Learning Community and exit survey.
