Learn your way

B Blended Classroom **S** Self-guided with Instructor **O** Online Self-paced **C** On-campus Classroom

Behavior Technician 16 weeks - \$2,500 **O**

Begin your career with the skills to thrive and earn your credentials as a Registered Behavior Technician (RBT). Learn a series of documentation and protocol rules and regulations by the Behavior Analyst Certification Board (BACB) guidelines and HIPAA regulations. Learn BCBA material needed for the BACB RBT Certification exam. Both of these are extremely important – this course is offered as part of the RBT training and should be understood prior to taking the BACB examination for the RBT certificate.

Requirement to become a fully certified Registered Behavior Technician include completion of 40-hour training before being eligible to take the RBT exam. Earning the RBT certification demonstrates your expertise in ensuring the proper treatment of your patients and providing excellent customer service.

PLEASE NOTE: This training program is based on the Registered Behavior Technician Task List (2nd ed.) and is designed to meet the 40-hour training requirement for RBT credential. The program is offered independent of BACB. There are additional requirements (outside of training and examination) mandated by the BACB for those on the path to earning the RBT designation. Visit www.bacb.com/rbt for more information"

9%

Employment of Behavior Technician is expected to grow 9% through 2032 (Bureau of Labor Statistics)

Surgical Technician 16 weeks - \$4,000 **O**

Gain skills to become a Surgical Technologists, also called Operating Room Technicians. Work alongside, and assist surgeons, nurses, and other members of the health care team throughout a surgical operation. This high-earning job is a great opportunity to enter the healthcare industry and work in a fast-paced, stimulating environment.

This program provides students with immersive and virtual hands-on learning experiences. Surgical procedures are demonstrated using virtual tools or live-recorded video and are simulated – allowing the student to immerse him/herself into a virtual experience that is engaging, safe, and repeatable.

This program prepares students to become Tech in Surgery – Certified (TS-C) by the National Center for Competency Testing (NCCT).

Professionals who earn the NCCT designation have the clinical skills and knowledge for maintaining asepsis during surgery, anticipating the surgeon's needs, and remaining attentive to all aspects of the surgical procedure to ensure a safe environment for the patient.

5%

Employment of Surg Technician is expected to grow 5% through 2032 (Bureau of Labor Statistics)

Sterile Processing 14 weeks - \$4,000 **O**

This three course program includes: Intro to Human Anatomy & Medical Terminology, Professionalism in Allied Health, and Sterile Processing. This program prepares students to become well-rounded Sterile Processing Technicians.

Because graduates will be working in a healthcare facility, it is imperative that they be able to speak and understand the language of medicine and have a fundamental understanding of basic human anatomy and physiology. Sterile processing tasks, by nature, typically involve hands-on interaction, an increased focus is placed on immersion and a high level of interactivity.

Upon completion of this program, the student will be eligible to sit for the provisional certification exam for Certified Registered Central Service Technician (CRCST) sponsored by the Healthcare Sterile Processing Association (HSPA, formerly IAHCSSM).

Note: Full certification is obtained after acquiring 400 hours of hands-on sterile processing experience within six months of provisional certification.

5%

Employment of Sterile Processing Technician is expected to grow X% through 2020 (Bureau of Labor Statistics)

Medical Lab Assistant 16 weeks - \$4,000 **O**

A Medical Laboratory Assistant (also known as Lab Aid/Assistant, Specimen Processor/collector), is an important member of the laboratory healthcare team. Learn to collect, prepare, and transport patient specimens, and may perform various testing on blood, urine, and other bodily fluids. Lab Assistants perform the tests and procedures that physicians and other healthcare providers order, which are often used for the diagnosis of disease.

Gain skill to test and examine specimens, then analyze and relay results to the physicians.

Learn accurate documentation, records management, and communication with other ordering physicians. Discover use of microscopes, cell counters, and other sophisticated laboratory equipment.

This program provides students with immersive and virtual hands-on learning experiences. Procedures are demonstrated using virtual tools or live-recorded video and are simulated – allowing the students to immerse themselves into a virtual experience that is engaging, safe, and repeatable.

IMMERSIVE EXPERIENCE

Learn in demand healthcare skills in our powerful teaching environment with hands-free (no headsets or a screen) AR system. Discover sensor-based Smart Peripherals that mimics clinical instruments and advance learning across multiple healthcare Continuing Education courses.

C SKILLS

SMART PERIPHERALS™

sensor-based Smart Peripherals mimics clinical instruments to measure user actions and provide real-time feedback during simulations.

- Smart IV Sleeve™ –administration of simulated drugs
- Smart Stethoscope™ – patient assessment
- Smart Scalpel™ - virtual dissection and anatomy exploration
- Smart Ultrasound™ - simulated advanced ultrasound imaging
- Smart Airway™ - tracks intubation and airway management
- Smart CPR™ - correctly administer CPR
- Smart Needle™ - develop skills involving needle insertion

16%
Employment of Healthcare IT Technician is expected to grow 16% through 2032 (Bureau of Labor Statistics)

Healthcare IT (HIT)

The Healthcare IT field is booming with development in technology and migration from paper files to electronic records. In our Healthcare IT Certification Training, you'll get to choose your path for certification through either a Healthcare or a Technical focus. Both paths cover medical office procedures & administration and Healthcare IT certification basics. The healthcare-focused path concentrates on Electronic Health Records and CompTIA A+ certification and prepares you for the CEHRS and A+ exams. Whereas the more technical path is focused on CompTIA A+ and Network+ certifications.

After completing our program and passing the Healthcare IT certification exams, you'll be qualified for opportunities like Practice Workflow and Information Specialist, Management Redesign Specialist, Clinician/Practitioner Consultant, Implementation Support Specialist/Manager, PC Technician, Technical/Software Support Specialist, Technology Specialist and more!

RN Specialized Skills Post Licensure Programs:

RN Refresher- Self-paced S

The Nurse Refresher Course is designed for nurses returning to the clinical setting. Students will explore current nursing practices and issues and learn about the most up to date standards of practice. A review of body systems, intravenous therapy, fluids and electrolytes, and management of common disorders will provide a level of comfort when returning to patient care.

CAE 0623 **85HRS.** **\$1,499**
 MTWRF 03/19-05/07 Online Central 735605

This interactive course focuses on nurses who have not practiced nursing for an extended period of time, and need to update their "clinical skills" with a strong emphasis on clinical nursing procedures. Nurses will learn current practices, engage with virtual patients, review body systems, intravenous therapy, and management of common disorders, while providing a level of comfort when returning to patient care.

Nurse Refresher components include:

- Infection Control
- Pharmacology Today
- Cardiac System
- Pulmonary System
- Neurological System
- Gastrointestinal System
- Renal System
- Endocrine System
- Musculoskeletal System and Pain Management
- Multisystem Failures
- Emergency Care

Upon completion of the course, students will be prepared to return to work as a Registered Nurse in a clinical setting.

Monday and Wednesday, 6pm - 9pm 3/19 - 5/7/2024

Prerequisites: Must have a RN License
 Contact us for registration cewfd@broward.edu or 954-201-7801.

Possible Employers: Hospitals, Physicians' Offices, Public Health Clinics, Home Healthcare Organizations, Telehealth Organizations, Emergency Rooms, etc.

6%
 Employment of Nurses are expected to grow 6% through 2032 (Bureau of Labor Statistics)

Create/Access Account

You must have a Broward College CE account to register for all course sections, make payments and access account information. Please follow directions below to access and/or create an account.

- Navigate to your web browser address bar and enter the following:
www.broward.edu/ce
- Click Login
- Existing Users: Sign-in with the credentials associated with your account
 - Use [Find My Username](#) to verify username by providing the student ID associated with your account (contact ce@broward.edu for assistance).
- Use [Forgot Password](#) to reset your account password.
You must have access to this email account to reset your password. Use the link provided to reset your password.
- New User:
[Create New Account](#) and submit an application if you are a new student.

Online Registration

- Select a category or review full course listing.
- When selecting a category, a list of courses will be displayed.
- Select a course to view.
- Select your desired course section and add to cart.
- Once item is added, you will be directed to your shopping cart.
- Review all The Continuing Education Program's Policies and Procedures.
- Click Check Out.
- Sign-in or create a new account through the "apply" option
- Confirm payment method and enter Billing Information.

REGISTRATION | Students must register and pay for each course before they attend the first class meeting. There is no application fee for Continuing Education students and tuition is the same for Florida residents and non-Florida residents. All classes listed in this brochure are non-credit and are not applied toward a degree at Broward College (unless otherwise stated).

CAMPUS - IN PERSON | Go to the Registration office on A. Hugh Adams Central Campus, North Campus or Judson A. Samuels South Campus.

ONLINE | Follow the directions for application, registration and payment.

Go to www.broward.edu/ce

Click the "Register for Courses"

1. Select "Continuing Education" Division and choose a subject under Advanced Search
2. Click "Search"
3. Identify your course then add to cart
4. Click "Proceed to checkout"

REGISTRATION ASSISTANCE | Email ce@broward.edu or call 954-201-7800

LEARNING OPTIONS | Online Live, Classroom, Online Courses, Customized Training, On-demand Learning, Self Paced

COURSE CANCELLATION | Broward College reserves the right to cancel any course that does not meet student enrollment requirements. If insufficient enrollment requires cancelling of a course, tuition fees will be fully refunded. Continuing Education reserves the right to cancel or reschedule courses in the event of inclement weather, college emergencies, extenuating circumstances beyond the college's control. Course schedule may transition to online learning or rescheduled to ensure successful course completion. Students will be contacted if cancellation impacts their schedule.

WITHDRAWALS AND TRANSFERS | **Withdrawals:** A student may withdraw from a course or educational activity that has not started, by logging onto their Broward College account. The student will receive a 100 % refund between 10-15 business days back to the original method of payment used.

Refunds: Students who register and pay for an educational activity, but do not attend, forfeit the entire registration fee. Online, Remote Learning, and Online-Live classes are not refundable once the class has begun. Email ce@broward.edu
